Realities Of Social Research:

Realities of Social Research Jennifer Platt, 1976 **Social Research Methods** Sigmund Grønmo, 2023-11-22 Framing research as the process of asking and answering questions this book demonstrates how to identify good research questions and how to structure and explore them successfully Whether you are just beginning your research journey or are a seasoned traveller it helps you Decide what you want to achieve with your research Know what options you have to explore your goals Navigate the nuances of different research approaches Understand the decisions of other researchers Choose what path best suits your project Through real life examples demonstrating different types of research the book introduces qualitative quantitative and mixed methods approaches so you can compare different methods at every stage of the research process from initial idea and design to data collection and analysis This new edition includes new chapters on collecting and analysing mixed methods data and additional content on qualitative data analysis New examples reflect the cultural and global diversity of social research and extra visual aids and summaries support understanding of key research concepts and stages The book is accompanied by an online teaching guide including videos additional case studies annotated articles and critical thinking exercises **Phenomenology and Social Reality** Maurice Natanson, 2012-12-06 Alfred Schutz was born in Vienna on April 13 1899 and died in New York City on May 20 1959 The year 1969 then marks the seventieth anniversary of his birth and the tenth year of his death The essays which follow are offered not only as a tribute to an irreplaceable friend colleague and teacher but as evidence of the contributors conviction of the eminence of his work No special pleading is needed here to support that claim for it is widely acknowledged that his ideas have had a significant impact on present day philosophy and phenomenology of the social sciences In place of either argument or evaluation I choose to restrict myself to some biographical information and a fragmentary memoir The only child of Johanna and Otto Schutz an executive in a private bank in Vienna Alfred attended the Esterhazy Gymnasium in Vienna an academic high school whose curriculum included eight years of Latin and Greek He graduated at seventeen in time to spend one year of service in the Austrian army in the First World War For bravery at the front on the battlefield in Italy he was decorated by his country After the war ended he entered the University of Vienna completing a four year curriculum in only two and one half years and receiving his doctorate in Law Social Research Norman Blaikie, Jan Priest, 2017-01-06 This unique book explains the central role that research paradigms play in the design and conduct of social research The authors argue that social research should not just describe or confirm a social problem but should seek to find an explanation for it and to do so requires research with eyes philosophically wide open Important philosophical and practice elements of three widely recognized paradigms Neo Positive Interpretive and Critical Realist are carefully elaborated and their use in action illustrated with detailed examples The authors show that the philosophical assumptions of a chosen paradigm must match those embedded in a characterization of a research problem and its context This paradigm orientation is shown to be fundamental to appropriately framing a problem

formulating research questions deciding on a logic of inquiry and selecting and using methods to investigate it Ultimately an appropriate paradigm orientation to social research provides a dispassionate rigorous and effective basis for the production of new social scientific knowledge Following on from Blaikies Approaches to Social Enquiry and Designing Social Research this innovative book will be invaluable to upper level and research students their lecturers and supervisors and researchers across the social sciences

Making Sense of Society

Alex Khasnabish, 2022-05-30T00:00:00Z Grounded in the sister disciplines of sociology and anthropology this textbook is an accessible and critical introduction to contemporary social research Alex Khasnabish eschews the common disciplinary silos in favour of an integrated approach to understanding and practising critical social research Situated in the North American context the text draws on cross cultural examples to give readers a clear sense of the diversity in human social relations It is organized thematically in a way that introduces readers to the core areas of social research and social organization and takes an unapologetically radical approach in identifying the relations of oppression and exploitation that give rise to what most corporate textbooks euphemistically identify as social problems Focusing on key dynamics and processes at the heart of so many contemporary issues and public conversations this text highlights the ways in which critical social research can contribute to exploring understanding and forging alternatives to an increasingly bankrupt violent unstable and unjust status quo

The Reality of This World Charles P. Webel, 2025-10-29 The Reality of This World analyzes one of the most influential concepts known to humanity the world focusing primarily on the material conditions of our existence It is the companion to *The World as Idea A Conceptual History* Routledge 2021 Together the two volumes constitute *The Fate of This World and the Future of Humanity* In this book Charles P Webel examines the theories and policies that have constructed the world as it is He proposes strategies for transforming it into a more equitable and sustainable habitat both for humans and for the other species with whom we coexist on Earth In doing so he describes how the social and natural sciences as well as philosophy and the humanities have abetted our understanding of this world and explores why globalization and rationalization as well as such alternative realities as digital and AI technologies may simultaneously advance our collective well being while also putting life on Earth at existential risk In conclusion Webel proposes political and other solutions to mitigate such risks The Reality of This World will be of great interest to scholars in fields ranging from philosophy and intellectual history to political and social theory as well as to students and a general public interested in understanding and transforming our world

List of members in v 1 5 25 28 supplemental list in v 26 27. **Origin and Expansion of Chinese Sociology** Shaojie Liu, 2020-03-31 This book reexamines Chinese sociology's point of departure and boundaries of western sociology from a new academic perspective and offers a new definition of the essence and mission of sociology, drawing and critically reflecting on the ideological and theoretical theories of the classic sociologists. On this basis, it makes a careful study of the origin of Confucian classics and western sources of Chinese sociology and analyses the origin and evolution of Chinese sociology at the intersection of Chinese and western academic history. Further, it provides a deep and thorough discussion of the social theories of Chinese sociology pioneers and founders such as Fu Yan, Youwei Kang, and Qichao Liang, and comments on Shuming Liang's sociological theory, which emphasizes the Chinese culture and tradition as well as the particularity of the Chinese social structure. In addition, it also offers an in-depth analysis of Xiaotong Fei's advocacy of the idea of expanding the traditional boundaries of sociology in his later years. With regard to promoting the development of a new Chinese sociology, the book is particularly important in terms of expanding academic research and promoting discipline construction.

Qualitative Research in Marketing and Management Chris Hackley, 2019-12-09 This is a practical and accessible yet sophisticated introduction to interpretive methods for doing qualitative research projects and dissertations. Bringing together concepts of qualitative research from ethnography, phenomenology, critical discourse analysis, semiotics, literary analysis, postmodernism, and poststructuralism, this textbook offers an accessible and comprehensive introduction to the subject. Utilising a uniquely pragmatic approach, it bridges the gap between advanced specialised books on research traditions with more general introductory business research books. This new edition has been fully updated to include new examples, explorations of the field, and an improved pedagogy with better exposition of key issues and concepts as well as more

schematics and diagrams to aid understanding The first half of the book considers the practicalities of research and writing a research project including the craft of academic writing the critical literature review the role of the independent research project as part of university courses suggested projected structures standards of academic scholarship and the main techniques for gathering qualitative data The book s second half deals with abstract concepts and advanced theory by looking at key theoretical traditions that guide the interpretation of qualitative data It is perfect for advanced undergraduate and postgraduate students of marketing management consumer behaviour and research methods It will also be useful as a primer for practitioners in qualitative research
