Politics Of Antisemitism

Robert Nemes, Daniel Unowsky

Politics Of Antisemitism:

The Politics of Anti-Semitism Alexander Cockburn, Jeffrey St. Clair, 2003 A searing expose of the sordid exploitation and cheapening of that most emotive of phrases Antisemitism and the Politics of History Scott Ury, Guy Miron, Gai Miron, 2023-10-21 A ground breaking collection of essays regarding the history implementation and challenges of using antisemitism and related terms as tools for both historical analysis and public debate A unique sophisticated contribution to current debates in both the academic and the public realms regarding the nature and study of antisemitism today

Right-Wing Politics and the Rise of Antisemitism in Europe 1935-1941 Frank Bajohr, Dieter Pohl, 2019-01-02 A New Forum for International Holocaust Research European Holocaust Studies EHS publishes key international research results on the murder of the European Jews and its wider contexts This new English language yearbook primarily aims to bring together and provide higher visibility to research contributions produced across different countries and institutions It also strives to promote international exchange especially among scholars from North America Europe and Israel The EHS issues are thematic Each issue features a selection of peer reviewed research articles which offer novel perspectives on the main theme Further sections include a discussion of key documents and a selection of research project descriptions related to the overall topic as well as a literature review or essay dealing with historiographical debates on the subject **Antisemitism, Islamophobia and the Politics of Definition** David Feldman, Marc Volovici, 2023-06-05 This book the first to explore the politics of definitions from an interdisciplinary perspective encourages readers to reconsider the value and limits of definitions in confronting antisemitism and Islamophobia In recent years definitions of antisemitism and Islamophobia have become central to the struggle to combat the hostility harassment and discrimination experienced by Jews and Muslims Yet these definitions have also provoked fierce controversy critics have questioned whether they are fit for purpose or have criticised them as unwelcome attempts to restrict freedom of expression In this edited collection historians social scientists and philosophers reflect on definitions of antisemitism and Islamophobia in both the past and the present Its contributors investigate the different historical contexts which have shaped definitions and examine their different political purposes and meanings as well as addressing contemporary debates and identifying ways for us to move beyond our current impasse This book therefore provides a broad and new perspective from which to comprehend present day minority politics *The Politics Of Antisemitic Prejudice* Richard Mitten, 2019-07-11 Ludwig Wittgenstein once remarked I think the good in Austria is particularly difficult to understand In a certain sense it is more subtle than all the rest and its truth is never on the side of probability For forty years official Austria christened by the Allies as Hitler s first victim wavered that the sedulously cultivated visions of cherubic choir boys Lippizaner horses and Mozartkugels could seduce the world into ignoring another truth about Austria that of Wehrmacht soldiers antisemitic slurs and cheering crowds on Heldenplatz The debate surrounding Kurt Waldheim dashed such improbable illusions permanently Richard Mitten seeks to discover the truth behind

the Waldheim controversy in its historical and political context Whereas other books have focused on Waldheim s personal biography Mitten argues that the essential point in the Waldheim affair is not Waldheim himself but the political and cultural climate that made his election possible Mitten examines Waldheim s 1986 presidential election campaign which both elicited and profited from profound chauvinistic and antisemitic resentments The Politics of Antisemitic Prejudice is also the first book in English to study the dynamics of the Waldheim affair in the Austrian and American media The author demonstrates how mistaken perceptions led both Waldheim s supporters and his critics to press their nearly diametrically opposed convictions with an identical moral vocabulary Finally Mitten re examines the debate over Waldheim s criminality and suggests that the former UN Secretary General has come to stand as the symbol of a more general postwar unwillingness or inability to adequately confront the implications of the Nazi abomination **Rehearsal for Destruction** Paul W. Massing,1949

