Political Ideology Why The American Common Man Believes What He Does:

Political Ideology Robert E. Lane, 1964 *Political Ideology* Robert Edwards Lane, 1962 *The Political Uses of Ideology* H.M. Drucker, 1974-06-18 *Beliefs, Reasoning, and Decision Making* Roger C. Schank, Ellen Langer, 2013-06-17 It is not unusual for a festschrift to include offerings from several areas of study but it is highly unusual for those areas to cross disciplinary lines This book in doing just that is a testimony to Bob Abelson's impact on the disciplines of social psychology artificial intelligence and cognitive science and the applied areas of political psychology and decision making The contributors demonstrate that their association with Abelson whether as students or colleagues has resulted in an impressive intellectual cross fertilization *The Darkest Sides of Politics, I* Jeffrey M. Bale, 2017-09-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The first volume in this two volume collection focuses on the history of underground neo fascist networks in the post World War II era neo fascist paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s and the manipulation of those and other terrorist organizations by the security forces of various states both authoritarian and democratic A range of global case studies are included all of which focus on the lesser known activities of certain secular extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics *Reading Public Opinion* Susan Herbst, 1998-10 Public opinion is one of the most elusive and complex concepts in democratic theory and we do not fully understand its role in the political process Reading Public Opinion offers one provocative approach for understanding how public opinion fits into the empirical world of politics In fact Susan Herbst finds that public opinion surprisingly has little to do with the mass public in many instances Herbst draws on ideas from political science sociology and psychology to explore how three sets of political participants legislative staffers political activists and journalists actually evaluate and assess public opinion She concludes that many political actors reject the voice of the people as uninformed and nebulous relying instead on interest groups and the media for representations of public opinion Her important and original book forces us to rethink our assumptions about the meaning and place of public opinion in the realm of contemporary democratic politics *Advances in Experimental Social Psychology* , 1991-09-25 *Advances in Experimental Social Psychology* **Hegemonic Cooperation and Conflict** Qingxin K. Wang, 2000-08-30 Postwar Japan has consistently maintained close cooperation with the United States over the last four decades over such major issues as Japan's recognition of China their peace treaties and more recently Japan's resumption of the yen loan to China suspended in the wake of the Tiananmen incident This has been in spite of Japan's well known conflict of interests in China with the United States Japan's cooperation with the United States sheds new light

on some important questions which are central to current debates about the shape of the new world order in general and America's world role in particular in the post Cold War era What has been the role of American power in maintaining Japan's cooperation What have been the bases of American hegemony in the post war world How has American hegemony changed over the years Qingxin K Wang addresses and illuminates these important questions through a detailed and provocative study of Japan's relations with the United States over China policy in the last four decades

Introduction to Political Psychology Martha L. Cottam, Elena Mastors, Thomas Preston, Beth Dietz, 2015-08-14 This comprehensive user friendly introductory textbook to political psychology explores the psychological origins of political behavior The authors introduce readers to a broad range of theories concepts and case studies of political activity to illustrate that behavior The book examines many patterns of political behaviors including leadership group behavior voting media effects race ethnicity nationalism social movements terrorism war and genocide It explores some of the most horrific things people do to each other as well as how to prevent and resolve conflict and how to recover from it The book contains numerous features to enhance understanding including text boxes highlighting current and historical events to help students see the connection between the world around them and the concepts they are learning Different research methodologies used in the discipline are employed such as experimentation and content analysis The third edition of the book has two new chapters one on the media and one on social movements This accessible and engaging introductory textbook is suitable as a primary text on a range of upper level courses in political psychology political behavior and related fields including policymaking

Choosing an Identity Sun-Ki Chai, 2010-05-06 Social science research is fragmented by the widely differing and seemingly contradictory approaches used by the different disciplines of the social sciences to explain human action Attempts at integrating different social science approaches to explain action have often been frustrated by the difficulty of incorporating cultural assumptions into rational choice theories without robbing them of their generality or making them too vague for predictions Another problem has been the major disagreements among cultural theorists regarding the ways in which culture affects preferences and beliefs This book provides a general model of preference and belief formation addressing the largest unresolved issue in rational choice theories of action It attempts to play a bridging role between these approaches by augmenting and modifying the main ideas of the rational choice model to make it more compatible with empirical findings in other fields The resulting model is used to analyze three major unresolved issues in the developing world the sources of a government's economic ideology the origins of ethnic group boundaries and the relationship between modernization and violence Addressing theoretical problems that cut across numerous disciplines this work will be of interest to a diversity of theoretically minded scholars Sun Ki Chai is Assistant Professor of Sociology University of Arizona

