Political Ideas And Concepts An Introduction:

Political Ideas and Concepts Andrew Heywood, 1994 **Understanding political ideas and movements** Kevin Harrison, Tony Boyd, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license Written specifically to cover the A2 component of the GCE Government and Politics A level Provides a comprehensive introduction to the various political ideas and movements that have shaped the modern world Underpinned by the work of major thinkers such as Marx Locke Weber Hobbes and Foucault the book examines at political concepts including the state and sovereignty the nation and democracy representation and legitimacy freedom equality and rights obligation and citizenship Addresses traditional theoretical subjects such as socialism marxism and nationalism as well as contemporary contemporary movements such as environmentalism ecologism and feminism Written in a clear accessible style including a number of student friendly features such as chapter summaries key points to consider definitions and pointers to further sources of information Political Ideas and Concepts (24-4009-00L) , 2015 **American Environmentalism** J. Michael Martinez, 2013-06-20 Protecting the natural environment and promoting sustainability have become important objectives but achieving such goals presents myriad challenges for even the most committed environmentalist American Environmentalism Philosophy History and Public Policy examines whether competing interests can be reconciled while developing consistent coherent effective public policy to regulate uses and protection of the natural environment without destroying the national economy It then reviews a range of possible solutions The book delves into key normative concepts that undergird American perspectives on nature by providing an overview of philosophical concepts found in the western intellectual tradition the presuppositions inherent in neoclassical economics and anthropocentric human centered and biocentric earth centered positions on sustainability It traces the evolution of attitudes about nature from the time of the Ancient Greeks through Europeans in the Middle Ages and the Renaissance the Enlightenment and the American Founders the nineteenth and twentieth centuries and up to the present Building on this foundation the author examines the political landscape as non governmental organizations NGOs industry leaders and government officials struggle to balance industrial development with environmental concerns Outrageous claims silly misrepresentations bogus arguments absurd contentions and overblown prophecies of impending calamities are bandied about by many parties on all sides of the debate industry spokespeople elected representatives unelected regulators concerned citizens and environmental NGOs alike In lieu of descending into this morass the author circumvents the silliness to explore the crucial issues through a more focused disciplined approach Rather than engage in acrimonious debate over minutiae as so often occurs in the context of green claims he recasts the issue in a way that provides a cohesive look at all sides This effort may be quixotic but how else to cut the Gordian knot *Politics and the Concept of the Political* James Wiley, 2016-05-26 A recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics James Wiley s book takes

the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber Carl Schmitt Paul Ricoeur Hannah Arendt Sheldon Wolin Claude Lefort and Ernesto Laclau and Chantal Mouffe These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors They represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory Politics and the Concept of the Political will be a useful resource to general audiences as well as to specialists in political theory **Using Political**

Ideas Barbara Goodwin,2016-12-19 Using Political Ideas is a unique blend of political philosophy political theory and history of political thought It combines a critique of the major ideologies of recent and contemporary society with an analysis of the ideas that form the very stuff of political debate By exposing the interplay between ideas and ideologies it shows why political opponents often speak at cross purposes and why rational agreement is so hard to achieve in politics The sixth edition of this well respected and widely known text will be welcomed by those interested in questions such as Is equality more important than personal freedom Does the majority have the right to dictate to the minority in multicultural society Is nationalism a progressive force in the world Politics does not stand still there are always new controversies and ideological conflicts and the climate of discussion changes The 6th edition of this best selling book is fully updated and includes a new chapter on authoritarian ideologies to reflect the growing extreme right wing politics in parts of Europe This edition also provides a variety of new learning features a comprehensive glossary detailed lists of further reading and a list of questions for discussion Introduction to Political Concepts John Hoffman,Paul Graham,2006 This student friendly introduction to

contemporary concepts and ideas will show why an understanding of political concepts is crucial to an understanding of political issues By using real life examples to relate political ideas to political realities the hugely experienced author team make the subject lively and contentious in order to stimulate students to think about political theories in a new and refreshing way Introduction to Political Concepts discusses traditional concepts such as state liberty and justice Using exposition and argument the book enables readers to understand these traditional concepts and to develop a position on them It also covers contemporary concepts such as difference human rights and terrorism where the problems that these concepts address have either developed recently or have been given a new urgency by contemporary events Suitable for 1st and 2nd year undergraduates studying political theory Modern Political Thinkers and Ideas Tudor Jones,2012-09-10 Modern Political Thinkers and Ideas is an exciting new text that provides students with a clearly presented introduction to some of the key areas of modern political thought Uniquely combining historical and philosophical approaches to the subject it describes the writings and ideas of the most influential thinkers of the modern era Modern Political Thinkers and Ideas

features the main concepts in modern political theory such as the State and Sovereignty Political Obligation and Civil Disobedience Liberty Rights Equality and Justice Democracy the ideas of key thinkers such as Machiavelli Hobbes Locke Paine Rousseau Burke Mill Bentham Marx Rawls Hayek a clear and instructive framework for each chapter which provides students with a the significance of each concept in modern political thought b what major political thinkers had to say about each concept and c the relevance of key concepts to contemporary argument and debate

The Collected Works of Eric Voegelin, Volume 26, History of Political Ideas, Volume VIII, Crisis and the Apocalypse of Man Eric Voegelin, 1999-07

Handbook of Cultural Security Yasushi Watanabe, 2018 This Handbook aims to heighten our awareness of the unique and delicate interplay between Culture and Society in the age of globalization With particular emphasis on the role of culture in the field of non traditional security and seeking to define what being secure means in different contexts this Handbook explores the emerging concept of cultural security providing a platform for future debates in both academic and policy fields

Introduction to Political Psychology Martha L. Cottam, Elena Mastors, Thomas Preston, Beth Dietz, 2004-04-26 The first comprehensive textbook on political psychology this user friendly volume explores the psychological origins of political behavior Using psychological concepts to explain types of political behavior the authors introduce a broad range of theories and cases of political activity to illustrate the behavior The book examines many patterns of political behaviors including leadership group behavior voting race ethnicity nationalism political extremism terrorism war and genocide Text boxes highlight current and historical events to help students see the connection between the world around them and the concepts they are learning Examples highlight a variety of research methodologies used in the discipline such as experimentation and content analysis The Political Being is used throughout to remind the reader of the psychological theories and concepts to be explored in each chapter

Introduction to Political Psychology explores some of the most horrific things people do to one another for political purposes as well as how to prevent and resolve conflict and how to recover from it The goal is to help the reader understand the enormous complexity of human behavior and the significant role political psychology can play in improving the human condition Designed for upper division courses on political psychology or political behavior this volume also contains material of interest to those in the policymaking community

Social & Political Implications of Concepts of Justice & Dharma Ashok S. Chousalkar, 1986