Sites of European Antisemitism in the Age of Mass Politics, 1880-1918 Robert Nemes,Daniel Unowsky,2014-07-29 This innovative collection of essays on the upsurge of antisemitism across Europe in the decades around 1900 shifts the focus away from intellectuals and well known incidents to less familiar events actors and locations including smaller towns and villages This from below perspective offers a new look at a much studied phenomenon essays link provincial violence and antisemitic politics with regional state and even transnational trends Featuring a diverse array of geographies that include Great Britain France Austria Hungary Romania Italy Greece and the Russian Empire the book demonstrates the complex interplay of many factors economic religious political and personal that led people to attack their Jewish neighbors Leo Strauss and the Politics of Exile Eugene Sheppard,2007-01-31 A probing study that demystifies the common portrayal of Leo Strauss as the inspiration for American neo conservatism by tracing his philosophy to its German Jewish roots

The Changing Face of Anti-Semitism Walter Laqueur,2008-06-30 For thirty years the director of the Wiener Library in London the leading institute for the study of anti Semitism Walter Laqueur here offers both a comprehensive history of anti Semitism as well as an illuminating look at the newest wave of this phenomenon Laqueur begins with an invaluable historical account of this pernicious problem tracing the evolution from a predominantly religious anti Semitism stretching back to the middle ages to a racial anti Semitism that developed in the late 19th and early 20th centuries The author then uses this historical account as backdrop to a brilliant analysis of the newest species of anti Semitism explaining its origins and rationale how it manifests itself in what ways and why it is different from anti Semitism in past ages and what forms it may take in the future The book reveals that what was historically a preoccupation of Christian and right wing movements has become in our time even more frequent among Muslims and left wing groups Moreover Laqueur argues that we can t simply equate this new anti Semitism with anti Zionism and write it off as merely anti Israel sentiments If Israel alone is singled out for heated condemnation is the root of this reaction simply anti Zionism or is it anti Semitism Here is both a summing up of the entire trajectory of anti Semitism the first comprehensive history of its kind and

an exploration of the new wave of anti-Semitism Walter Laqueur provides us with powerful new insights into an age old problem Distinguished scholarship and an authoritative moral voice are the hallmarks of this important book Anyone wanting to understand the history and persistence of anti Jewish hatred should read it Abraham H Foxman National Director Anti Defamation League

Studies in Contemporary Jewry Jonathan Frankel, 1998-02-05 Was the Holocaust a natural product of a long German history of Anti-Semitism Or were the Nazi policies simply a wild mutation of history not necessarily connected to the past Or does the truth lie somewhere in between This latest volume in the acclaimed Studies in Contemporary Jewry series edited by internationally known scholars at the Hebrew University in Jerusalem presents essays on the origins of the Holocaust The works in this volume are diverse in scope and opinion ranging from general philosophical discourses to detailed analyses of specific events and often reflecting the divergent ideologies and methods of the contributors But each adds to the whole and the result is a fascinating panorama that is sure to be indispensable to all students and scholars of the subject

Blaming the Jews Bernard Harrison, 2020-10-06 In recent years Western countries have seen a proliferation of antisemitic material in social media and attacks on Jews such as that on the Tree of Life synagogue in Pittsburgh in 2018 Much of this has stemmed not from personal hostility to Jews on the part of this or that individual but from a resurgence in groups at both ends of politics of the ancient delusion that the Jews collectively dominate world affairs and lie at the root of all the world's evils In *Blaming the Jews* author Bernard Harrison offers a new and unique analysis of this second and far more dangerous form of antisemitism and its persistence as a cultural phenomenon Questioning the assumption that antisemitism affects or targets only Jews he demonstrates that allowed to go unrecognised or unchecked antisemitism is potentially damaging to us all In a world where rhetoric is fashioned on stereotypes and driven by political ideology Harrison argues it is our responsibility to be vigilant in exposing the delusions of antisemitism and their consequences for Jews and non Jews alike

Political Radicalism in Late Imperial Vienna John W. Boyer, 1995-05-05 John Boyer offers a meticulously researched examination of the social and political atmosphere of late imperial Vienna He traces the demise of Vienna's liberal culture and the burgeoning of a new radicalism exemplified by the rise of Karl Lueger and the Christian Socialist Party during the latter half of the nineteenth century This important study paves the way for new readings of fin de siècle Viennese politics and their broader European significance Offers a comprehensive multicausal study of the rise of Christian Socialism in Vienna that phenomenon which was experienced nowhere else in urban Central Europe and which culminated in the famous clash between the Austrian establishment and the colourful domineering lead of the movement Karl Lueger R J W Evans History Boyer's analysis is masterful in terms of research exposition and organization His use of available economic data is judicious and his sense of the social structure of late nineteenth century Vienna is formidable William A Jenks American Historical Review To understand Viennese and even imperial politics in the latter half of the nineteenth century Boyer's book is absolutely essential Robert Wegs Review of Politics

