Reason Truth And God:

Reason, Truth and God Renford Bambrough, 1973 **Reason, Truth, and Theology in Pragmatist Perspective** Paul D. Murray, 2004 In this work Paul Murray explores which style of rationality is most appropriate to Christian theology in the contemporary pluralist postfoundationalist postmodern context At its heart is a fresh consideration of the American pragmatist tradition focussing on the writings of Richard Rorty and Nicholas Rescher Where Rorty correctly diagnoses the failures of foundationalist objectivism Rescher's pragmatic idealism is presented as healing the ills in Rorty's own neo pragmatism The significant resonance between Rescher's view of rationality and Christian understanding of the trinity is explored In turn Donald MacKinnon's influential writings are presented as exemplifying just such an approach to theology Murray both articulates an enriched form of Christian postliberalism committed to receiving and learning from other traditions of thought and practice and probes the claim that the dynamics of human rationality can be expected to reflect the Trinitarian dynamics of God's being Paul Murray presents us here with an exhaustive and insightful study of recent pragmatic theory in which he sets up rhythms of healing and completion as well as interrogation particularly remarkable is his exploration of Christianity as the deep and in some sense final interlocutor of pragmatic tradition I strongly recommend this book Olivier Davis Professor of Christian Doctrine King's College London This is a mature wide ranging work that by uniting the intellectual and the practical carries both rational and ethical conviction It does equal justice to the classic teachings of Christianity and to the challenges to rethink them in dialogue with modern and postmodern approaches The result is a conception of Christianity both generously orthodox and deeply engaged with contemporary life and thought It is especially good to see the profound contribution of Donald MacKinnon understood and developed with such perception and relevance David F Ford Regius Professor of Divinity University of Cambridge Paul Murray is currently Lecturer in Systematic Theology within the Department of Theology at the University of Durham England He has previously held posts at St Cuthbert's Seminary Ushaw College Durham and Newman College of Higher Education Birmingham Essays of his exploring issues in philosophical theology science and theology and contemporary Roman Catholic theology have appeared in leading journals and edited collections This is his first monograph The Cause of God and Truth ... John Gill, 1736 **The Cause of God and Truth: Being an Examination of the Principal Passages of Scripture Made Use of by the Arminians, in Favour of Their Scheme; Particularly by Dr. Whitby, in His Discourse on the Five Points, Etc** John GILL (D.D., Baptist Minister, at Horsley Down.), 1736 **God's Mysteries and Truth** Johnny L. Hatfield, 2022-01-31 God's mysteries and truth uncovered Will faith in God really work False doctrines and false prophets Is divine healing real Were true homosexuals born that way Was the blood of Jesus human or divine Is the rapture biblical Will all Christians get out in the rapture Can Christians live free from sin Does God really speak to people **Aquinas on God** Dr Rudi te Velde, 2013-05-28 Aquinas on God presents an accessible exploration of Thomas Aquinas conception of God Focusing on the Summa theologiae

the work containing Aquinas most systematic and complete exposition of the Christian doctrine of God Rudi te Velde acquaints the reader with Aquinas theological understanding of God and the metaphysical principles and propositions that underlie his project Aquinas conception of God is dealt with not as an isolated metaphysical doctrine but from the perspective of his broad theological view which underlies the scheme of the Summa Readers interested in Aquinas historical theology metaphysics and metaphysical discourse on God in the Christian tradition will find this new contribution to the studies of Aquinas invaluable *The Fear of God in Relation to Religion, Theology and Reason* Robert BROWN (Minister of

Markinch.),1876 **Truth and the Reality of God** Ian Markham,1998-01-01 Belief in the possibility of truth demonstrates a belief in God Professor Markham places this striking argument which lies at the very heart of Augustinian theology within the modern debate about truth and defends its underlying claim Belief in God is he claims an all embracing world view about the nature of reality of which the possibility of truth is a part Drawing on the work of St Augustine and St Anselm Richard Rorty Don Cupitt and in particular Alasdair MacIntyre Markham demonstrates that the necessary assumptions underpinning the realist account of truth must entail the existence of God Referring to Nietzsche and again to St Augustine Markham concludes with the stark choice either God and truth or no God and no truth **The Collapse of Truth** John

Casperson,2020-11-13 The United States is amid a defining moment that will irrevocably determine the future of the American democratic experiment In 1787 when the constitution of the United States was adopted Americans gathered on the steps of Independence Hall in Philadelphia and asked Benjamin Franklin what type of government had been fashioned by the Founding Fathers Franklin replied A republic if you can keep it The American political system has held a firm grasp on the concept of representational government until now In Jonathan Swift s brilliant political satire Gulliver s Travels rope by rope Gulliver was imprisoned albeit imperceptibly Now judge by judge the judicial system has been co opted by the right wing and the Department of Justice is occupied by a king maker Elections are corrupted beyond measure both by domestic political machinations and foreign influence meddling The American free press is under attack like never before This book is an analysis and expose of forces at work that overtly and covertly are propelling America toward an authoritarian fascist state

