Political Thought In The United States A Documentary History

**Jörn Rüsen, Michael Fehr, Thomas W.
Rieger**

Political Thought In The United States A Documentary History:

Political Thought in the United States Lyman Tower Sargent, 1997-08 An innovative departure from traditional approaches to political thought this groundbreaking anthology includes minority ideologies where they occurred historically By interweaving minority voices with majority documents rather than grouping them together Political Thought in the United States presents us with a uniquely organic portrait of American political life Beginning with the time of the explorers and early settlers Lyman Tower Sargent presents the political beliefs and ideologies of religious minorities women North American Indians and African Americans as fundamental components of American thought Political Thought in the United States centers on two themes the relationship between majority rule and minority rights and the focus of power in the American system Together with classic documents long heralded as cornerstones of American democracy the book features writings of those opposed to the Constitution slave petitions Indian treaties Emerson's Politics works of conservatives like John Taylor and Herbert Hoover documents from the feminist movements labor manifestos critiques of industrialization and W E B Du Bois's still debated The Talented Tenth and much more

Political Thought in the United States Lyman Tower Sargent, 1997-11 An innovative departure from traditional approaches to political thought this groundbreaking anthology includes minority ideologies where they occurred historically By interweaving minority voices with majority documents rather than grouping them together Political Thought in the United States presents us with a uniquely organic portrait of American political life Beginning with the time of the explorers and early settlers Lyman Tower Sargent presents the political beliefs and ideologies of religious minorities women North American Indians and African Americans as fundamental components of American thought Political Thought in the United States centers on two themes the relationship between majority rule and minority rights and the focus of power in the American system Together with classic documents long heralded as cornerstones of American democracy the book features writings of those opposed to the Constitution slave petitions Indian treaties Emerson's Politics works of conservatives like John Taylor and Herbert Hoover documents from the feminist movements labor manifestos critiques of industrialization and W E B Du Bois's still debated The Talented Tenth and much more

History of American Political Thought Raymond Garfield Gettell, 1928 Political Thought and the Origins of the American Presidency Ben Lowe, 2024-09-17 How the American executive office was constructed in the Constitution and implemented by the first presidents This volume examines the political ideas behind the construction of the presidency in the U S Constitution as well as how these ideas were implemented by the nation's early presidents The framers of the Constitution disagreed about the scope of the new executive role they were creating and this volume reveals the ways the duties and power of the office developed contrary to many expectations Here leading scholars of the early republic examine principles from European thought and culture that were key to establishing the conceptual language and institutional parameters for the American executive office Unpacking the debates at the 1787 Constitutional Convention

these essays describe how the Constitution left room for the first presidents to set patterns of behavior and establish a range of duties to make the office functional within a governmental system of checks and balances Contributors explore how these presidents understood their positions and fleshed out their full responsibilities according to the everyday operations required to succeed As disputes continue to surround the limits of executive power today this volume helps identify and explain the circumstances in which limits can be imposed on presidents who seem to dangerously exceed the constitutional parameters of their office Political Thought and the Origins of the American Presidency demonstrates that this distinctive time tested role developed from a fraught historically contingent and contested process Contributors Claire Rydell Arcenas Lindsay M Chervinsky Francois Furstenberg Jonathan Gienapp Daniel J Hulsebosch Ben Lowe Max Skjnsberg Eric Slauter Caroline Winterer Blair Worden Rosemarie Zagarrri A volume in the Alan B and Charna Larkin Series on the American Presidency

