## **Political Elites In Modern Societies Empirical Research And Democratic Theory:**

**Political Elites in Modern Societies** Samuel James Eldersveld,1989 Reflections on the nature of political leadership

**Between Past and Future: Elites, Democracy and the State in Post-Communist Countries** Anton

Steen,2019-07-18 Published in 1997 this text presents a specific interest in analyzing the role of the elites as a key factor for democratic rule and policy changes In order to put the elites in perspective the author has also conducted opinion surveys asking some of the same questions among representative samples of the populations in the three countries Comparing these three rather similar states gives possibilities for singling out conditions for specific national developments in elite structure and policies

**The Role of Local Political Elites in East Central Europe** Roxana Marin,2021-03-29 How does the elite continue to affect the evolution of local communities in the developing region of former Sovietized Europe This book is concerned with the issue of local leadership in the countries of East Central Europe It is an attempt to examine with a comparative method the profile and the role of the local political elites members of the Municipal Councils in six towns in six transitional democracies of the region

**Comparative Political Parties and Party Elites** Birol A. Yeşilada,1999 Senior scholars consider how party elites influence electoral politics in several important countries *The Palgrave Handbook of Political Elites* Heinrich Best,John Higley,2017-11-08 This handbook presents a comprehensive view of the current theory and research surrounding political elites which is now a pivotal subject for academic study and public discourse In 40 chapters by leading scholars it displays the field s richness and diversity The handbook is organized in six sections each introduced by a co editor focusing on theories about political elites methods for studying them their main structural and behavioral patterns worldwide the differentiation and integration of political elite sectors elite attributes and resources and the dilemmas of political elites in this century Forty years since Robert Putnam s landmark Comparative Study of Political Elites this handbook is an indispensable resource for scholars and students engaged in the study of this vibrant field

**Economy and Society in Central and Eastern Europe** Daniel Dumitran,Valer Moga,2013 The analysis of societies transformations and the influence on the modernization of Central and Eastern Europe economies between the pre modern period and the 20th century is a useful tool for understanding contemporary trends in the region particularly since the debates on economic and social reconstruction find their counterpart in modern state construction projects The history of this region of Europe described as a space of ethnic religious and cultural diversity is illustrated in this book through the dimension of territory population and consumption The book s contributions were presented at an international conference in Alba Iulia Romania in April 2013 Series Eastern Europe Osteuropa Vol 8 *American Political Scientists* Glenn H. Utter,Charles

Lockhart,2002-10-30 This dictionary offers the only comprehensive collection of profiles of American political scientists each of whom contributed significantly to the intellectual development of American political science from its beginnings in the late 19th century to the present This second edition includes 22 new and 110 revised entries reflecting new scholarship that

emerged during the 1990s Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields Alphabetically arranged entries focus on the main ideas and major works by each scholar listing list the most important publications by and about the individual There are numerous cross references to show how the work of one scholar has influenced another in the discipline Appendices list the political scientists by degree granting institutions and by major fields A short bibliography points to important general readings about the profession A general index makes this major reference easily accessible for broad interdisciplinary research

**Kazakhstan** Sally N. Cummings,2002-10-01 Kazakhstan is the largest state in Central Asia Rich in oil gas and other natural resources and sandwiched between China and Russia it occupies a key geopolitical position the importance of which was further heightened following the attacks of 9 11 and subsequent wars in the wider Middle East But Kazakhstan was born by default gaining independence only reluctantly as the Soviet Union collapsed Its political elite facing complex tasks of state building also lacked a monoethnic base on which to build its legitimacy Based on original material and extensive interviews in the capital and three of the country s regions the book places the elite in the country s broader institutional and historical context analysing their identity behaviour and how they gained and secured power in the early independence years Kazakhstan Power and the Elite is essential reading for all those interested in the history politics and international relations of this fascinating country *The Michigan Alumnus* ,1989

In v 1 8 the final number consists of the Commencement annual **Party Politics in Turkey** Sabri Sayarı,Pelin Musil,Özhan Demirkol,2018-01-29 Although the literature on party politics has significantly advanced both methodologically and theoretically in recent years the study of political parties in Turkey has been noticeably disconnected and lacking from such conversations This book evaluates well established theories and trends in existing party politics literature and relates them to the case of Turkey It explores fundamental questions such as Who controls party organizations and how does the locus of control change over time What kinds of power struggles are observed inside a party and between whom What do the present and past records of party membership imply for party organizations What role do grassroots activists play in local and national politics How do the ideological orientations of party members differ from party leaders and other voters What types of social cleavages shape political parties and how do they change over time What constitutes the relationship between the state and parties today Who finances political parties and what does this imply about the quality of democracy How and why do party systems change The various chapters show that party politics in the Turkish context is significantly different to Western and new democracies By highlighting the significant contribution the Turkish case can make to existing conceptual frameworks and theories this book will be a valuable resource for anyone studying political parties party systems and comparative politics as well as Turkish politics *Elite-Led Mobilization and Gay Rights* Benjamin George Bishin,Thomas

Joseph Hayes,Matthew Benjamin Incantalupo,Charles Anthony Smith,2021-09-14 Media and scholastic accounts describe a

strong public opinion backlash a sharply negative and enduring opinion change against attempts to advance gay rights Academic research however increasingly questions backlash as an explanation for opposition to LGBT rights Elite Led Mobilization and Gay Rights argues that what appears to be public opinion backlash against gay rights is more consistent with elite led mobilization a strategy used by anti gay elites primarily white evangelicals seeking to prevent the full incorporation of LGBT Americans in the polity in order to achieve political objectives and increase political power This book defines and tests the theory of Mass Opinion Backlash and develops and tests the theory of Elite Led Mobilization by employing a series of online and natural experiments surrounding the U S Supreme Court rulings in Obergefell v Hodges and United States v Windsor and President Obama s position change on gay marriage To evaluate these theories the authors employ extensive survey voting behavior and campaign finance data and examine the history of the LGBT movement and its opposition by religious conservatives from the Lavender Scare to the campaign against Trans Rights in the defeat of Houston s 2015 HERO ordinance Their evidence shows that opposition to LGBT rights is a top down process incited by anti gay elites rather than a bottom up reaction described by public opinion backlash
