The Politics of Practical Reason Mark Ryan, 2011-06-09 Ought we conceive of theological ethics as an activity that draws from a community's vision of human goodness and that has implications for the kind of person each of us is to be Or can students of the discipline map the ethical implications of what Christians confess about God themselves and the world while remaining indifferent to these claims Habituated by modern moral theories such as consequentialism and deontology Mark Ryan argues we too often assume that Christian ethics makes no claim on the

character of its students and teachers It is rather like yet another department store within the shopping mall of ideas and ideologies to which advanced education provides access By arguing that theological ethics is an activity by nature political the author endeavors to show us that to do Christian ethics is to be habituated into ways of talking and seeing that put us on a path toward the good The author thus affirms the claim that theological ethics is a life changing practice But why is it so This book endeavors to display a philosophical basis for this claim by articulating the political character of practical reason Through rigorous conversation with G E M Anscombe Charles Taylor Stanley Hauerwas Alasdair MacIntyre and Jeffrey Stout Ryan provides an account of practical reasoning that enables us to rightly conceive theological ethics as a discipline that ought to change our lives

Peet,2021-07-30 Jesus died not peacefully in bed but on the cross the instrument of execution used by the Romans to keep potential disturbers of the established political order in their place Until the pioneering work of Jürgen Moltmann the cross has been the elephant in the room in Christian political theology This book explores the difference Jesus s crucifixion makes or should make to Christian political theology by examining the crucifixion in the theologies of the Mennonite John Howard Yoder and the liberation theologians Leonardo Boff

and Jon Sobrino In the light of the cross and of the kenotic God revealed by the cross questions of political power are explored and a kenotic political ethic outlined In conclusion suggestions are made as to how the contemporary church can live out a cruciform or cross shaped political spirituality and ecclesiology