Maria W. Stewart and the Roots of Black Political Thought Kristin Waters, 2021-11-01 Named a 2022 finalist for the Pauli Murray Book Prize in Black Intellectual History from the African American Intellectual History Society Maria W Stewart and the Roots of Black Political Thought tells a crucial almost forgotten story of African Americans of early nineteenth century America In 1833 Maria W Stewart 1803 1879 told a gathering at the African Masonic Hall on Boston s Beacon Hill African rights and liberty is a subject that ought to fire the breast of every free man of color in these United States She exhorted her audience to embrace the idea that the founding principles of the nation must extend to people of color Otherwise those truths are merely the hypocritical expression of an ungodly white power a travesty of original democratic ideals Like her mentor David Walker Stewart illustrated the practical inconsistencies of classical liberalism as enacted in the US and delivered a call to action for ending racism and addressing gender discrimination Between 1831 and 1833 Stewart s intellectual productions as she called them ranged across topics from true emancipation for African Americans the Black convention movement the hypocrisy of white Christianity Black liberation theology and gender inequity Along with Walker s Appeal to the Coloured Citizens of the World her body of work constitutes a significant foundation for a moral and political theory that is finding new resonance today insurrectionist ethics In this work of recovery author Kristin Waters examines the roots of Black political activism in the petition movement Prince Hall and the creation of the first Black masonic lodges the Black Baptist movement spearheaded by the brothers Thomas Benjamin and Nathaniel Paul writings sermons and the practices of festival days through the story of this remarkable but largely unheralded woman and pioneering public intellectual The Political Thought of Calvin Coolidge Thomas J. Tacoma, 2020-09-02 Calvin Coolidge lived during a time of constitutional transformation the Progressive Era and World War I before serving as President of the United States from 1923 1929 Thomas J Tacoma argues that Coolidge contended with this changing regime and world through as a Burkean conservative and an Americanist politician In The Political Thought of Calvin Coolidge Burkean Americanist Tacoma contextualizes Coolidge s thought in the Progressive milieu of the age and Coolidge s own educational background in New England and then

presents the core of Coolidge's political thought civilization Tacoma maintains that Coolidge believed in civilization and that the traditional American political and economic order represented the highest achievements in western civilization Coolidge's speeches ranged across American history to defend the virtues of the American regime and in his political career he undertook to defend the constitutional regime he had inherited Coolidge famous for his emphasis on thrift likewise situated his views on economy within his larger vision of civilization and he mixed realism and idealism in his developed views on international relations Through extensive research Tacoma examines the way Coolidge responded to the challenge of upholding American civilization in the face of a changing world

Unpublished Research on American Republics, Excluding the United States, Completed and in Progress United States Department of State. External Research Division, Beginning in 1954 Apr issue lists studies in progress Oct issue completed studies *Research on the American Republics* United States. Department of State. Office of External Research, 1966 *Encyclopedia of Modern Political Thought (set)* Gregory Claeys, 2013-08-20 This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the Enlightenment to post modernism and post structuralism *Encyclopedia of Modern Political Thought* is two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of Thought of regions and countries including African political thought American political thought Australasian political thought Australian and New Zealand Chinese political thought Indian political thought Islamic political Thought Japanese political thought and more Thought regarding contemporary issues such as abortion affirmative action animal rights European integration feminism humanitarian intervention international law race and racism and more The ideological spectrum from Marxism to neoconservatism including anarchism conservatism Darwinism and Social Darwinism Engels fascism the Frankfurt School Lenin and Leninism socialism and more Connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion Notable time periods of political thought since 1750 Concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state Theorists and political intellectuals both Western and non Western including John Adams Edmund Burke Mohandas Gandhi Immanuel Kant Ayatollah Khomeini Ernst Friedrich Schumacher George Washington and Mary Wollstonecraft [The Statesman's Year-Book](#) M. Division, 1965 **Political Ideologies** Robert Eccleshall, Vincent Geoghegan, Richard Jay, Michael Keeny, Ian MacKenzie, Richard Wilford, 2014-03-21 Now in its fourth edition *Political Ideologies An Introduction* continues to be the best introductory textbook for students of political ideologies Completely revised and updated throughout this edition features A comprehensive introduction to all of the most important ideologies Brand new chapters on multiculturalism anarchism and the growing influence of religion on politics More contemporary examples of twenty first century iterations of liberalism socialism conservatism fascism green political theory nationalism and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors Accessible and packed with both historical and contemporary examples this is the most useful textbooks for scholars and students of political ideologies The contributors to this volume have all taught or carried out research at the School of Politics International Studies and Philosophy of Queen's University Belfast or have close research connections with the School **Politics and Progress** Dennis J. Mahoney, 2004-01-01 Mahoney describes the emergence of American political science as a separate academic discipline in the era between the Civil War and the First World War with the pivotal event of the founding of the American Political Science Association in 1903 His book a testament to the integrity of American political science chronicles its intellectual and cultural development *Punishment and Political Order* Keally McBride, 2019-02-28 Most of us think of punishment as an ugly display of power But punishment also tells us something about the ideals and aspirations of a people and their government How a state punishes reveals whether or not it is confident in its own legitimacy and sovereignty *Punishment and Political Order* examines the questions raised by the state's exercise of punitive power from what it is about human psychology that desires sanction and order to how the state can administer pain while calling for justice Keally McBride's book demonstrates punishment's place at the core of political administration and the stated ideals of the polity From start to finish this is a terrific engaging book McBride offers a fascinating perspective on punishment calling attention to its utility in understanding political regimes and their ideals She succeeds in reminding us of the centrality of punishment in political theory and at the same time in providing a framework for understanding contemporary events I know of no other book that does as much to make the subject of punishment so compelling Austin Sarat Amherst College *Punishment and Political Order* will be welcome reading for anyone interested in understanding law in society punishment and political spectacle or governing through crime control This is a clear accessible and persuasive examination of punishment as rhetoric and reality Arguing that punishment is a complex product of the social contract this book demonstrates the ways in which understanding the symbolic power and violence of the law provides analytical tools for examining the ideological function of prison labor today as well as the crosscutting and contingent connections between language and identity legitimation and violence sovereignty and agency more generally Bill Lyons Director Center for Conflict Management University of Akron Philosophical explorations of punishment have often stopped with a theory of responsibility McBride's book moves well beyond this It