Left and Right John T. Jost, 2021-07-28 This book brings together for the first time an updated revised collection of influential essays and articles that capture some of the most exciting scientific and scholarly contributions to the topic of political ideology John Jost tackles

fundamental questions about how psychology neuroscience and societal factors impact political attitudes and group divisions In what sense if any are ordinary citizens ideological Is it useful to locate political attitudes on a single dimension of representation Are there meaningful differences in the beliefs opinions and values of leftists and rights or liberals and conservatives How are personality traits related to ideological preferences What situational or contextual factors contribute to liberal and conservative shifts in the general population What are the implications of ideological polarization for the future of democracy Drawing on Max Weber s concept of elective affinities one of the world s leading political psychologists discusses the myriad ways in people choose ideas and ideas choose people *North Indian Intellectuals* Malik,2023-07-31

Political Psychology Kristen Renwick Monroe,2001-12 This edited book is an overview of political psychology with contributions by the leaders in the field Its goal is to define explore the key concepts methodologies research activities as well as the controversies future directions of the field *Handbook of Social Psychology, Volume 2* Susan T. Fiske,Daniel T. Gilbert,Gardner Lindzey,2010-02-15 The classic Handbook of Social Psychology has been the standard professional reference for the field of social psychology for many years Now available in a new edition Volume 2 of this internationally acclaimed work brings readers up to date with new chapters on social neuroscience mind perception morality and social stratification The editors have structured Volume 2 in a way that highlights the many levels of analysis used by contemporary psychologists All academics graduate students and professional social psychologists will want to own a copy of this landmark work **The Feeling, Thinking Citizen** Howard Lavine,Charles S. Taber,2018-03-13 This book is an appreciation of the long and illustrious career of Milton Lodge Having begun his academic life as a Kremlinologist in the 1960s Milton Lodge radically shifted gears to become one of the most influential scholars of the past half century working at the intersection of psychology and political science In borrowing and refashioning concepts from cognitive psychology social cognition and neuroscience his work has led to wholesale transformations in the way political scientists understand the mass political mind as well as the nature and quality of democratic citizenship In this collection Lodge s collaborators and colleagues describe how his work has influenced their own careers and how his insights have been synthesized into the bloodstream of contemporary political psychology The volume includes personal reflections from Lodge s longstanding collaborators as well as original research papers from leading figures in political psychology who have drawn inspiration from the Lodgean oeuvre Reflecting on his multi faceted contribution to the study of political psychology *The Feeling Thinking Citizen* illustrates the centrality of Lodge s work in constructing a psychologically plausible model of the democratic citizen *God's Peculiar Peoples* S.F. Wise,1993-01-01 For the first time the major essays of distinguished Canadian scholar S F Wise are collected in this book *God s Peculiar Peoples* will be essential reading for anyone interested in the origins of the political culture of English speaking Canada and its intellectual history **Social Science in America** Charles M. Bonjean,Louis Schneider,Robert L. Lineberry,1976-10-01 Scholars from the fields of history economics sociology political science

anthropology and geography comment on the development of the social sciences in America during the past two hundred years Bibliogs *Public Opinion* Rosalee A. Clawson,Zoe M. Oxley,2020-07-21 In *Public Opinion Democratic Ideals Democratic Practice* Fourth Edition Clawson and Oxley link the enduring normative questions of democratic theory to existing empirical research on public opinion Organized around a series of questions In a democratic society what should be the relationship between citizens and their government Are citizens opinions pliable Are they knowledgeable attentive and informed the text explores the tension between ideals and their practice Each chapter focuses on exemplary studies explaining not only the conclusion of the research but how it was conducted so students gain a richer understanding of the research process and see methods applied in context **Apathy in America, 1960-1984: Causes and Consequences of Citizen Political Indifference** Stephen Earl Bennett,2023-09-20 Published under the Transnational Publishers imprint **Women Transforming Politics** Cathy Cohen,Kathleen B. Jones,Joan C. Tronto,1997-07 Contains over thirty essays which explore the complex contexts of political engagement family and intimate relationships friendships neighborhood community work environment race religious and other cultural groupings that structure perceptions of women s opportunities for political participation
