Politics Of Regional Identity Meddling With The Mediterranean:

The Politics of Regional Identity Michelle Pace, 2005-09-20 Focusing on the politics of representation and constructions of identity the author analyses the impact of European regionalism on the Mediterranean

The Politics of Regional Identity Michelle Pace, 2005-09-20 A keen analysis of the impact of European regionalism in the Mediterranean focusing on the politics of representation and constructions of identity The Mediterranean as a region as an area of EU policy and as a place on the fringe of a rapidly integrating Europe has been a theoretically under researched area Containing empirical research on Greece Malta and Morocco this theory led investigation into the political effects of the Mediterranean s symbolic geography complements work done on the constitution of entities such as nations Europe and the West The Politics of Regional Identity draws on the field of critical IR and critical geopolitics to examine both the theoretical and empirical manifestations of these changing geopolitical images and discourses This book will be of great interest to all students and scholars of politics international relations and the European Union

The Geopolitics of Europe's Identity N. Parker, 2008-02-04 This book pursues an original perspective on Europe s shifting extent and geopolitical standing how countries and spaces marginal to it impact on Europe as a center A theoretical discussion of borders and margins is developed and set against nine studies of countries regions and identities seen as marginal to Europe

A Practice of Ethics for Global Politics Jack L. Amoureux, 2015-10-05 What kind of ethics in world politics is possible if there is no foundation for moral knowledge or global reality is at least complex and contingent Furthermore how can an ethics grapple with difference a persistent and confounding feature for global politics This book responds to the call for a bold and creative approach to ethics that avoids assuming or aspiring to universality and instead prioritizes difference complexity and uncertainty by turning to reflexivity not as method or methodology but as a practice of ethics for politics This practice ethical reflexivity offers individuals organizations and communities tools to recognize interrogate and potentially change the stories they tell about politics about constraints notions of responsibility and visions of desirability The benefits and limits of ethical reflexivity are investigated by the author who engages writing on critique rhetoric affect and relationality and carefully considers dominant and alternative framings of difficult issues in International Relations IR the 1994 genocide in Rwanda and the US policies of enhanced interrogation and drone strikes This path breaking study provokes new possibilities for agency and action and contributes to a growing literature in IR on reflexivity by uniquely elaborating its promise as an ethics for politics and by drawing on thinkers less utilized in discussions of reflexivity such as Hannah Arendt Michel Foucault and Aristotle This book will appeal to scholars and upper level graduates in several sub fields of IR including international global ethics IR theory global governance international organizations non governmental organizations foreign policy analysis and US foreign policy

Transforming World Politics Anna M. Agathangelou, L.H.M. Ling, 2009-06-02 This book provides a critical understanding of contemporary world politics by arguing that the neoliberal approach to international relations

seduces many of us into investing our lives in projects of power and alienation. These projects offer few options for emancipation; consequently many feel they have little choice but to retaliate against violence with more violence. The authors of this pioneering work articulate worldism as an alternative approach to world politics. It intertwines non-Western and Western traditions by drawing on Marxist postcolonial feminist and critical security approaches with Greek and Chinese theories of politics broadly defined. The authors contend that contemporary world politics cannot be understood outside the legacies of these multiple worlds including axes of power configured by gender, race, class, and nationality, which are themselves linked to earlier histories of colonizations and their contemporary formations. With fiction and poetry as exploratory methods, the authors build on their multiple worlds approach to consider different sites of world politics, arguing that a truly emancipatory understanding of world politics requires more than just a shift in ways of thinking; above all, it requires a shift in ways of being. *Transforming World Politics* will be of vital interest to students and scholars of International Relations, Political Science, Postcolonial Studies, Social Theory, Women's Studies, Asian Studies, European Union and Mediterranean Studies, and Security Studies.

The Success of Small States in International Relations Godfrey Baldacchino, 2023-06-09. *The Success of Small States in International Relations* highlights the normality and power of small states in international relations. This book overturns the stereotype that small states, however defined, are weak and are or ought to be consigned to the margins of international relations. It argues that small states are not punching above their weight or even anomalies, since it is large states which are the anomaly in the global system. The text unpacks the nature and character of small state success while also looking critically at thirteen episodes in modern history where small states singly or collectively emerged victorious in confrontations with larger states. The case studies, globally sourced, are bookended by conceptual and analytic reviews of what these events mean for diplomacy, international relations, and small states more generally. This book will appeal to scholars and students of comparative political science and international relations, particularly from small states as well as policy makers and senior small state government officers.

