**Claudia Franziska Bruhwiler**

## **Political Identity:**

Political Identity and Democratic Citizenship in Turbulent Times Kristensen, Niels Noergaard, 2020-06-19 Turbulent times challenge democratic politics and governance in Western countries Party systems in many instances have failed to produce solutions to vital policy problems like immigration state borders welfare or environmental issues While subjective perceptions of macroeconomic outcomes are consistently related to political trust at the micro level few studies have explored how individuals develop political engagement and identity New insights are needed from studies focusing on how people become politically active and how political identities develop Political Identity and Democratic Citizenship in Turbulent Times is a critical scholarly research publication that investigates discusses deconstructs analyzes and tests the concept of political identity and its evolving role in modern democracy Moreover it explores the contours of politics and brings together studies that examine the democratic potential of a diversity of participatory spheres institutions and arenas Highlighting topics such as political culture consumerism and welfare states this book is ideal for politicians policymakers government officials sociologists historians academicians professionals researchers and students **Rethinking Political Identity** Colin Crouch, 2025-03-12 In this precisely argued book Colin Crouch questions the current meaning of political parties for citizens in Western Europe given that the identities on which they are based were the product of past conflicts over industrialization and religion Crouch asks whether the issues confronting post and ex industrial societies can develop their own political identities among citizens And if so how far do these identities relate to the inheritance of the past *Debating Political Identity and Legitimacy in the European Union* Sonia Lucarelli, Furio Cerutti, Vivien Ann Schmidt, 2011 **Narrating Stance, Morality, and Political Identity** Lauren Zentz, 2021-05-23 This book offers unique insights into the use of Facebook after the 2016 US presidential election interrogating how users in private groups draw on individual experiences in movement building and identity construction while also critically reflecting on ethnographic practices around social media The volume draws on the author's own involvement in a specific Facebook group focused around activism and community organizing in Texas following the 2016 US presidential election Chapters draw on the frameworks of small stories and stance to unpack the ways in which group members use parts of their individual stories to signal beliefs to others present themselves in relation to the group and signal virtues of moral authority on various pressing political issues Building on these analyses Zentz goes on to address ways in which the scales of politics are being navigated and modified at the grassroots level in our highly networked world This book contributes to ongoing conversations about the realities of internet use within linguistic anthropology and new media studies and how researchers might seek to account for social media use and access to this data as these technologies develop further This book is key reading for students and scholars in linguistic anthropology media studies and activism and social movement studies The Politics of Identity in Australia Geoff Stokes, 1997-06-30 Issues of identity are central to many historical and current debates in Australia This superb collection of essays represents a

significant rethinking of received ideas on identity and reveals how issues of identity lie at the heart of Australian political thought and form the foundation of Australian society and culture It provides a comprehensive introduction to the political discourse surrounding Australian identity through key themes including identity theory the manipulation of identity for political ends gender and sexuality immigration and national identity citizenship and Aboriginality and literature and film The book rejects many of the assumptions underlying contemporary political debates including the promulgation of a singular national identity in historical fact or as a political goal This is a thought provoking study of identity its links with nationalism and its potentially divisive effects

**The Oxford Handbook of Political Psychology**, 2023-09-08 Political psychology applies what is known about human psychology to the study of politics It examines how people reach political decisions on topics such as voting party identification and political attitudes as well as how leaders mediate political conflicts and make foreign policy decisions In this updated third edition of The Oxford Handbook of Political Psychology Leonie Huddy David O Sears Jack S Levy and Jennifer Jerit have gathered together an international group of distinguished scholars to provide an up to date account of key topics and areas of research in the field Chapter authors draw on theory and research on biopsychology neuroscience personality psychopathology evolutionary psychology social psychology developmental psychology cognitive psychology and intergroup relations Some chapters address the political psychology of political elites while other chapters deal with the dynamics of mass political behavior Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new chapters on authoritarianism nationalism status hierarchies minority political identities and several other topics along with substantially updated material to account for the recent cutting edge research within both psychology and political science this is an essential reference for scholars and students interested in the intersection of the two fields

*Research Handbook on Political Partisanship* Henrik Oscarsson, Sören Holmberg, 2020-05-29 Based on cutting edge global data the Research Handbook of Political Partisanship argues that partisanship is down but not out in contemporary democracies Engaging with key scholarly debates from the rise of right wing partisanship to the effects of digitalization on partisanship contributions highlight the significance of political partisanship not only in the present but in the future of democracies internationally