shows that the problem of punishment is a central issue for any coherent theory of the state and thus that punishment is at the heart of political theory This is a stunning achievement Malcolm M Feeley University of California at Berkeley Keally McBride is Assistant Professor of Politics at the University of San Francisco *Thinking Utopia* Jörn Rüsen, Michael Fehr, Thomas W. Rieger, 2006-12-01 After the breakdown of socialist and communist systems in the East it had become fashionable to declare the so called end of utopia end of history end of narratives The authors of this volume do not share this view but think that it is time to rehabilitate utopian thought The political concept of Utopia that has given its name to these transcendental projections onto the world has been too narrow to describe and analyze the moving forces of the mind perceiving human existence beyond reality By broadening the perspectives of utopian studies these essays enable the reader to reconstruct scholarly paradigms and strategies of utopian complex and holistic thinking in modern cosmology philosophy sociology in literary historical and political sciences and to compare traditions and ways of Western utopian thought to the practice in the East [The Moral Person of the State](#) Ben Holland, 2017-07-13 This is the first detailed study in any language of the single most influential theory of the modern state Samuel von Pufendorf's account of the state as a moral person Ben Holland reconstructs the theological and political contexts in and for which Pufendorf conceived of the state as being a person Pufendorf took up an early Christian conception of personality and a medieval conception of freedom in order to fashion a theory of the state appropriate to continental Europe and which could head off some of the absolutist implications of a rival theory of state personality that of Hobbes The book traces the fate of the concept in the hands of others international lawyers moral philosophers and revolutionaries until the early twentieth century It will be essential reading for historians of political thought and for those interested in the development of key ideas in theology international law and international relations *The Supreme Court in United States History* Charles Warren, 1926 **The Supreme Court in United States History: 1821-1855** Charles Warren, 1922 **Encyclopedia of Nineteenth-century Thought** Gregory Claeys, 2005 Covering the period from 1789 to 1914 this work primarily deals with key figures and ideas in social and political thinking but entries also include science religion law art concepts of modernity the body and health thereby covering comprehensively the intellectual history of the period *Justifying Revolution* Gary L. Steward, 2021 Historians have debated how the clergy's support for political resistance during the American Revolution should be understood often looking to influence outside of the clergy's tradition In *Justifying Revolution The American Clergy's Argument for Political Resistance 1750-1776* Gary L. Steward explores the theological background and rich Protestant history available to the American clergy as they considered political resistance and wrestled with the best course of action for them and their congregations He argues that rather than deviating from their inherited modes of thought the clergy who supported resistance did so in ways that were consistent with their own theological tradition

This is likewise one of the factors by obtaining the soft documents of this **Political Thought In The United States A Documentary History** by online. You might not require more period to spend to go to the ebook foundation as well as search for them. In some cases, you likewise attain not discover the pronouncement Political Thought In The United States A Documentary History that you are looking for. It will agreed squander the time.

However below, behind you visit this web page, it will be so utterly simple to acquire as competently as download lead Political Thought In The United States A Documentary History

It will not bow to many epoch as we explain before. You can attain it though perform something else at house and even in your workplace. fittingly easy! So, are you question? Just exercise just what we manage to pay for under as with ease as evaluation **Political Thought In The United States A Documentary History** what you subsequently to read!
