Political Thought In Seventeenth Century Ireland

Ted McCormick

Political Thought In Seventeenth Century Ireland:

Political Thought in Seventeenth-Century Ireland Jane H. Ohlmeyer, 2000-06-29 This book provides an in depth analysis of seventeenth century Irish political thought and culture

Political Thought in Ireland Since the Seventeenth Century D. George Boyce, Dr Robert Eccleshall, Robert Eccleshall, Vincent Geoghegan, 2008-03-07 These pioneering essays provide a unique study of the development of political ideas in Ireland from the seventeenth to the twentieth century The book breaks away from the traditional emphasis in Irish historiography on the nationalism unionism debate to focus instead on previously neglected areas such as the role of the Scottish Enlightenment and early Irish socialism and conservatism A wide range of original primary sources are used from pamphlets to journalism devotional tracts to poetry

Thomas Hobbes and Political Thought in Ireland, C.1660-c.1730 Matthew Ward, 2024 Thomas Hobbes is now regarded as one of England's greatest political philosophers This book considers his reception in Ireland where it is suggested the Leviathan was released In doing so the book demonstrates the variety and sophistication of political thought in Ireland

William Petty Ted McCormick, 2009-09-17 William Petty 1623 1687 was a key figure in the English colonization of Ireland the institutionalization of experimental natural philosophy and the creation of social science Examining Petty's intellectual development and his invention of political arithmetic against the backdrop of the European scientific revolution and the political upheavals of Interregnum and Restoration England and Ireland this book provides the first comprehensive intellectual biography of Petty based on a thorough examination not only of printed sources but also of Petty's extensive archive and pattern of manuscript circulation It is also the first fully contextualized study of what political arithmetic widely seen as an ancestor of modern social and economic analysis was originally intended to do Ted McCormick traces Petty's education among French Jesuits and Dutch Cartesians his early work with the Hartlib Circle of Baconian natural philosophers inventors and reformers in England his involvement in the Cromwellian conquest and settlement of Ireland and his engagement with both science and the politics of religion in the Restoration He argues that Petty's crowning achievement political arithmetic was less a new way of analysing economy or society than a new instrument of government that applied elements of the new science a mechanical worldview a corpuscularian theory of matter and a Baconian stress on empirical method and the transformative purposes of natural philosophy to the creation of industrious and loyal populations Finally he examines the transformation Petty's program of social engineering after his death into an apparently apolitical form of statistical reasoning

British Political Thought, 1500-1660 Glenn Burgess, 2009-04-20 Focusing on the interaction of religion and politics this is a comprehensive chronological survey of the political thought of post Reformation Britain which examines the work of a wide range of thinkers

A Political Biography of William King Christopher Fauske, 2015-10-06 William King 1650 1729 was perhaps the dominant Irish intellect of the period from 1688 until his death in 1729 An Anglican Church of Ireland by conversion King was a strident critic of John Toland and the clerical superior of Jonathan Swift

Economics, Politics and Prosperity in Restoration England Juha Haavisto, 2025-07-18 Drawing on key published works as well as those of his contemporaries this book explores the political and economic thought of the seventeenth century diplomat William Temple and his proposals for change in Restoration England and Ireland Adopting a revisionist approach the book explores Temple's efforts to balance and advance English society during a period of shifting power between England the Netherlands and France Engaging with themes including mercantilism state building and environmental determinism Temple connected the ideas of antiquity to those of contemporaries while influencing subsequent intellectual currents As the book shows Temple viewed humans as curious and greedy creatures who would stop at nothing unless their motivations and passions could be subdued or diverted This belief had immediate practical political and economic consequences in Temple's work the survival and stability of the polity had to be secured but he also advocated toleration so that members of society were afforded space to follow their motivations Furthermore this led Temple to argue that prosperity could be achieved not only by managing human nature but through practical action as well He advocated for direct investment in Ireland to boost its commercial prospects albeit for the benefit of the English crown in a way that foreshadows current thinking on economic development This book will be of interest to readers in the history of economic and political thought environmental history intellectual history and early modern history more broadly **Israelites in Erin** Abby

