Politicide Ariel Sharons War Against The Palestinians:

Politicide Baruch Kimmerling, 2020-05-05 Ariel Sharon is one of the most experienced shrewd and frightening leaders of the new millennium Despite being found both directly and indirectly responsible for acts considered war crimes under international law he became Prime Minister of Israel a political victory he won by provoking the Palestinians into a new uprising the second intifada From the beginning of his career Sharon was regarded as the most brutal deceitful and unrestrained of all the Israeli generals and politicians A man of monstrous vision his attempts to destroy the Palestinian people have included the proposal to make Jordan the Palestinian state and the now infamous invasion of Lebanon in 1982 which resulted in the Shabra and Shatila massacres Baruch Kimmerling s new book describes Sharon s quest to reshape the whole geopolitical landscape of the Middle East He describes how Sharon is committed to politicide the destruction of the Palestinian political identity and how he has won the support of powerful elements within Israeli society and the present American administration in order to achieve this At this time of crisis Kimmerling exposes the brutality of Sharon and his junta s solutions and constructs a devastating indictment of a man whose cruelty and ruthlessness have resulted in widespread and indiscriminate slaughter *Politicide* Baruch Kimmerling, 2003 A compelling history of Sharon e tm s rise to power and a forensic account of his crimes against the Palestinians

The Zionist Bible Nur Masalha, 2014-10-20 Throughout the history of European imperialism the grand narratives of the Bible have been used to justify settler colonialism The Zionist Bible explores the ways in which modern political Zionism and Israeli militarism have used the Bible notably the Book of Joshua and its description of the entry of the Israelites into the Promised Land as an agent of oppression and to support settler colonialism in Palestine The rise of messianic Zionism in the late 1960s saw the beginnings of a Jewish theology of zealotocracy based on the militant land traditions of the Bible and justifying the destruction of the previous inhabitants The Zionist Bible examines how the birth and growth of the State of Israel has been shaped by this Zionist reading of the Bible how it has refashioned Israeli Jewish collective memory erased and renamed Palestinian topography and how critical responses to this reading have challenged both Jewish and Palestinian nationalism **The Iron Wall** Avi Shlaim, 2015-07-30 Avi Shlaim s The Iron Wall Israel and the Arab World is the outstanding book on Israeli foreign policy now thoroughly updated with a new preface and chapters on Israel s most recent leaders In the 1920s hard line Zionists developed the doctrine of the Iron Wall negotiations with the Arabs must always be from a position of military strength and only when sufficiently strong Israel would be able to make peace with her Arab neighbours This doctrine argues Avi Shlaim became central to Israeli policy dissenters were marginalized and many opportunities to reconcile with Palestinian Arabs were lost Drawing on a great deal of new material and interviews with many key participants Shlaim places Israel s political and military actions under and uncompromising lens His analysis will bring scant comfort to partisans on both sides but it will be required reading for anyone interested in this fascinating and troubled region of the world The Iron Wall is strikingly

fair minded scholarly cogently reasoned and makes enthralling reading Philip Ziegler Daily Telegraph Anyone wanting to understand the modern Middle East should start by reading this elegantly written and scrupulously researched book Trevor Royle Sunday Herald A milestone in modern scholarship of the Middle East Edward Said Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history Ethan Bronner The New York Times Book Review Avi Shlaim is Professor of International Relations at St Antony's College Oxford His previous books include *Collusion Across the Jordan* 1988 and *War and Peace in the Middle East* 1995 *Conflict Transformation and the Palestinians* Alpaslan

Ozerdem, Chuck Thiessen, Mufid Qassoum, 2016-12-01 first in depth exploration of the challenge of transforming violent conflict under a military occupation features prominent Palestinian researchers and practitioners to provide a rigorous critique will be of interest to students of conflict resolution peace studies Middle Eastern politics security studies and IR

Palestine and the Palestinians Samih K. Farsoun, 2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return

Jerusalem the diplomatic peace process and two state single state solutions *Israel, Palestine, & the Quest for Middle East Peace* Dennis J. Deeb II, 2013-06-13 After the U S led invasion of Afghanistan and Iraq Pakistan's then President Pervez Musharraf declared The Palestinian front is affecting the entire Muslim world All terrorists and militant activity in the world today has been initiated because of the Palestinian problem This is because of the sense of hopelessness alienation and powerlessness The decade following the aftermath of September 11th has only proven that a comprehensive peace settlement in the Middle East and a resolve to the Israeli Palestinian conflict are a crucial necessity to global stability In this well researched and thoroughly documented work Professor Dennis J Deeb II objectively aims to provide both a historical narrative of the events surrounding the Israeli Palestinian conflict and a historiography exploring the failures to achieve the end result of a final settlement between the Israelis and the Palestinians What went wrong with peace This book explores the issues of contention that must be resolved between the parties to reach a lasting settlement **Israel in the Post Oslo Era**

As'ad Ghanem, Mohanad Mustafa, Salim Brake, 2018-12-12 Israel in the Post Oslo Era examines the official Israeli stands and policies towards the Palestinian problem from the beginning of the twenty first century The book argues that Israel is gradually withdrawing from the commitment of a two state solution and from the general framework of the peace process that started in 1993 with the signing of the Oslo accord The main factor behind Israel's shift regarding the conflict and its resolution is related to the steady and gradual rise of the Israeli right since the 2009 general elections to reach the dominant block status These fundamental changes are the result of profound social transformations such as the functional significance of marginal groups The unprecedented growth of the right disputes basic questions addressed in this book including the

official Israeli approach towards the Palestinian problem in general particularly the two state solution The book examines these developments and the overall Israeli withdrawal from the peace process and its commitment to a two state solution Israel in the Post Oslo Era is an invaluable resource for students and researchers interested in Arab Israeli conflict resolutions Middle East and Israeli Politics

Muslim Perspectives on Islamophobia Zouhir Gabsi, 2024-08-06 The Islamic positioning of Islamophobia is presented in this book Through Islamic or Muslim perspectives the book engages with various Islamic texts and discourses spoken and written emanating from preachers and scholars of Islam to discuss the points of convergence and divergence with the Western interpretation of the phenomenon The book aims to look at Islamophobia from a hitherto unexplored angle by first analyzing the points of convergence and divergence between the internal Muslim and external Western perspectives and then by providing new approaches to curbing Islamophobia through a holistic spiritual dimension of Islam and cultural memory The book contends that the bridges of understanding between the East and the West can only be built if some of Islam s theological concepts such as the place of reason in Islam are reinterpreted by considering the Islamic perspectives While the book acknowledges previous work on Islamophobia it contributes to a deeper understanding of Islamophobia in its internal and external manifestations by considering the theoretical frameworks of racism and xenophobia Readers interested in Islamic studies and anti racism narratives would find this book s eclectic approach and balanced perspective of the phenomenon informative and enlightening

Christians and a Land Called Holy Charles P. Lutz, Robert Ora Smith, Fair minded and sympathetic to Jewish Muslim and Christian concerns Lutz and Smith provide a clear account of the Israeli Palestinian situation and a compelling plea for Christian involvement in the area Carefully sorting out the tangled historical and religious roots of the problems they reveal the strong forces at work in the conflict and lay out the driving biblical notions of election and covenant the historical causes of the bitter and divisive clashes of the last 50 years the complex demographic and political issues today how Palestinians particularly Christians have been affected by the turmoil and how finally Christians must engage the future of justice and peace Includes maps and twelve black and white photos