Migrant City Panikos

Panayi,2020-04-07 The first history of London to show how immigrants have built shaped and made a great success of the capital city London is now a global financial and multicultural hub in which over three hundred languages are spoken But the history of London has always been a history of immigration Panikos Panayi explores the rich and vibrant story of London from its founding two millennia ago by Roman invaders to Jewish and German immigrants in the Victorian period to the Windrush generation invited from Caribbean countries in the twentieth century Panayi shows how migration has been fundamental to London s economic social political and cultural development Migrant City sheds light on the various ways in which newcomers have shaped London life acting as cheap labour contributing to the success of its financial sector its curry houses and its football clubs London s economy has long been driven by migrants from earlier continental financiers and more recent European Union citizens Without immigration fueled by globalization Panayi argues London would not have become the world city it is today *The Grace of Misery. Joseph Roth and the Politics of Exile, 1919-1939 (paperback)* Ilse Josepha Lazaroms,2012-10-19 In The Grace of Misery Joseph Roth and the Politics of Exile 1919 1939 Ilse Josepha Lazaroms offers an account of the life and intellectual legacy of Joseph Roth one of interwar Europe s most critical and modern writers

Theodor Herzl Jacques Kornberg,1993-11-22 An original and brilliant thesis exposing a long misunderstood figure A great book Bernard Avishai Excellent a highly revealing portrait that demolishes Herzl the icon Michael Marrus Other biographers have illuminated aspects of Herzl s life but none has been able to produce the kind of intellectual biography that we have here Jacques Kornberg has done an admirable job of plumbing the depths of Herzl s mind to try to come to an understanding of just why he became a Zionist and why he was literally consumed with promoting Zionist goals Cithara With compassion and critical balance placing his subject well within his Austrian milieu Kornberg analyzes Herzl s rhetoric tergiversations and profound ambivalence over his politics and identity Choice a masterful display of the sources American Historical Review stimulating provocative and agreeably iconoclastic powerful and compelling German History A novel and provocative explanation of Theodor Herzl s founding of Zionism as a way of resolving his personal crisis over his Jewish identity **Ideology and Experience** Stephen Wilson,1982-09-01 This analysis of racism in late 19th century France views the subject not in isolation but in its social context as an indicator and symptom of social change It also provides general analysis of anti Semitic ideology in France and of the Jewish response to this challenge

Hannah Arendt And The Jewish Question Richard J. Bernstein,1996-07-11 Hannah Arendt 1906 1975 was one of the most original and interesting political thinkers of the twentieth century In this new interpretation of her career philosopher Richard Bernstein situates Arendt historically as an engaged Jewish intellectual and explores the range of her thinking from the perspective of her continuing confrontation with the Jewish question Bernstein argues that many themes that emerged in the course of Arendt s attempts to understand specifically Jewish issues shaped her thinking about politics in general and the life of the mind By exploring pivotal events of her life story her arrest and subsequent emigration from Germany in 1933 her precarious

