Reason And Religion In Socratic Philosophy:

Reason and Religion in Socratic Philosophy Nicholas D. Smith, Paul Woodruff, 2000-11-16 This volume brings together mostly previously unpublished studies by prominent historians classicists and philosophers on the roles and effects of religion in Socratic philosophy and on the trial of Socrates Among the contributors are Thomas C Brickhouse Asli Gocer Richard Kraut Mark L McPherran Robert C T Parker C D C Reeve Nicholas D Smith Gregory Vlastos Stephen A White and Paul B Woodruff *Reason and Religion in Socratic Philosophy* Nicholas D. Smith, Paul Woodruff, 2023 **The Cambridge Companion to Socrates** Donald R. Morrison, 2011 Essays from a diverse group of experts providing a comprehensive guide to Socrates the most famous Greek philosopher **C. S. Lewis on Politics and the Natural Law** Justin Buckley Dyer, Micah J. Watson, 2016-08-08 Conventional wisdom holds that C S Lewis was uninterested in politics and public affairs The conventional wisdom is wrong As Justin Buckley Dyer and Micah J Watson show in this groundbreaking work Lewis was deeply interested in the fundamental truths and falsehoods about human nature and how these conceptions manifest themselves in the contested and turbulent public square Ranging from the depths of Lewis philosophical treatments of epistemology and moral pedagogy to practical considerations of morals legislation and responsible citizenship this book explores the contours of Lewis multi faceted Christian engagement with political philosophy generally and the natural law tradition in particular Drawing from the full range of Lewis corpus and situating his thought in relationship to both ancient and modern seminal thinkers C S Lewis on Politics and the Natural Law offers an unprecedented look at politics and political thought from the perspective of one of the twentieth century s most influential writers [Philosophical Approaches to Demonology](#) Benjamin W. McCraw, Robert Arp, 2017-03-31 In contradistinction to the many monographs and edited volumes devoted to historical cultural or theological treatments of demonology this collection features newly written papers by philosophers and other scholars engaged specifically in philosophical argument debate and dialogue involving ideas and topics in demonology The contributors to the volume approach the subject from the perspective of the broadest areas of Western philosophy namely metaphysics epistemology logic and moral philosophy The collection also features a plurality of religious cultural and theological views on the nature of demons from both Eastern and Western thought in addition to views that may diverge from these traditional roots [Philosophical Approaches to Demonology](#) will be of interest to philosophers of religion theologians and scholars working in philosophical theology and demonology as well as historians cultural anthropologists and sociologists interested more broadly in the concept of demons *The Neoplatonic Socrates* Danielle A. Layne, Harold Tarrant, 2014-08-21 Today the name Socrates invokes a powerful idealization of wisdom and nobility that would surprise many of his contemporaries who excoriated the philosopher for corrupting youth The problem of who Socrates really was the true history of his activities and beliefs has long been thought insoluble and most recent Socratic studies have instead focused on reconstructing his legacy and tracing his ideas through other philosophical traditions But this scholarship

has neglected to examine closely a period of philosophy that has much to reveal about what Socrates stood for and how he taught the Neoplatonic tradition of the first six centuries C E which at times decried or denied his importance yet relied on his methods In The Neoplatonic Socrates leading scholars in classics and philosophy address this gap by examining Neoplatonic attitudes toward the Socratic method Socratic love Socrates s divine mission and moral example and the much debated issue of moral rectitude Collectively they demonstrate the importance of Socrates for the majority of Neoplatonists a point that has often been questioned owing to the comparative neglect of surviving commentaries on the Alcibiades Gorgias Phaedo and Phaedrus in favor of dialogues dealing explicitly with metaphysical issues Supplemented with a contextualizing introduction and a substantial appendix detailing where evidence for Socrates can be found in the extant literature The Neoplatonic Socrates makes a clear case for the significant place Socrates held in the education and philosophy of late antiquity Contributors Crystal Addey James M Ambury John F Finamore Michael Griffin Marilyn Lawrence Danielle A Layne Christina Panagiota Manolea Francois Renaud Geert Roskam Harold Tarrant *Reading Religions in the Ancient World* David Edward Aune, Robin Darling Young, 2007 In Reading Religions in the Ancient World sixteen colleagues and students of Robert M Grant honor their colleague friend and mentor with essays on Classical Studies New Testament Studies and Patristic Studies These three areas of study signal the breadth and depth of Professor Grant s own scholarly interests and productivity **The Continuum Companion to Plato** Gerald A. Press, 2012-04-26 This comprehensive reference guide includes over 140 entries on every aspect of Plato s thought The Agnostic Inquirer Sandra Menssen, Thomas D. Sullivan, 2007-09-19 A startling achievement I cannot overemphasize how original and groundbreaking this work is or recommend this book too highly The argument throughout is clear succinct and rigorous It represents the highest standards of analytical philosophy All future work if it is to be up to speed will have to deal with what Menssen and Sullivan have done

