Political Women In Japan:

Political Women in Japan Susan J. Pharr, 1981-01-01 *Political Women in Japan* Susan J. Pharr, 2023-04-28 Drawing on interviews with one hundred young Japanese women engaged in a spectrum of voluntary political groups Susan J Pharr explores how politically active women overcome the constraints that bar or limit the political participation of the average woman The book treats political volunteers as agents of social change in a process of role redefinition by which prevailing concepts of women's roles gradually adjust to accommodate political behavior Tracing developments that led to the grant of suffrage and other political rights to women during the Allied occupation Pharr sets the stage for an analysis of that process as it unfolds in the experience of individual women She uses women's images of self and society and issues of political and gender role socialization career and life expectations and political role and participation to develop a three fold typology for looking at political women in Japan She examines both the satisfactions of political volunteerism from the exhilaration of addressing a crowd from a sound truck to the pleasure of speaking men's language and the psychological and social costs associated with it This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 *Women and Politics in Contemporary Japan* Emma Dalton, 2015-02-11 This book looks at the gendering of the political system in Japan and the effects of that system on gender equality in national level politics specifically and wider society more generally It examines the approach taken by the long ruling Liberal Democratic Party LDP to issues of gender equality in Japan and the repercussions of that approach on women's political experiences and representation This book covers a range of themes including the role of the LDP and other major political parties in constructing the modern Japanese political system the under representation of women in Japanese politics women's experiences in party politics and the gendering of government policies Using in depth interviews with women members of the national Diet the book sheds light on how political women negotiate the male dominated world of Japanese politics

Women and Politics in Contemporary Japan Emma Dalton, 2015-02-11 This book looks at the gendering of the political system in Japan and the effects of that system on gender equality in national level politics specifically and wider society more generally It examines the approach taken by the long ruling Liberal Democratic Party LDP to issues of gender equality in Japan and the repercussions of that approach on women's political experiences and representation This book covers a range of themes including the role of the LDP and other major political parties in constructing the modern Japanese political system the under representation of women in Japanese politics women's experiences in party politics and the gendering of government policies Using in depth interviews with women members of the national Diet the book sheds light on how political women negotiate the male dominated world of Japanese politics *Japan's Multilayered Democracy* Sigal

Ben-Rafael Galanti, Alon Levkowitz, Nissim Otmazgin, 2014-12-24 This book introduces a multilayered approach to the study of democracy combining specific knowledge of Japan with theoretical insights from the literature on democratization. It examines different aspects of Japanese democracy: historical, institutional, and sociocultural, to provide a conscious understanding of the nature and practice of democracy both in Japan and beyond. The book's chapters give testimony to the dynamic nature and continuity of Japanese democracy and analyze its strengths and weaknesses. The central argument of this book is that Japan's democratization should be seen as a multilayered experience shaped by the gradual process of absorbing democratic ideas, forming democratic institutions, and practicing democratic behaviors and rituals at various levels of society. As the case of Japan shows, democracy is neither a structured formula nor only a set of democratic laws and institutions but a continuous gradual process.

Japanese Contemporary Politics Akio Igarashi, 2018-06-27 In the postwar period, Japanese politics has evolved considerably, with issues of gender representation and household economics becoming increasingly salient. Meanwhile, since the end of the Cold War, Japan has joined other developed states in the process of decentralization and deindustrialization. Yet its restructuring has come at a slower pace as the Japanese bureaucracy attempts to retain a more traditional approach. This book is a translated and updated version of the author's 2010 monograph *Nihon seijiron*, which traces these developments in Japanese politics from the end of the Asia Pacific wars to the present day. Examining each of the key stages of transition, it looks at four aspects of Japanese politics: high politics, interest-centered politics, life-centered politics, and globalization. It also provides up-to-date analysis of contemporary themes, including the Abe administration's challenge to international politics and coverage of nuclear issues. Written by an experienced Japanese scholar, this book ultimately demonstrates how globalization has transformed the nature of local politics as well as national security. However, as seen in the recent triple disaster of 2011, a chapter on which has been added, Japanese politics retains traditional practices that have led to corruption scandal and political mistrust among the electorate. Offering a comprehensive introduction to Japanese politics, this book will be invaluable reading for students and scholars of Japanese politics and comparative and Asian politics in general.