*Political Psychology* Prof. Dr. Bilal Semih Bozdemir, While fear motivates immediate action in response to specific threats anxiety often manifests as a chronic concern that drives individuals to seek answers and stability through political engagement High levels of anxiety can lead to increased information seeking behavior prompting individuals to research candidates and policies in search of assurance Anxious individuals may gravitate towards political figures who embody calmness or assertiveness interpreting such traits as signals of competence and reliability As a result during election cycles characterized by economic instability or social

upheaval people may prioritize candidates who convey certainty and effective management capabilities over those who communicate ambitious but unrealistic promises Intriguingly anxiety can produce conflicting effects on political decision making While it compels individuals to become more informed it can also lead to avoidance behavior when faced with overwhelming information Voters may disengage from the political process or gravitate towards simplistic narratives or authoritarian candidates who promise to alleviate their anxiety Hence understanding the paradoxical nature of anxiety is critical for dissecting its influence on political behavior

*Political Change across Britain and Ireland* Paul Gillespie, Michael Keating and Nicola McEwen, Political Initiation in the Novels of Philip Roth Claudia Franziska

Bruhwieler,2013-04-25 Political Initiation in the Novels of Philip Roth exemplifies how literature and specifically the work of Philip Roth can help readers understand the ways in which individuals develop their political identity learn to comprehend political ideas and define their role in society Combining political science literary theory and anthropology the book describes an individual s political coming of age as a political initiation story which is crafted as much by the individual himself as by the circumstances influencing him such as political events or the political attitude of the parents Philip Roth s characters constantly re write their own stories and experiment with their identities Accordingly Philip Roth s works enable the reader to explore for instance how individuals construct their identity against the backdrop of political transformations or contested territories and thereby become initiands or fail to do so Contrary to what one might expect initiations are not only defining moments in childhood and early adulthood instead Roth shows how initiation processes recur throughout an individual s life

Political Theology in Chinese Society Joshua Mauldin,2024-06-03 This book provides an itinerary for studying political theology in Chinese society including mainland China Hong Kong and Taiwan It explores the changing role of religion in Chinese history from the rise of Buddhism alongside Confucianism and Daoism through the arrival of Christianity and Islam to the suppression of religion under communism Since the reform and opening period beginning in 1978 China has experienced a resurgence of religiosity with powerful societal implications Governing authorities have sought to regulate religious practice in line with their governing system Political theology in Chinese society is very much in flux and the chapters in this volume provide an array of windows through which to view the evolving reality They include historical approaches and descriptive analyses with an interdisciplinary and international range of perspectives by contributors based in and outside China The book will be of particular interest to scholars of theology religious studies and contemporary China studies

*Why Youth Vote* Bobbi Gentry,2017-12-01 This book examines the reasons why young people vote Viewing political behavior through a psychological lens this book uses psychological developmental models to test the theory of political identity development and explain how and why young people vote Rather than studying why young people do not vote as the majority of the literature does the book discusses the mechanisms and purpose behind youth voting Themes of the text include identifying how political identities develop in young people how leaders can contribute to identity development

and how we can explain differences between young Independents who will vote and those who will not The first chapter engages the reader with the background for each theoretical element of the book and develops the argument for the book as a whole Three major substantive chapters discuss and test the theories of political identity development political leadership as identity role models and how we misunderstand political independence by not taking into account why young people might choose to identify as an Independent The final chapter discusses implications for upcoming elections and how this research might better inform people and institutions interested in increasing youth turnout to reformulate their approach An overarching discussion of identity and the political components of identity development this book will be of interest to political scientists studying public opinion and voting behavior campaigns and elections and political psychology as well as practitioners such as civic engagement and youth voting groups who wish to engage young people in the political process

**Political Liberalism and Plurinational Democracies** Ferran Requejo Coll, Miquel Caminal i Badia, 2011 The book examines the current state of affairs concerning the political recognition and constitutional accommodation of national plurality in liberal democracies in the global era of the 21st century It features case studies on Belgium Canada Spain UK and the European Union The Media and Political Process P. Eric Louw, 2005-05-20 The Media and Political Process examines

the increasingly topical subject of the political process and assesses The nature of the relationship between mass media and the political process The impact of media ization on existing political frameworks The implications of media ized politics Eric Louw uses a number of case studies including political celebrity war and terrorism to provide a media studies perspective on how media workers journalists public affairs officers spin doctors impact upon the political process The book also considers the media s role in promoting a range of twentieth century ideologies and emerging dominant discourses **Political**

**Sentiments and Social Movements** Claudia Strauss, Jack R. Friedman, 2018-03-22 This unique volume is about how ordinary people construct political meanings form political emotions and identities and become involved in or disengaged from political contests Drawing on psychological anthropology it illustrates the complexities of political subjectivities through engaging personal stories that complicate our understanding of the relationship between culture and politics Chapters examine the Tea Party and Occupy Wall Street in the United States third gender activism in India Rastafari in Jamaica Courage to Refuse in Israel the environmental movement in the U S Salafi movements in northern Nigeria post socialist labor politics in Romania and anti immigrant activism in Denmark **A Political Theory of Territory** Margaret Moore, 2017-08