Bender, 2015-12-08 From the late nineteenth century through the early twentieth century the story of the Israelites liberation from bondage in Egypt served as the archetypal narrative for the birth of the Irish nation Exodus was critical to both colonial and anticolonial conceptions of Ireland and Irishness Although the Irish Israelite analogy has been cited often a thorough exploration has never before been documented Bender successfully fills this gap with *Israelites in Erin* Drawing upon both canonical and little known texts of the Literary Revival including works by Joyce plays by Lady Gregory and political writings by Charles Stewart Parnell and Patrick Pearse Bender highlights the centrality of Exodus in Ireland In doing so she recuperates the history of a liberation narrative that was occluded by the aesthetic of 1916 when the Christ story replaced Exodus as a model for revolution and liberation In two concluding chapters Bender deftly maps Exodus throughout Joyce's *Ulysses* revealing how the text plumbs the biblical narrative for its submersed but frank and unsettling story of ambivalent impure ironic origins With extensive research and remarkable insight *Israelites in Erin* inaugurates a compelling new critical conversation **Terrorists, Anarchists, and Republicans** Richard Whatmore, 2021-12-14 A bloody episode that epitomised the

political dilemmas of the eighteenth century In 1798 members of the United Irishmen were massacred by the British amid the crumbling walls of a half built town near Waterford in Ireland Many of the Irish were republicans inspired by the French Revolution and the site of their demise was known as Geneva Barracks The Barracks were the remnants of an experimental community called New Geneva a settlement of Calvinist republican rebels who fled the continent in 1782 The British believed that the rectitude and industriousness of these imported revolutionaries would have a positive effect on the Irish populace

The experiment was abandoned however after the Calvinists demanded greater independence and more state money for their project Terrorists Anarchists and Republicans tells the story of a utopian city inspired by a spirit of liberty and republican values being turned into a place where republicans who had fought for liberty were extinguished by the might of empire Richard Whatmore brings to life a violent age in which powerful states like Britain and France intervened in the affairs of smaller weaker countries justifying their actions on the grounds that they were stopping anarchists and terrorists from destroying society religion and government The Genevans and the Irish rebels in turn saw themselves as advocates of republican virtue willing to sacrifice themselves for liberty rights and the public good Terrorists Anarchists and Republicans shows how the massacre at Geneva Barracks marked an end to the old Europe of diverse political forms and the ascendancy of powerful states seeking empire and markets in many respects the end of enlightenment itself **Recovering Bishop**

Berkeley S. Breuninger,2010-04-26 Through a close analysis of key texts and the larger historical contexts within which they were composed this study explores George Berkeley s engagement with the social and economic threats facing Ireland and Britain highlighting his belief that virtue and religion could play crucial roles in alleviating these problems *David Hume's Political Economy* Margaret Schabas,Carl Wennerlind,2008 This collection of twelve new essays by distinguished scholars in the fields of history and the philosophy of economics is one of the first book length studies of Hume s political economy

Ireland's History Kenneth L. Campbell,2013-12-05 Ireland s History provides an introduction to Irish history that blends a scholarly approach to the subject based on recent research and current historiographical perspectives with a clear and accessible writing style All the major themes in Irish history are covered from prehistoric times right through to present day from the emergence of Celtic Christianity after the fall of the Roman Empire to Ireland and the European Union secularism and rapprochement with the United Kingdom By avoiding adopting a purely nationalistic perspective Kenneth Campbell offers a balanced approach covering not only social and economic history but also political cultural and religious history and exploring the interconnections among these various approaches This text will encourage students to think critically about the past and to examine how a study of Irish history might inform and influence their understanding of history in general *The Oxford History of the Irish Book, Volume III* Raymond Gillespie,Andrew Hadfield,2006-02-02 The Oxford History of the Irish Book is a major new series that charts the development of the book in Ireland from its origins within an early medieval manuscript culture to its current incarnation alongside the rise of digital media in the twenty first century Volume III The Irish Book in English 1550 1800 contains a series of groundbreaking essays that seek to explain the fortunes of printed word from the early Renaissance to the end of the eighteenth century The essays in section one explain the development of print culture in the period from its first incarnation in the small area of the English Pale around Dublin dominated by the interests of the English authorities to the more widespread dispersal of the printing press at the close of the eighteenth century when provincial presses developed their own character and style either alongside or as a challenge to the dominant intellectual