Women and Political Inequality in Japan Mikiko Eto, 2020-12-17 Why are there so few Japanese women involved in the political system? In 2019, Japanese women made up 10% of the national Lower House, 21% of the Upper House, and 14% of local assemblies. According to the Inter-Parliamentary Union, this places Japan 164th out of 193 countries when it comes to women's representation in the legislature. The percentage of women in the Lower House has only increased by fewer than two percentage points since women gained full suffrage and the right to stand for election in Japan in 1946. Eto analyses the various factors that have led to women's low presence in the Japanese legislature. She evaluates ways in which it might be possible for Japan to catch up and, in doing so, examines how Japanese society continues to perpetuate gender-rigid expectations of people. This text is a valuable study for scholars of Japanese politics and society and for readers with an interest in the broader issue of the representation of women in politics.

Women's Political Participation and

Representation in Asia Kazuki Iwanaga, 2008 The ability of a small elite of highly educated upper class Asian women to obtain the highest political positions in their country is unmatched elsewhere in the world and deserves study But there is a marked lack of relevant research as well as of comprehensive and user friendly texts Aiming to fill the gap is this timely and important study of the various obstacles and opportunities for women's political participation and representation in Asia

Routledge Handbook of Japanese Politics Alisa Gaunder, 2011-02-25 The Routledge Handbook of Japanese Politics is an advanced level reference guide which surveys the current state of Japanese politics featuring both traditional topics and cutting edge research The volume is divided into five sections covering domestic politics civil society social policy political economy and international relations security The first four sections begin with an overview chapter that provides historical background information on the section's overarching topic The chapters that follow explore more specific topics in the sub area In the final section historical background information is contained in the individual chapters which cover the diverse areas of international political economy security and foreign policy Offering a complete overview of the full spectrum of Japanese politics the Handbook is an invaluable resource for academics researchers policy analysts graduate and undergraduate students studying this ever evolving field

Gender and Human Rights Politics in Japan Jennifer Chan-Tiberghien, Jennifer Chan, 2004 This book examines the impact of global human rights norms on the development of women's children's and minority rights in Japan since the early 1990s

Gender Policies in Japan and the United States: Comparing Women's Movements, Rights and Politics J. Gelb, 2003-12-11 This book is the first to explore the similarities and differences in gender related policy making and outcomes in Japan and the United States It focuses on the role of women's movements and other factors in determining policy Three policies are examined Equal employment domestic violence and reproductive rights with additional attention to gender equality policy in Japan and family friendly policy in both nations The analysis examines the significance of international feminism and new standards of gender equity kansetsu gaiatsu as a resource for Japanese feminists seeking policy reform as well as new trends toward policy cooperation The future role of the United States long a leader in policy development for women is critically analyzed and Gelb suggests that American feminists and policymakers can learn important lessons from the experience of Japanese women's movements and efforts at influencing public policy

The Oxford Handbook of Japanese Politics Robert J. Pekkanen, Saadia Pekkanen, 2021-10-11 Through more than 40 chapters by leading specialists the Oxford Handbook of Japanese Politics examines major aspects of both domestic politics and international relations In addition to providing a broad overview of contemporary Japanese politics the chapters are united by a shared question what is the nature and quality of Japanese democracy Contributors consider this matter alongside their individual subjects which together comprehensively address the central research topics of the field

Religion and Politics in Contemporary Japan Anne Mette Fisker-Nielsen, 2012 Presenting a study of politics at grassroots level among young Japanese this book examines the alliance between the religious movement Soka Gakkai the Value creation

Society and Komeito the Clean Government Party which shared power with the Liberal Democratic Party from 1999 to 2009 Drawing on primary research carried out among Komeito supporters the book focuses on the lives of supporters and voters in order to better understand the processes of democracy It goes on to discuss what the political behaviour of young Komeito supporters tell us about the role of religious organizations such as Soka Gakkai in Japanese politics Unlike most other books on politics in Japan which tend to concentrate on political elites this book provides extremely valuable insights into political culture at the grassroots level