The Bloomsbury Handbook of Socrates Russell E. Jones, Ravi Sharma, Nicholas D. Smith, 2023-11-02 This handbook provides detailed philosophical analysis of the life and thought of Socrates across fifteen in depth chapters Each chapter engages with a central aspect of the rich tradition of Socratic studies and after surveying the state of scholarship points the way forward to new directions of interpretation A leading team of scholars present dynamic readings of Socrates extracted from the historical context of Plato s dialogues covering elenchus irony ignorance definitions pedagogy friendship politics and the daemon Building on these core Socratic topics this edition includes new accounts of Socrates in the work of philosopher and historian Xenophon the comic playwright Aristophanes as well as important scholarship on topics such as emotions the afterlife motivational intellectualism and virtue intellectualism Fully revised and updated the Bloomsbury Handbook of Socrates elucidates the complex landscape of Socratic thought and interpretation **Witnesses and Evidence in Ancient Greek Literature** Andreas Markantonatos, Vasileios Liotsakis, Andreas Serafim, 2022-01-19 The fact that aspects of witnesses and evidence put them in the centre of the institutional and cultural e g religious literary construction of ancient

societies indicates that it is important to keep offering nuanced approaches to the topic of this volume To advance knowledge of the processes of presenting witnesses and gathering or constructing evidence is in fact to better and more fully understand the ways in which deliberative Athenian democracy functions what the core elements of political life and civic identity are and how they relate to the system of using logos to make decisions For witnesses and evidence were important prerequisites of getting the Athenian citizenship and exerting the civic political identity as a member of the community It is important therefore all the matters that relate to information gathering and decision making to be examined anew Emphasis can be placed on a variety of genres to allow scholars recreate the fullest and clearest possible image about the witnessing and evidencing in antiquity Chapters in this volume include considerations of social political literary and moral theory alongside studies of the impact of information gathering and decision making in oratory and drama with a steady focus on the application of key ideas and values in social and political justice to issues of pressing ethical concern **The Bloomsbury**

Companion to Socrates John Bussanich, Nicholas D. Smith, 2013-01-03 Featuring chapters by leading international scholars in Ancient Philosophy this is a comprehensive one volume reference to guide to Socrates thought **Religion and Belief**

Christopher T Green, Malcolm Heath, Fabio Serranito, 2014-05-02 Religion and Belief A Moral Landscape is a collection of essays from the 4th Annual Postgraduate Interdisciplinary Conference at the Department of Classics University of Leeds The book collates a wide range of issues and initiates a discussion on the nuances and multifaceted concepts of religion and belief The topics range from ancient Greek religion and philosophy through the Roman world and early Judeo Christian beliefs to modern burial practices and 21st century New Atheism By presenting religion and belief in this macrocosmic landscape simple conceptions and caricatures of religion and belief are shown to be misleading and ultimately redundant This book engages with the complex and multifaceted nature of religion and belief across time Bounded Divinities F.

Frohock, 2016-04-30 This serves as a handbook to guide us through the thickets of the sacred the secular religion and politics by charting the supernatural as a natural defining feature of religion Santer is used as a case study to illustrate the similarities and differences among religious and political practices and discusses effective dispute management

Interpreting Plato's Dialogues Angelo J. Corlett, 2005-12-01 This new way of approaching Plato neither sees Plato's words as doctrines according to which the dialogues are to be interpreted nor does it reduce Plato's dialogues to dramatic literature Rather it seeks to interpret the primary aim of Plato's writings as being influenced primarily by Plato's respect for his teacher Socrates and the manner in which Socrates engaged others in philosophical discourse It places the focus of philosophical investigation of Plato's dialogues on the content of the dialogues themselves and on the Socratic way of doing philosophy