Margaret Moore offers a comprehensive normative theory of territory She provides an account both of the nature of rights to territory and of the nature of the right holder considering the arguments that might justify state territory as well as the appropriate relationship between the state the people and the land implied by that justificatory argument *The Handbook of Social and Political Conflict* Sergei A. Samoilenko, Solon Simmons, 2025-02-13 Provides real world insights into social and political conflict across disciplines The Handbook of Social and Political Conflict offers a comprehensive exploration of

conflict from a variety of disciplinary perspectives merging insights from fields including sociology political science psychology communication and conflict resolution Bringing together original work by experts from around the world this authoritative volume provides readers with a deep understanding of the mechanisms causes and consequences of conflict Designed for those who wish to bridge academic disciplines the Handbook both advances theoretical understanding and offers practical conflict resolution strategies that can be applied in a broad range of contexts from interpersonal disputes to international tensions Each in depth chapter tackles a unique concept while maintaining a coherent narrative that spans topics such as political polarization the rhetoric of social control the role of technology in shaping conflict behaviors and much more Presenting new theoretical perspectives and tools to address today s most pressing issues the Handbook of Social and Political Conflict Examines contemporary issues such as political polarization social ostracism cancel culture and information warfare Contains in depth analysis of critical contemporary issues such as the role of technology artificial intelligence and media in modern conflict Addresses both adversarial and cooperative approaches to conflict resolution Incorporates cutting edge research and theoretical frameworks on contemporary social and political conflicts Offers practical approaches to fostering resilience peacebuilding and critical media literacy Whether examining the escalation of political tensions or exploring the potential for peacebuilding the Handbook of Social and Political Conflict is ideal for graduate and advanced undergraduate students in conflict resolution political science sociology and communication studies It is also an invaluable reference for professionals working in conflict management diplomacy international relations and social advocacy

**Hong Kong 20 Years after the Handover** Brian C.H. Fong,Tai-Lok Lui,2017-10-10 This book examines the socio political conflicts which have arisen since Hong Kong s return to China and confronts the fundamental problems in the design of the One Country Two Systems OCTS Model It considers not only the issue of democratization but also the institutional fractures in the executive dominant political system and the disconnection between the executive and the legislature It describes the drastic changes which have affected social mobilization and political activism in Hong Kong as well as the pattern of interaction between the government and civil society This edited volume brings together a team of cutting edge researchers to examine the operation of the One Country Two Systems OCTS Model in Hong Kong over the past 20 years The discussion and analysis offered by the contributors will cast light on social and political tensions and conflicts that will continue to unfold in the coming years This timely account published on the 20th anniversary of the handover will be a valuable read for students and scholars of Chinese and East Asian studies      *Local Theories of Argument* Dale

Hample,2021-03-25 Argumentation is often understood as a coherent set of Western theories birthed in Athens and developing throughout the Roman period the Middle Ages the Enlightenment and Renaissance and into the present century Ideas have been nuanced developed and revised but still the outline of argumentation theory has been recognizable for centuries or so it has seemed to Western scholars The 2019 Alta Conference on Argumentation co sponsored by the National

Communication Association and the American Forensic Association aimed to question the generality of these intellectual traditions This resulting collection of essays deals with the possibility of having local theories of argument local to a particular time a particular kind of issue a particular place or a particular culture Many of the papers argue for reconsidering basic ideas about arguing to represent the uniqueness of some moment or location of discourse Other scholars are more comfortable with the Western traditions and find them congenial to the analysis of arguments that originate in discernibly distinct circumstances The papers represent different methodologies cover the experiences of different nations at different times examine varying sorts of argumentative events speeches court decisions food choices and sound explore particular personal identities and the issues highlighted by them and have different overall orientations to doing argumentation scholarship Considered together the essays do not generate one simple conclusion but they stimulate reflection about the particularity or generality of the experience of arguing and therefore the scope of our theories

*Modern Political Culture in the Caribbean* Holger Henke, Fred Réno, 2003 This contribution to the study and analysis of Caribbean politics explores the political culture of the Caribbean in order to understand the regional differences The contributors renowned internationally for their expertise in Caribbean studies explore the topic from their varied cultural experiences and offer a new dimension to the study of political culture

## Unveiling the Power of Verbal Art: An Psychological Sojourn through **Political Identity**

In a global inundated with displays and the cacophony of fast transmission, the profound energy and mental resonance of verbal artistry often fade in to obscurity, eclipsed by the regular barrage of sound and distractions.