culture Section two explains the crucial developments in the structure and technical innovation of the print trade the role played by private and public collections of books and the evidence of changing reading practices throughout the period The third and longest section explores the impact of the rise of print Essays examine the effect that the printed book had on religious and political life in Ireland providing a case study of the impact of the French Revolution on pamphlets and propaganda in Ireland the transformations illustrated in the history of historical writing as well as in literature and the theatre through the publication of play texts for a wide audience Others explore the impact that print had on the history of science and the production of foreign language books The volume concludes with an authoritative bibliographical essay outlining the sources that exist for the study of the book in early modern Ireland This is an authoritative volume with essays by key scholars that will be the standard guide for many years to come

Architecture and Urbanism in the British Empire G. A. Bremner, 2016 A comprehensive overview of the architectural and urban transformations that took place across the British Empire between the seventeenth and mid twentieth centuries exploring the built heritage of Britain's former colonial empire as a fundamental part of how we negotiate our postcolonial identities The Excommunication of Elizabeth I

Aislinn Muller, 2020-04-14 In The Excommunication of Elizabeth I Aislinn Muller examines the excommunication and deposition of Queen Elizabeth I of England by the Roman Catholic Church and its political afterlife during her reign Muller shows that Elizabeth's excommunication was a crucial turning point for both Catholics and Protestants one that irrevocably changed attitudes towards the queen widened political participation and resistance and posed a destabilising threat to her regime The Excommunication of Elizabeth I demonstrates how this event exacerbated religious tensions in England's foreign and domestic politics and how Elizabeth's conflict with the papacy shaped the development of anti Catholicism in post Reformation England

Ireland: 1641 Micheál Ó Siochrú, Jane Ohlmeyer, 2016-05-16 The 1641 rebellion is one of the seminal events in early modern Irish and British history Its divisive legacy based primarily on the sharply contested allegation that the rebellion began with a general massacre of Protestant settlers is still evident in Ireland today Indeed the 1641 massacres like the battles at the Boyne 1690 and Somme 1916 played a key role in creating and sustaining a collective Protestant British identity in Ulster in much the same way that the subsequent Cromwellian conquest in the 1650s helped forge a new Irish Catholic national identity Following a successful hardback edition Siochrú and Ohlmeyer's popular title is now available in paperback The original and wide ranging themes chosen by leading international scholars for this volume will ensure that this edited collection becomes required reading for all those interested in the history of early modern Europe It will also appeal to those engaged in early colonial studies in the Atlantic world and beyond as the volume adopts a genuinely comparative approach throughout examining developments in a broad global context

The Turn of the Soul, 2012-01-06 The religious upheavals of the early modern period and the fierce debate they unleashed about true devotion gave conversion an unprecedented urgency With their rich variety of emotive aesthetic and rhetoric means of expression

literature and the visual arts proved particularly well adapted means to address explore and represent the complex nature of conversion At the same time many artists and authors experimented with the notion that the expressive character of their work could cultivate a sensory experience for the viewer that enacted conversion Indeed focusing on conversion as one of early modern Europe s most pressing religious issues this volume demonstrates that conversion cannot be separated from the creative and spiritual ways in which it was given meaning Contributors include Mathilde Bernard John R Decker Xander van Eck Shulamit Furstenberg Levi Lise Gosseye Chlo Houston Philip Major Walter Melion Bart Ramakers E Natalie Rothman Alison Searle Lieke Stelling Jayme Yeo and Federico Zuliani