Japanese Politics and Government Alisa Gaunter,2023-02-27 The revised 2nd edition of this successful textbook explores Japanese politics in the postwar era from theoretical and comparative perspectives After providing historical context it offers an in depth exploration of postwar political institutions political reform in the 1990s the policymaking process and the politics of economic growth and stagnation By delving into Japan s international relations the book sheds light on Japan s security and foreign policies and Japan s role in Asia The textbook concludes by addressing what has changed since party alternation in 2009 the triple disaster in March 2011 and the global Covid pandemic Themes and questions addressed throughout the text include How and why did Japan modernize so successfully when so many other countries fell prey to colonialism and authoritarianism What explains the Japanese economic miracle and its subsequent economic stagnation What accounts for Japan s successful democratization In the international realm why has Japan achieved economic superpower status without achieving political superpower status What is the future trajectory of Japanese politics Connecting Japan to larger themes in comparative politics and linking Japan s history institutions policymaking process and international relations to experiences and structures in other countries this book is essential reading for students of Japanese or Asian Politics

Globalisation and Women in the Japanese Workforce Beverley Bishop,2004-12-15 This book contributes to the debate about the impact of globalisation upon women and examines the impact of restructuring upon women s employment in Japan

Women and Politics Worldwide Barbara J. Nelson,Najma Chowdhury,Nājamā Caudhurī,1994-01-01 This is the first book to analyse the complexities of women s political participation on a cross national scale and from a feminist perspective Surveying forty three countries chosen to represent a variety of political systems regions and levels of ecomic development questions of women s status power means and methods of reform are addressed on a global scale Includes chapters on the following countries Argentina Australia Bangladesh Bolivia Brazil Canada China Costa Rica Cuba Czechoslovakia former Egypt France Germany Ghana Great Britain Greece Hong Kong Hungary India Israel Japan Kenya Korea Rebpublic of South Korea Mexico Morocco Nepal The Netherlands Nigeria Norway Palestine Papua New Guinea Peru The Philippines Poland Puerto Rico South Africa Spain Sudan Switzerland Turkey Union of Soviet Socialist Republics former United States Uruguay

Green Politics in Japan Lam Peng-Er,2005-06-22 An important comparative study of Japanese politics that reveals that green issues have yet to displace the traditional urban politics of post industrial Japan This is unlike the rise of green parties and politics in Europe Unlike Europe it seems that political values in Japan are still

informed by the conservative values of hierarchy and deference The Emergence of Modern Japan Janet Hunter, 2014-06-06 The main emphasis of this book is upon political social and economic developments as conditioned by Japan's interaction with the outside world the advance of industrialisation and the emergence of the Japanese nation state Unlike previous textbooks on the history of modern Japan Janet Hunter's book adopts a thematic approach which makes the period much more accessible for readers who wish to pursue their particular interests throughout the period Moreover it will also establish a greater awareness of the cultural and institutional continuities which are crucial to any proper understanding of modern Japan Japanese Women and Sport Robin Kietlinski, 2011-12-01 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com In Japanese Women and Sport Robin Kietlinski sets out to problematize the hegemonic image of the delicate Japanese woman highlighting an overlooked area in the history of modern Japan Previous studies of gender in the Japanese context do not explore the history of female participation in sport and recent academic studies of women and sport tend to focus on Western countries Kietlinski locates the discussion of Japanese women in sport within a larger East Asian context and considers the socio economic position and history of modern Japan Reaching from the early 20th century to the present day Kietlinski traces the progression of Japanese women's participation in sport from the first female school for physical education and the foundations of competitive sport through to their growing presence in the Olympics and international sport Dictionary of the Modern Politics of Japan Prof J A A Stockwin, J. A. A. Stockwin, 2003-08-27 The politics of Japan are less widely reported than its economics Most people are aware of the economic miracle following the Second World War whereby Japan became the second largest economy in the world after the United States and the economic stagnation of the early 1990s is also well known But it is difficult to make sense of these phenomena without a knowledge of the political system and the ways in which it works in practice Containing an introductory essay an essay on theories of Japanese politics and over 250 A Z entries the Dictionary of the Modern Politics of Japan remedies this imbalance and answers the need for an accessible work of reference bringing together information and authoritative analysis on all aspects of the politics of Japan and the Japanese political system Including a fully annotated bibliography to guide the user to further reading the entries are thoroughly cross referenced and indexed and are supplemented with maps and tables to ensure that the Dictionary of the Modern Politics of Japan is essential reading for all scholars and students of the politics and international relations of Japan

Yeah, reviewing a book **Political Women In Japan** could go to your close contacts listings. This is just one of the solutions for you to be successful. As understood, success does not recommend that you have fabulous points.

Comprehending as competently as settlement even more than extra will have the funds for each success. next-door to, the broadcast as capably as acuteness of this Political Women In Japan can be taken as skillfully as picked to act.
