Political Mythology Of Apartheid:

The Political Mythology of Apartheid Leonard Monteath Thompson, 1985 *Mythology* Desmond Tutu, 1985*

Political Myth-making, Nationalist Resistance and Populist Performance Mark Nartey, 2022-11-30 Using the socio political discourse of Kwame Nkrumah a pioneering Pan Africanist and Ghana's independence leader Nartey investigates the notion of political myth making in a context underexplored in the literature He examines Nkrumah's construction of a myth described in the book as the Unite or Perish myth i.e the idea of a United States of Africa being a prerequisite for the survival of Africa in the post independence period exploring the rhetorical resources he deployed categorizing and analyzing key tropes and metaphors and setting out the myth's basic components This book focuses on three areas an investigation of political myth making as a social and discursive practice in order to identify particular semiotic practices and linguistic patterns deployed in the construction of mythic discourse the unpacking of the discursive manifestation representation features and functions of political mythic themes and finally to propose and implement an integrated discourse analytical framework to account for the complexities of mythic discourse and political narratives in general It analyzes how Nkrumah deployed his discourse to concurrently construct heroes and villains protagonists and antagonists as part of an ideological mechanism aimed at galvanizing support for and instigating action on the part of the masses towards his lifelong African dream Nartey's book steps out from the conventional domain of critical discourse studies to focus on myth as a form of populist performance It will be of interest to postgraduate students and academics in critical discourse studies rhetorical discourse analysis African and Diaspora studies and African history as well as non academics such as journalists political commentators and people who consider themselves to be Nkrumaists and Pan Africanists *Man's Most Dangerous Myth* Ashley Montagu, 2001-04-19 *Man's Most Dangerous Myth* was first published in 1942 when Nazism flourished when African Americans sat at the back of the bus and when race was considered the determinant of people's character and intelligence It presented a revolutionary theory for its time breaking the link between genetics and culture it argued that race is largely a social construction and not constitutive of significant biological differences between people In the ensuing 55 years as Ashley Montagu's radical hypothesis became accepted knowledge succeeding editions of his book traced the changes in our conceptions of race and race relations over the 20th century Now over 50 years later *Man's Most Dangerous Myth* is back in print fully revised by the original author Montagu is internationally renowned for his work on race as well as for such influential books as *The Natural Superiority of Women* *Touching and The Elephant Man* This new edition contains Montagu's most complete explication of his theory and a thorough updating of previous editions The Sixth Edition takes on the issues of the Bell Curve IQ testing ethnic cleansing and other current race relations topics as well as contemporary restatements of topics previously addressed A bibliography of almost 3 000 published items on race compiled over a lifetime of work is of enormous research value Also available is an abridged student edition containing the essence of Montagu's argument its policy implications and his