Ascent to the Good William H. F. Altman, 2018-11-29 At the crisis of his Republic Plato asks us to imagine what could possibly motivate a philosopher to return to the Cave voluntarily for the benefit of others and at the expense of her own personal happiness This book shows how Plato has prepared us his students to recognize that the sun like Idea of the Good is

an infinitely greater object of serious philosophical concern than what is merely good for me and thus why neither Plato nor his Socrates are eudaemonists as Aristotle unquestionably was With the transcendent Idea of Beauty having been made manifest through Socrates and Diotima the dialogues between Symposium and Republic Lysis Euthydemus Laches Charmides Gorgias Theages Meno and Cleitophon prepare the reader to make the final leap into Platonism a soul stirring idealism that presupposes the student's inborn awareness that there is nothing just noble or beautiful about maximizing one's own good While perfectly capable of making the majority of his readers believe that he endorses the harmless claim that it is advantageous to be just and thus that we will always fare well by doing well Plato trains his best students to recognize the deliberate fallacies and shortcuts that underwrite these claims and thus to look beyond their own happiness by the time they reach the Allegory of the Cave the culmination of a carefully prepared Ascent to the Good

Belief and Truth Katja Maria Vogt, 2012-09-20 *Belief and Truth* A Skeptic Reading of Plato explores a Socratic intuition about belief doxa belief is shameful In aiming for knowledge one must aim to get rid of beliefs Vogt shows how deeply this proposal differs from contemporary views but that it nevertheless speaks to intuitions we are likely to share with Plato ancient skeptics and Stoic epistemologists

Readings of Plato's Apology of Socrates Oda E. Wiese Tvedt, Vivil Valvik Haraldsen, Olof Pettersson, 2017-12-28 In Plato's Apology of Socrates we see a philosopher in collision with his society a society he nonetheless claims to have benefited through his philosophic activity It has often been asked why democratic Athens condemned a philosopher of Socrates character to death This anthology examines the contribution made by Plato's Apology of Socrates to our understanding of the character of Socrates as well as of the conception of philosophy Plato attributes to him The 11 chapters offer complementary readings of the Apology which through their different approaches demonstrate the richness of this Platonic work as well as the various layers that can be discerned in its presentation of Socrates While the contributions display variety in both topics and angles they also share common features An awareness of the importance of the literary aspects of Plato's courtroom drama as well as a readiness to take into consideration the historical context of the work Thereby they provide contributions to a manifold understanding of the aims and impact of the work without losing sight of the philosophical questions that are raised by Socrates confrontational and unrepentant defense speech Allowing the character of Socrates to take center stage the chapters of this volume examine the philosopher in relation to ethics and to politics and democracy as well as to the ideology religion and virtue shared by the Athenians Readers will also find reflections on classical Platonic subjects such as the nature of Socratic philosophical inquiry and of philosophy itself as well as on the notoriously ambiguous relationships between philosophy sophistry and rhetoric and their several relationships to truth and justice The anthology emphasizes and explores the equivocal and sometimes problematic aspects of Socrates as Plato presents him in the Apology illuminating why the Athenians let the verdict fall as they did while drawing out problematic features of Athenian society and its reaction to Socrates philosophic activity thereby encouraging reflection on the role philosophy can play in our modern societies

Political Trials in Theory and History Jens Meierhenrich, Devin O. Pendas, 2017-02-27 From the trial of Socrates to the post 9 11 military commissions trials have always been useful instruments of politics Yet there is still much that we do not understand about them Why do governments use trials to pursue political objectives and when What differentiates political trials from ordinary ones Contrary to conventional wisdom not all political trials are show trials or contrive to set up scapegoats This volume offers a novel account of political trials that is empirically rigorous and theoretically sophisticated linking state of the art research on telling cases to a broad argument about political trials as a socio legal phenomenon All the contributors analyse the logic of the political in the courtroom From archival research to participant observation and from linguistic anthropology to game theory the volume offers a genuinely interdisciplinary set of approaches that substantially advance existing knowledge about what political trials are how they work and why they matter

Socrates and his Demise Otto H. Linderborg, 2025-02-06 This book explores the circumstances surrounding Socrates death critically analysing conflicting sources to establish a framework for understanding his intellectual activities in the cultural political and religious context of 5th century BC Athens What were the circumstances surrounding the death of Socrates What do we know of his life and ideas This book offers readers an understanding of the history and current landscape of Socratic studies while guiding them through the intricate historical context of Socrates life death and philosophy By closely examining the reasons behind his trial and conviction for impiety in 399 BCE we can develop a more thorough understanding of Socrates philosophy as well as address the contradictions and fictional elements in his portrayals Socrates and his Demise provides a fascinating re assessment of Socrates and his death of interest to students and scholars of Socrates and Socratic philosophy as well as those working on the intellectual culture of 5th century Athens and Classical Studies more broadly

Reason And Religion In Socratic Philosophy Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such could be the essence of the book **Reason And Religion In Socratic Philosophy**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