Routledge Handbook of Democratization Jeffrey Haynes, 2012-03-15. This exciting new handbook provides a global overview of the process of democratization, offering chapter by chapter discussion at both the country and regional levels and examining the interaction between the domestic and external factors that affect the progression of countries from authoritarian to democratic rule. Bringing together 29 key experts in the field, the work is designed to contrast the processes and outcomes of democratic reform in a wide range of different societies, evaluating the influence of factors such as religion, economic development, and financial resources. It is structured thematically into four broad sections. Section I provides a regional tour d'horizon of the current state of democratisation and democracy in eight regions around the world. Section II examines key structures, processes, and outcomes of democratisation and democracy. Section III focuses on the relationship between democratisation and international relations through examination of a range of issues and actors, including the third and fourth waves of

democracy political conditionality the United Nations the European Union the African Union and the Organisation of African States Section IV Examines the interaction between democratisation and development with a focus on poverty and inequality security human rights gender war and conflict resolution A comprehensive survey of democratization across the world this work will be essential reading for scholars and policy makers alike *Routledge Handbook of EU-Middle East Relations* Dimitris Bouris, Daniela Huber, Michelle Pace, 2021-12-30 EU Middle East relations are multifaceted varied and complex shaped by historical political economic migratory social and cultural dynamics Covering these relations from a broad perspective that captures continuities ruptures and entanglements this handbook provides a clearer understanding of trends thus contributing to a range of different turns in international relations The interdisciplinary and diverse assessments through which readers may grasp a more nuanced comprehension of the intricate entanglements in EU Middle East relations are carefully provided in these pages by leading experts in the various sub fields including academics think tankers as well as policymakers The volume offers original reflections on historical constructions theoretical approaches multilateralism and geopolitical perspectives contemporary issues peace security and conflict and development economics trade and society This handbook provides an entry point for an informed exploration of the multiple themes actors structures policies and processes that mould EU Middle East relations It is designed for policymakers academics and students of all levels interested in politics international and global studies contemporary history regionalism and area studies **Constructing South East Europe** Dimitar Bechev, 2011-03-15 Regional cooperation has become a distinctive feature of the Balkans an area known for its turbulent politics Exploring the origins and dynamics of this change this book highlights the transformative power of the EU and other international actors **International Relations and Identity** Xavier Guillaume, 2010-10-04 International Relations and Identity examines the issue of collective political identity formation and expands the concept of the international beyond the notion of states Providing a dialogical approach to questions of identity and alterity in International Relations the author considers how identity is formed maintained and transformed in continuous processes with alterity This innovative book seeks to broaden understanding of identity and difference by developing a process based perspective It shifts the attention from a dichotomising view of the international to the multiple ways by which identity and difference are related It challenges traditional conceptions of the international and argues that it is constituted by the processes in which states and other actors participate and is more than a spatial dimension constituted by states Guillaume illustrates this complex theory with a detailed case study of how Japanese political community has formed performed and transformed in the nineteenth and early twentieth centuries in light of the questions of empire and multiculturalism International Relations and Identity will be of interest to students and scholars of international politics international relations theory and Japanese studies Arguing Global Governance Corneliu Bjola, Markus Kornprobst, 2010-10-04 This book offers compelling answers to the question of how global governance can and ought to effectively address serious global problems such as financial

instability military conflicts severe acts of distributive injustice and increasing concerns of ecological disasters through argumentation research

War in International Society Lacy Pejcinovic, 2013-04-12 Is war an institution of international society and how is it constituted as such across the evolution of international society This book is an inquiry into the purpose of war as a social institution as originally put forward by Hedley Bull It offers a comprehensive examination of what is entailed in thinking of war as a social institution and as a mechanism for order Since the terrorist attacks of 9 11 the subject of war has become increasingly relevant with questions about who can wage war against whom the way war is fought and the reasons that lead us to war exposing fundamental inadequacies in our theorisation of war War has long been considered in the discipline of International Relations in the context of the problem of order However the inclusion of war as an institution is problematic for many How can we understand an idea and practice so often associated with coercion destruction and disorder as contributing to order and coexistence This study contends that an understanding of the core elements that establish the character of war as an institution of modern international society will give us important insights into the purpose if any of war in contemporary international relations This ground breaking book will be of strong interest to students and scholars of international relations international relations theory the English school security studies and warfare