thoughts on contemporary race issues for use in classrooms Ahead of its time in 1942 Montagu's arguments still contribute essential and salient perspectives as we face the issue of race in the 1990s Man's Most Dangerous Myth is the seminal work of one of the 20th century's leading intellectuals essential reading for all scholars and students of race relations **The Pitfalls of Liberal Democracy and Late Nationalism in South Africa** M. Muiu, 2008-12-08 This book compares African and Afrikaner nationalisms to demonstrate that the transition from apartheid to liberal democracy in South Africa was a neo colonial settlement that left the economy and the military and security sectors under the control of the white minority while increasing wide socioeconomic disparities between rich and poor **The Oxford Encyclopedia of African Thought** Abiola Irele, 2010 From St Augustine and early Ethiopian philosophers to the anti colonialist movements of Pan Africanism and Negritude this encyclopedia offers a comprehensive view of African thought covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse philosophy political thought religion literature important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience The Encyclopedia is a large scale work of 350 entries covering major topics involved in the development of African Thought including historical figures and important social movements producing a collection that is an essential resource for teaching an invaluable companion to independent research and a solid guide for further study **The Legacy of a Troubled Past** Bernard Cros, Mathilde Rogez, Gilles Teulie, 2022-06-07 Since the advent of democracy in 1994 South Africa has been engaged in an unprecedented exercise of national soul searching torn between the need to lay to rest centuries of racial conflict and the desire to come to terms with its traumatic history This book asks whether the country has begun to turn the corner on the legacy of collective hurt To do so it ranges in scope across 350 years of South African history encompassing the struggle against the apartheid regime the downfall of white supremacy the Truth and Reconciliation Commission and the first 25 years of democracy up to more recent movements such as RhodesMustFall or the inquests into the 2012 Marikana massacre that point to the persistence of traumatic memory in contemporary society The authors assembled here set out to analyse the representation of such memory how it has been woven into narratives recorded preserved and questioned and how issues of individual and collective responsibility have been grafted onto it through the visual arts literature political discourse and public action In focusing on memory along with its derived forms of memorialization collective memory nostalgia or post memory our contributors pose a fundamental question is South Africa finally coming to the end of the post apartheid transition period Do the decades of memory work on racial violence and repression examined here hold out hope for the nation to make peace with its past **Congressional Record Index**, 1985 Includes history of bills and resolutions *White Supremacy and Black Resistance in Pre-industrial South Africa* Clifton C. Southern Africa The Bounds of Race Dominick LaCapra, 2018-08-06 The concept of race is central to one of the most powerful ideological formations in history Dominick LaCapra argues in his introduction to this volume and understanding the effects of that ideology and its intricate relations with issues of class and gender is one of the most pressing challenges to contemporary modes of thought The eleven essays comprising The Bounds of Race confront this challenge with insight rigor and imagination The authors take on questions of language genre and politics with reference to African American Anglo American African South African Francophone North African British and Afro Hispanic texts Individual chapters discuss writings from an array of genres including homily autobiography the novel children's literature and political and scientific discourse Taken together the essays argue persuasively that the existing canon must be expanded that the protocols of interpretation must be transformed to make a prominent place for such issues as race and that the problem of interpretation cannot be posed in the absence of theoretically informed modes of historical investigation The Bounds of Race provides a subtle analysis of the variable role of racial ideologies and traces the interplay between hegemonic constraints and the strategies of resistance to them Canonization and Teaching of African Literatures , 2024-11-25 A Global Encyclopedia of Historical Writing D.R. Woolf, 2014-06-03 First published in 1998 Routledge is an imprint of Taylor Francis an informa company **A Missiology of the Road** J Kevin Livingston, 2014-09-25 David Bosch 1929 1992 was one of the foremost mission theologians of the twentieth century a prolific scholar committed church leader and active participant in the global conciliar and evangelical mission movements His distinctive role in the South African church's struggle against apartheid is less well known however After reviewing Bosch's background and exploring key themes in his understanding of mission and evangelism Livingston explores Bosch's legacy from the perspective of the missionary nature of the church The church is God's kingdom community acting as a witness to and instrument of the coming reign of God The church is God's alternative community simultaneously set apart from the world but also existing for the sake of the world exemplifying the radical implications of Christ's new community It is also God's reconciled and reconciling community serving as a sign and embodiment of God's love in Christ For those acquainted with Bosch only as the author of his magisterial Transforming Mission A Missiology of the Road shows how Bosch integrated his theology and practice in a faithful contextually relevant way within South Africa and the global church Constitutionalism and Transitional Justice in South Africa Andrea Lollini, 2011 Over the last fifteen years the South African postapartheid Transitional Amnesty Process implemented by the Truth and Reconciliation Commission TRC has been extensively analyzed by scholars and commentators from around the world and from almost every discipline of human sciences Lawyers historians anthropologists and sociologists as well as political scientists have tried to understand describe and comment on the shocking South African political decision to give amnesty to all who fully disclosed their politically motivated crimes committed during the apartheid era Investigating the postapartheid transition in South Africa from a multidisciplinary perspective involving constitutional law criminal law history

and political science this book explores the overlapping of the postapartheid constitution making process and the Amnesty Process for political violence under apartheid and shows that both processes represent important innovations in terms of constitutional law and transitional justice systems Both processes contain mechanisms that encourage the constitution of the unity of the political body while ensuring future solidity and stability From this perspective the book deals with the importance of several concepts such as truth about the past publicly shared memory unity of the political body and public confession

National Identity and State Formation in Africa Manuel Castells, Bernard

Lategan, 2021-03-17 This book examines how the interplay between globalization and the assertion of local identities is reshaping the political landscape of Africa. While defending their values against external forces, people simultaneously and paradoxically use the interconnectivity of global networks to maximize their particular interests. Focusing on the relation between national identity and state formation, the authors explore the far-reaching consequences of these contradictory dynamics. Although Africa shares many common trends with other parts of the world, it also displays distinctive features. A region characterized by the increased mobility of people, goods, and ideas challenges some conventional assumptions of statecraft and also highlights the advantages of federalism not merely as a constitutional option but as a pragmatic device for managing diversity and holding fragile states together. The book further explores emerging types of state formation in the same political space as exemplified by the combination of elements of a kingdom, an independent state, and a national power base in the province of KwaZulu Natal and the careful crafting of an alternative state within a state by the Solidarity Movement in South Africa. Informed by examples and case studies drawn from different parts of Africa, this book will be of great interest to students and scholars of Africa, politics, sociology, media studies, and the social sciences more generally.

Mfecane Aftermath Carolyn Hamilton, 1995 The idea that the period of social turbulence in the nineteenth century was a consequence of the emergence of the powerful Zulu kingdom under Shaka has been written about extensively as a central episode of southern African history. Considerable dynamic debate has focused on the idea that this period the mfecane left much of the interior depopulated, thereby justifying white occupation. One view is that the time of troubles owed more to the Delagoa Bay Slave trade and the demands of the labour-hungry Cape colonists than to Shaka's empire building. But is there sufficient evidence to support the argument? The *Mfecane Aftermath* investigates the very nature of historical debate and examines the uncertain foundations of much of the previous historiography.