Scotland in the Age of Two Revolutions Sharon

Adams, Sharon Adams (Historian), Julian Goodare, 2014 The seventeenth century was one of the most dramatic periods in Scotland s history with two political revolutions intense religious strife culminating in the beginnings of toleration and the modernisation of the state and its infrastructure This book focuses on the history that the Scots themselves made Previous conceptualisations of Scotland s seventeenth century have tended to define it as falling between 1603 and 1707 the union of crowns and the union of parliaments In contrast this book asks how seventeenth century Scotland would look if we focused on things that the Scots themselves wanted and chose to do Here the key organising dates are not 1603 and 1707 but 1638 and 1689 the covenanting revolution and the Glorious Revolution Within that framework the book develops several core themes One is regional and local the book looks at the Highlands and the Anglo Scottish Borders The increasing importance of money in politics and the growing commercialisation of Scottish society is a further theme addressed Chapters on this theme like those on the nature of the Scottish Revolution also discuss central government and illustrate the growth of the state A third theme is political thought and the world of ideas The intellectual landscape of seventeenth century Scotland has often been perceived as less important and less innovative and such perceptions are explored and in some cases challenged in this volume Two stories have tended to dominate the historiography of seventeenth century Scotland Anglo Scottish relations and religious politics One of the recent leitmotifs of early modern British history has been the stress on the Britishness of that history and the interaction between the three kingdoms which constituted the Atlantic archipelago The two revolutions at the heart of the book were definitely Scottish even though they were affected by events elsewhere This is Scottish history but Scottish history which recognises and is informed by a British context where appropriate The interconnected nature of religion and politics is reflected in almost every contribution to this volume SHARON ADAMS is Postdoctoral Research Fellow at the University of Freiburg JULIAN GOODARE is Reader in History at the University of Edinburgh Contributors Sharon Adams Caroline Erskine Julian Goodare Anna Groundwater Maurice Lee Jnr Danielle McCormack Alasdair Raffe Laura Rayner Sherrilynn Theiss Sally Tuckett Douglas Watt

Atlantic Circulations Edward

Holberton, 2025-04-02 Atlantic Circulations investigates literary conversations about empire in the British Atlantic world c 1650 1750 Reading texts by Anne Bradstreet John Milton Daniel Defoe and Benjamin Franklin as well as writing by

overlooked authors who deserve more attention such as the Quaker anti slavery activist Benjamin Lay and the Black classicist Francis Williams it asks how literary culture interacted with transatlantic debates about law enslavement economics and religious freedom This study explores the relationship between literature and empire by joining up disciplinary areas Early Modern English Literature and Early American Literature which are often considered apart It develops insights and analytical frameworks from recent British and Atlantic World history to argue that the transatlantic reception of literary texts was often shaped by archipelagic dynamics political and religious tensions between and within England and Wales and Scotland and Ireland Atlantic Circulations examines several previously unknown manuscripts and archives which throw new light on the circulation of literary texts in colonial culture and reconstructs key Anglophone transatlantic cultural debates during a crucial phase of European expansion in the Atlantic world This book will appeal to advanced students and academic researchers of early modern and eighteenth century English literature and British cultural history especially readers with an interest in literature s relationships with empire colonialism and travel and scholars of early American literature and history *Ireland in the Virginian Sea* Audrey J. Horning, 2013 Ireland in the Virginian Sea Colonialism in the British Atlantic

The Top Books of the Year Political Thought In Seventeenth Century Ireland The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. Political Thought In Seventeenth Century Ireland : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Political Thought In Seventeenth Century Ireland : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papan, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Political Thought In Seventeenth Century Ireland Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Political Thought In Seventeenth Century Ireland PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Political Thought In Seventeenth Century Ireland PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Political Thought In Seventeenth Century Ireland free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Political Thought In Seventeenth Century Ireland Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Political Thought In Seventeenth Century Ireland is one of the best book in our library for free trial. We provide copy of Political Thought In Seventeenth Century Ireland in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Political Thought In Seventeenth Century Ireland. Where to download Political Thought In Seventeenth Century Ireland online for free? Are you looking for Political Thought In Seventeenth Century Ireland PDF? This is definitely going to save you time and cash in something you should think about.