The Conduct of Inquiry in International Relations, *Europe and Asia beyond East and West* Gerard Delanty, 2006-10-03 This major new book tackles key questions on Europe in the context of shifting parameters of East and West The contributors sociologists anthropologists philosophers and historians show from a variety of different perspectives that the conventional equation of Europe with the West must be questioned Featuring four thematically organized chapters the book looks at a post Western world Asia in Europe encounters in history between Europe and Asia otherness in Europe and Asia Exploring new expressions of European self understanding in a way that challenges recent ideological notions of the clash of civilizations this outstanding work draws on recent scholarship that shows how Europe and Asia were mutually linked in history and in contemporary perspective It argues that as a result of current developments and the changing geopolitical context both Europe and Asia have much in common and that it is possible to speak of cosmopolitan links rather than clashes This book will be of great value to students and researchers in the fields of sociology European politics and history and cultural theory

Enhancing Regional Governance and Multilateral Cooperation in Maghreb Andrea Ranelletti, 2018-09-28 L'ambizione di questo volume presentare nuovi paradigmi di analisi del processo di integrazione regionale nel 17 Maghreb da un punto di vista politico economico e della gestione della sicurezza Frequentemente trascurata nell'ambito degli studi comparativi regionali il regionalismo maghrebino rappresenta un fenomeno complesso che pu fornire interessanti informazioni sulle intersezioni dei fattori domestici e internazionali che danno forma alle fortune economiche agli interessi nell'ambito della sicurezza e sulle attivit culturali degli attori politici Katzenstein 1996 5 Frequently neglected in the field of comparative regionalist studies Maghrebi regionalism represents a complex phenomenon which could provide interesting

information concerning the intersection of the international and domestic factors that shape the economic fortunes security interests and cultural activities of political actors Katzenstein 1996 5 *The SAGE Handbook of European Foreign Policy* Knud Erik Jorgensen, Aasne Kalland Aarstad, Edith Drieskens, Katie Laatikainen, Ben Tonra, 2015-04-30 During the last two decades the study of European foreign policy has experienced remarkable growth presumably reflecting a more significant international role of the European Union The Union has significantly expanded its policy portfolio and though empty symbolic politics still exists the Union's international relations have become more substantial and its foreign policy more focused European foreign policy has become a dynamic policy area being adapted to changing challenges and environments such as the Arab Spring new emerging economies powers the crisis of multilateralism and much more The SAGE Handbook of European Foreign Policy Two Volume set is a major reference work for Foreign Policy Programmes around the world The Handbook is designed to be accessible to graduate and postgraduate students in a wide variety of disciplines across the humanities and social sciences Both volumes are structured to address areas of critical concern to scholars at the cutting edge of all major dimensions of foreign policy The volumes are composed of original chapters written specifically to the following themes Research traditions and historical experience Theoretical perspectives EU actors State actors Societal actors The politics of European foreign policy Bilateral relations Relations with multilateral institutions Individual policies Transnational challenges The Handbook will be an essential reference for both advanced students and scholars The Puzzles of Politics Friedrich Kratochwil, 2010-10-04 This book brings together a collection of Friedrich Kratochwil's key essays to explain his approach to international relations and how his thinking has developed over the last 30 years It addresses topical themes and issues including sovereignty law epistemology boundaries global governance and world society

The European Union and Global Governance Dr Jens-Uwe Wunderlich, David J. Bailey, 2010-12-14 The European Union and Global Governance A Handbook aims to analyse contemporary debates in European Studies in order to provide lessons for the development design and normative evaluation of global governance It brings together scholars of European studies and international relations where much of the literature on regional and global governance is located thereby providing interdisciplinary lessons from the study of European Union and its governance that can be used to re evaluate processes of global governance Each chapter examines methodological theoretical or empirical discussions within European studies in order to draw insights for current developments in global governance *The European Neighbourhood Policy in Perspective* R. Whitman, S. Wolff, 2010-04-09 Contributors offer new approaches to the study of the European Neighbourhood Policy While the main emphasis is on the empirical assessment of the impact that the ENP has had to date and on the factors that have shaped its implementation it also provides new theoretical and methodological perspectives on how to study this policy area **The International Politics of Judicial Intervention** Andrea Birdsall, 2009-01-13 The author examines the conflict between the states international law and aspirations for justice by analyzing cases of judicial intervention including

Pinochet and the House of Lords the Congo vs Belgium the Former Yugoslavian war crimes tribunal and the ICC
