## **Political Philosophy Of Jawaharlal Nehru:**

**The Political Philosophy of Jawaharlal Nehru** M.N. Das, 2022-06-01 First published in 1961 The Political Philosophy of Jawaharlal Nehru is an attempt to coordinate Jawaharlal Nehru's ideas which in essence reflect his political philosophy. Nehru distinguished himself as a philosopher-politician, thinking somewhat as a philosopher while working as a politician, steering his political ideas between idealism and realism. In an eventful life, he had been the many-sided role of a revolutionary and a nationalist, a democrat and a socialist, an internationalist and a pacifist, a head of the government and above all a lone individual and thinker. Nehru preserved his individuality through all external influences, including those of Gandhi and Marx, and it is this which remains the keynote of his thought. It has been the aim of the author to present in an objective way the ideas of the man in the light of his own words as available from a wide range of material. This book will be of interest to students of history, political science and philosophy.

Manmath Nath Das (historien.), 1961 The Political Philosophy of Jawaharlal Nehru, 1961

**The Social And Political Philosophy Of Jawaharlal Nehru** Bose Babu Tigiripalli, 2013 The book deals with The Social and Political Philosophy of Pandit Jawaharlal Nehru. 14 November 1889–27 May 1964, who happened to be one of the great freedom fighters and made rare sacrifices for the cause of independence to India. Later as the leader of the Congress party and the first Prime Minister of free India, he served the nation well and admirably developed India in a way that she occupies a distinguished place among the nations of the world. Today he is no more with us, but India is still following the path he had shown and the foundation he laid for her future progress. Whether the policies he followed in the areas of economic prosperity or industrial and technological progress of the nation or for non-alignment and non-dependence on superpowers, India is still continuing to pursue the Nehru line.

*Indian Political Thinkers* N. Jayapalan, 2000 For a proper understanding of the Indian political scene as we find it today, a thorough study of the prominent political thinkers is very essential. The book depicts a beautiful picture of the Indian political thinkers, their career, political life and political thoughts. It studies many great leaders from Raja Ram Mohan Roy to Sarvapalli Radhakrishnan. The introduction provides the readers a peep into the manner in which the Indian political ideas were adopted from time to time by the political leaders. Impact of these ideas on the political action of the people, particularly during the Ram Mohan Roy, Gandhi and Nehru era, has been specially emphasised. Chapter 12 lays overwhelming stress on the political thought of Mahatma Gandhi. His ideas are always the guiding principles of the people of the world in general and the people of India in particular for all ages, i.e. past, present and future. Chapters 17 to 20 deal with the political, social and economic ideas of the socialist and the communist leaders of India in an excellent manner. The book would be of great value for the students as well as the teachers. Even laymen would enjoy reading the book because of its simple style.