God, Creation, and Revelation Paul King Jewett,Marguerite Shuster,1991 A theology that is real readable and relevant such is Paul Jewett s God Creation and Revelation Writing from a distinctively evangelical and Reformed viewpoint Jewett offers a general systematic introduction to these doctrines of the Christian church how we know God revelation and Scripture who God is the divine nature what God is like the divine attributes and what God has done creation While upholding the historic Christian faith Jewett s approach to Christian teaching is uniquely neo evangelical in that he seeks to expound and clarify orthodox Christianity for twentieth century Christians Jewett purposely sets forth his systematic theology in light of scientific and social issues that confront the church in the contemporary world Throughout the book Jewett also refers to literary masterpieces and to the church s hymns giving the reader a greater appreciation for the theological

treasures in our literature and our hymnody The culmination of nearly forty years of study and teaching this book adeptly balances the philosophical efforts needed in systematic theology with the biblical material in which Christian doctrines are rooted and it covers well the range of theologies from the early fathers to the Scholastics from the Reformers to liberation and feminist theologians Interspersed throughout the text are useful addenda and excursions which provide further detailed treatment of specific topics An unusual feature of *God Creation and Revelation* is Jewett's inclusion of eight sermons by Dr Marguerite Shuster a former student of his Believing that theology and preaching must go together Jewett has strategically placed these sermons throughout the book as creative examples of how to preach Christian doctrines

Reasons why I am a Unitarian, in a series of letters to a friend John Rely BEARD, 1860 *God's Autopsy and the Living Truth of Soul* Hal Childs, 2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God's Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung's psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself

Father Malebranche's treatise concerning the Search after Truth. The whole work compleat. To which is added the author's treatise of Nature and Grace ... together with his answer to the animadversions upon the first volume: his defense against the accusations of Mr. De La Ville, &c., relating to the same subject. All translated by T. Taylor

Nicolas Malebranche, 1694 **Reason, Truth and Self** Michael Luntley, 2002-09-11 Michael Luntley provides a lively introduction to the debate over postmodernism Sympathisers of the postmodernist critique of absolute knowledge have jettisoned concepts of reason truth and self this abandonment has fuelled their opponents case against postmodernism This has led them to ignore the very real problems raised by the postmodernists Luntley offers a clear and careful exposition of how rational debate survives despite the Enlightenment's failings *Reason Truth and Self* covers many of the key questions of our age How rational is science Can we really know the truth about ourselves and the world What is the nature of the mind Can we know the difference between right and wrong *Reason Truth and Self* is ideal for courses in philosophy and the social sciences *Herald of Truth*, 1836 **Reason, Truth and Reality** Daniel Goldstick, 2009-06-02 Dan Goldstick's *Reason*

Truth and Reality addresses two questions what sort of world do we inhabit and what moral obligations do we have To answer the questions Goldstick mounts a bold contemporary defense of pre Kantian rationalism Basing consideration upon a characterization of reason in its deductive inductive and ethical functioning he asks what must hold good for reason so characterized to be a dependable guide to truth The conclusions Goldstick draws are threefold First of all the argument points to continuous deterministic causality throughout space and time In the second place a case is made for universal impermanence And thirdly Goldstick claims to establish a basis for the right within a version of utilitarianism supporting the maximum long term promotion of people s interests The discussion takes in such traditional rationalist themes as aprioricity conceivability and antiscepticism and such analytic topics as belief and desire truthvaluelessness and epistemic reliability

Embracing Our Finitude Stephan Kampowski,2018-05-15 Memento mori remember death this is how the medieval monks exhort us Our life given in birth and taken by death is radically marked by finitude which can be a source of great fear and anguish Our finitude however does not in itself need to be something negative It confronts us with the question of our life s meaning and spurs us on to treasure our days Our contingency as evidenced in our birth and death reminds us that we have not made ourselves and that there is nothing necessary about the marvelous fact that we exist Particularly from a Judeo Christian perspective embracing our finitude will mean gratefully accepting life as a completely gratuitous gift and living one s days informed by a sense of this gratitude

Without God or His Doubles Vaden House,2022-02-07 Without God or His Doubles offers a sympathetic but critical interpretation of the philosophy of Richard Rorty Rorty is one of the most widely discussed of contemporary philosophers but there exist few attempts to deal with the full scope of Rorty s writings in a systematic fashion This book shows that the unifying theme that runs through Rorty s writings on epistemology the philosophy of science the philosophy of mind the philosophy of language and political philosophy is a quasi religious conception of human creativity and human freedom In other words Rorty s attempt to avoid both realism and relativism is best understood in relationship to his claim that traditional philosophy has been god obsessed The animating spirit of Rorty s philosophy is to complete the Enlightenment project to completely wean philosophy away from both God and the various god doubles Reason Nature Mind Man Science Art Rorty believes that a radical secularity will result in a kind of human emancipation and a heightened sense of human freedom The book concludes with a critique of Rorty s proposal for philosophy and culture after the final departure of all the gods

Truth Therapy Peter J. Bellini,2014-12-09 Our world is inundated with war poverty disease economic crises terrorism unemployment fatherlessness addictions divorce abortion sex trafficking racism depression and anxiety information and stimulation overload and the list goes on and on Where do people find relief How do people find true peace and hope Do they find it Do they even find it in church or do they endlessly and hopelessly search Truth Therapy is a devotional strategy for spiritual formation and discipleship that employs scripture basic Christian truths the names of God and faith affirmations blended with cognitive behavioral theory It is an intentional

approach that tackles many of the maladies of our day that impede believers from growing and overcoming in Christ such as stress worry fear depression and anxiety The fundamental premises of Truth Therapy are that lies bind us but the truth sets us free The lies we believe are the primary weapons used to defeat us while the truth we believe can be the key to setting us free Truth Therapy provides a framework for identifying and evaluating the lies we believe and replacing those lies with the truth found in the word of God for every area of our life Truth Therapy can be used in multiple settings such as personal devotions group devotions small group study discipleship counseling and in intercession *Reason, Truth and God* Renford Bambrough, 1969
