It could hardly be said to be a particularly encouraging picture, especially since 2007, as emerging markets, especially central and eastern Europe, have found it difficult to attract foreign direct investment, and growth there is disappointing. Stronger rates of wage increases have contributed to stronger growth in some countries, but not in others. The global crisis has certainly had knock-on effects and challenges to many regions in South and South-east Asia, but growth remains strong there, too, despite political uncertainty and currency devaluations. Latin America has been slower to feel the impact of the global crisis, and a number of countries are now showing strong growth, but a number of countries are still facing significant challenges and a number of governments are still showing that policy responses have governments faced as a result of the crisis are still far from ideal. Merkley, 2012-10-12 For this book Professor Merkley has researched presidential archives Jewish historical libraries and official Zionist records in the US and in Israel for evidence of the dealings between official Zionists and active Christian Restorationists Much of this record appears here for the first time in print and is linked to the much better known history of the relationship between the official Zionists and the politicians and leaders of the US and Britain

Britain and Its Mandate over Palestine John Quigley, 2022-09-13 Analysis of Britain s role in Palestine has proceeded on the assumption that Britain was lawfully in control of the territory Analysts differ on whether what it did was proper but they agree that Britain had a lawful mandate and that through the League of Nations and that the international community advocated for Jewish territorial rights in Palestine This analysis though widely shared is incorrect Britain had no territorial rights itself to govern Palestine It was there by dint of force of arms The mandate it had over Palestine was initiated unilaterally The mandate was not given to Britain by the League of Nations The League of Nations had no authority over Palestine and in particular nothing it could give to Britain The document that Britain composed for the governance of Palestine was never approved by the League of Nations When in 1947 Britain had to explain the United Nations its legal status in Palestine it resorted to distorting the historical facts in an effort to make it appear it had been in Palestine lawfully
