The Political Kingdom in Uganda David Ernest Apter,1961 **The Political Kingdom in Uganda** ,1997 The Political Kingdom in Uganda David E. Apter,2013-04-03 It is rare for a scholar to revisit the scene of earlier research with a view to evaluating how that research has stood up over time Here David E Apter does that and more In a lengthy new introductory chapter to this classic study of bureaucratic nationalism he reviews the efficacy of the concepts in his original study of Uganda of almost a century ago including some such as consociationalism which have entered into the mainstream of comparative politics **The Political Kingdom in Uganda** David Ernest Apter,1997 It is rare for a scholar to revisit the scene of earlier research with a view to evaluating how that research has stood up over time Here David E Apter does that and more In a lengthy new introductory chapter to this classic study of bureaucratic nationalism he reviews the efficacy of the concepts in his original study of Uganda of almost a century ago including some such as consociationalism which have entered into the mainstream of comparative politics **The Political Kingdom in Uganda** David Ernest Apter,1967

The Political Kingdom in Uganda - a Study in Bureaucratic Nationalism ,1967 Study of political problems in Uganda with particular reference to the political kingdom of buganda as the most important political entity covers historical aspects incl The role of UK and of the Church before independence traditionalism nationalist activities political parties political leadership etc References **The Political Kingdom in Uganda** Eric John Ross Eaglesham,1967 Africa and the Modern World Immanuel Maurice Wallerstein,1986 **Social Origins of Violence in Uganda, 1964-1985 A.**

Kasozi,1994-12-21 Using a convincing causal model of violence Kasozi attributes the major causes of violence in Uganda to social inequality the failure to develop legitimate conflict resolution mechanisms and factors that have influenced the domain and patterns of conflict in that society such as lack of a common language religious sectarianism vigilante justice and gender inequality He concludes the study by drawing comparisons with neighbouring countries and offering some prescriptions for alleviating the violence Kasozi was assisted by Nakanyike Musisi and James Mukooza Sejjengo who participated in the research on this book The Social Origins of Violence in Uganda is one of the most thorough and comprehensive analyses of the causes levels and incidence of more than two decades of violence in Uganda **Constitutional Law, Democracy and Development** Douglas Karekoma Singiza,2019-02-21 Uganda like many African countries in the 1990s adopted decentralisation as a state reform measure after many years of civil strife and political conflicts by transferring powers and functions to district councils The decision to transfer powers and functions to district councils was in the main linked to the quest for democracy and development within the broader context of the nation state This book s broader aim is to examine whether the legal and policy framework of decentralisation produces a system of governance that better serves the greater objectives of local democracy local development and accommodation of ethnicity Specifically the book pursues one main aim to examine whether indeed the existing legal framework ensures the smooth devolution process that is needed for

decentralised governance to succeed In so doing the book seeks overall to offer lessons that are critically important not only for Uganda but any other developing nation that has adopted decentralisation as a state restructuring strategy The book uses a desk top research method by reviewing Uganda s decentralisation legal and policy frameworks

Preventing Violent Conflict in Africa Y. Mine,F. Stewart,S. Fukuda-Parr,T. Mkandawire,2013-10-17 Horizontal inequalities are root causes of violent conflict in Africa Yet people take actions not because of statistical data on inequalities of which they might not be aware but because of injustices they perceive This volume analyses the results of original surveys with over 3 000 respondents in African cities and towns exposing clear discrepancies between objective inequalities and people s subjective perceptions The contributors examine experiences in country pairs and probe into the reasons why neighbouring countries sharing common historical traits sometimes took contrasting pathways of peace and violent conflict Combining quantitative analysis and qualitative anatomy of historical experiences of conflict and reconciliation in Rwanda Burundi Ghana C te d Ivoire South Africa Zimbabwe Uganda Tanzania Kenya and Nigeria the study brings forward a set of policy recommendations for development practitioners This work further addresses the issue of institutional choice and reveals how sustainable power sharing and decentralisation contribute to political stability in Africa

Abu Mayanja, MP A. B. K. Kasozi,2024-02-01 This book Abu Mayanja MP The intellectual star of Uganda s Struggle for independence and the search for a liberal democratic state 1929 2005 is a biography of a brilliant African politician a history of a country and a continent told through the lens and activities of an individual politician The book breaks new ground in how Uganda and Africa have been viewed by academic and popular opinion Mayanja s life sheds light on the last days of colonialism and the early postcolonial history of Uganda and other African countries First although Africa particularly Uganda is viewed by popular imagination through the images of dictatorial and corrupt African leaders like Amin Obote Mubotu Bokassa Bongo and others there were and still are voices of reason who advocated for the advantages of good governance Secondly it shows that it is not only heads of states who influenced the political direction of postcolonial states in the period just before and after independence Other actors shaped the opinions of the masses and influenced how laws were formed and implemented Thirdly Mayanja is one of those public intellectuals who stood up to autocracy and what he thought should be done through words and actions He analysed political and social issues at a higher conceptual level than almost all his contemporaries He was indeed the intellectual star of Uganda s struggle for self rule and the nine years that followed independence His ridiculing of those in power for their failure to know or understand governance issues landed him in prison and denied him full participation in governing the Uganda postcolonial state But he left deep footprints on Uganda s and East African political thought Had his suggestions for managing postcolonial Uganda been followed the country would not have suffered as severely as it has since 1966

Negotiating the End of the British Empire in Africa, 1959-1964 Peter Docking, 2021-12-02 This book examines conferences and commissions held for British colonial territories in East and Central Africa in the early 1960s Until 1960 the British and colonial governments regularly employed hard methods of colonial management in East and Central Africa such as instituting states of emergency and imprisoning political leaders A series of events at the end of the 1950s made hard measures no longer feasible including criticism from the United Nations As a result softer measures became more prevalent and the use of constitutional conferences and commissions became an increasingly important tool for the British government in seeking to manage colonial affairs During the period 1960-64 a staggering sixteen conferences and ten constitutional commissions were held for British colonies in East and Central Africa This book is the first of its kind to provide a detailed overview of how the British sought to make use of these events to control and manage the pace of change The author also demonstrates how commissions and conferences helped shape politics and African popular opinion in the early 1960s Whilst giving the British government temporary respite conferences and commissions ultimately accelerated the decolonisation process by transferring more power to African political parties and engendering softer perceptions on both sides Presenting both British and African perspectives this book offers an innovative exploration into the way that these episodes played an important part in the decolonisation of Africa It shows that far from being dry and technical events conferences and commissions were occasions of drama that tell us much about how the British government and those in Africa engaged with the last days of empire