existence in Paris as a stateless Jew working for Zionist organizations her internment at Gurs and her subsequent escape and finally her flight from Europe in 1941 he shows how personal experiences and her responses to them oriented her thinking Arendt's analysis of the Jews lack of preparation for the vicious political anti-Semitism that arose in the last decade of the nineteenth century Bernstein argues led her on a quest for the ultimate meaning of politics and political responsibility Moreover he points out that Arendt's deepest insights about politics emerged from her reflections on statelessness and totalitarian domination Bernstein also examines Arendt's attraction to and break with Zionism and the reasons for her critical stance toward a Jewish sovereign state He then turns to the issue that in Arendt's opinion needed most to be confronted in the aftermath of World War II the fundamental nature of evil He traces the nuances of her thinking from radical evil to the banality of evil and finally reexamines Eichmann in Jerusalem her meditation on evil that caused a storm of protest and led some to question her loyalty to the Jewish people Jews, Liberalism, Antisemitism Abigail Green, Simon Levis Sullam, 2020-12-05 This is a timely contribution to some of the most pressing debates facing scholars of Jewish Studies today It forces us to re think standard approaches to both antisemitism and liberalism Its geographic scope offers a model for how scholars can provincialize Europe and engage in a transnational approach to Jewish history The book crackles with intellectual energy it is truly a pleasure to read Jessica M Marglin University of Southern California USA Green and Levis Sullam have assembled a collection of original and provocative essays that in illuminating the historic relationship between Jews and liberalism transform our understanding of liberalism itself Derek Penslar Harvard University USA This book offers a strikingly new account of Liberalism's relationship to Jews Previous scholarship stressed that Liberalism had to overcome its ambivalence in order to achieve a principled stand on granting Jews rights and equality This volume asserts through multiple examples that Liberalism excluded many groups including Jews so that the exclusion of Jews was indeed integral to Liberalism and constitutive for it This is an important volume with a challenging argument for the present moment David Sorkin Yale University USA The emancipatory promise of liberalism and its exclusionary qualities shaped the fate of Jews in many parts of the world during the age of empire Yet historians have mostly understood the relationship between Jews liberalism and antisemitism as a European story defined by the collapse of liberalism and the Holocaust This volume challenges that perspective by taking a global approach It takes account of recent historical work that explores issues of race discrimination and hybrid identities in colonial and postcolonial settings but which has done so without taking much account of Jews Individual essays explore how liberalism citizenship nationality gender religion race functioned differently in European Jewish heartlands in the Mediterranean peripheries of Spain and the Ottoman empire and in the North American Atlantic world The Jews of Modern France Paula E. Hyman, 2023-04-28 The Jews of Modern France explores the endlessly complex encounter of France and its Jews from just before the Revolution to the eve of the twenty first century In the late eighteenth century some forty thousand Jews lived in scattered communities on the peripheries of the French state not

considered French by others or by themselves Two hundred years later in 1989 France celebrated the anniversary of the Revolution with the largest most vital Jewish population in western and central Europe Paula Hyman looks closely at the period that began when France's Jews were offered citizenship during the Revolution She shows how they and succeeding generations embraced the opportunities of integration and acculturation redefined their identities adapted their Judaism to the pragmatic and ideological demands of the time and participated fully in French culture and politics Within this same period Jews in France fell victim to a secular political antisemitism that mocked the gains of emancipation culminating first in the Dreyfus Affair and later in the murder of one fourth of them in the Holocaust Yet up to the present day through successive waves of immigration Jews have asserted the compatibility of their French identity with various versions of Jewish particularity including Zionism This remarkable view in microcosm of the modern Jewish experience will interest general readers and scholars alike The Jews of Modern France explores the endlessly complex encounter of France and its Jews from just before the Revolution to the eve of the twenty first century In the late eighteenth century some forty thousand Jews lived in scattered communities

German-Jewish Thought Between Religion and Politics Christian Wiese, Martina Urban, 2012-03-30 Since the Enlightenment period German Jewish intellectuals have been prominent voices in the multifaceted discourse on the reinterpretation of Jewish tradition in light of modern thinking Paul Mendes Flohr one of the towering figures of current scholarship on German Jewish intellectual history has made invaluable contributions to a better understanding of the religious cultural and political dimensions of these thinkers encounter with German and European culture including the tension between their loyalty to Judaism and the often competing claims of non Jewish society and culture This volume assembles essays by internationally acknowledged scholars in the field who intend to honor Mendes Flohr's work by portraying the abundance of religious philosophical aesthetical and political aspects dominating the thinking of those famous thinkers populating German Jewry's rich and complex intellectual world in the modern period It also provides a fresh theoretical outlook on trends in Jewish intellectual history raising new questions concerning the dialectics of assimilation In addition to that the volume sheds light on thinkers and debates that hitherto have not been accorded full scholarly attention

Reviewing **Politics Of Antisemitism**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
