1796-1864**

With a new Preface by the author

PHILIP A. KUHN

Rebellion And Its Enemies In Late Imperial China Militarization And Social

Jennifer Rudolph

Rebellion And Its Enemies In Late Imperial China Militarization And Social:

Rebellion and Its Enemies in Late Imperial China Philip A. Kuhn, 1970 **Rebellion and its enemies in late imperial China: militarization and social structure, 1976-1864** Philip A. Kuhn, Jennifer Rudolph, 2010-02-28 **Negotiated Power in Late Imperial China** The Zongli Yamen and the Politics of Reform explores the nature and functioning of reform during the nineteenth century of China's Qing dynasty 1644 1911 By analyzing the bureaucratic modes of management that developed around the creation and evolution of the Zongli Yamen or Foreign Office 1861 1901 the book demonstrates the vitality of not only the Chinese State but also the institutional traditions of its Manchu rulers Drawing on precedent and the flexibility of the administrative system in their efforts to manage the conduct of foreign affairs high Qing ministers transformed opportunities for institutional dynamism into the reality of a functioning central Zongli Yamen with a foreign affairs field administration supporting it in the provinces In the process they altered the governmental hierarchy and changed the definition of institutional power in the multi faceted area of foreign affairs and more generally for the Qing bureaucracy As the most significant example of institutional development in China's critical period of the nineteenth century the Zongli Yamen's experience serves as valuable background for understanding reform efforts in late imperial China and beyond China John King Fairbank, Merle Goldman, 2006-04-30 John King Fairbank was the West's doyen on China and this book is the full and final expression of his lifelong engagement with this vast ancient civilization The distinguished historian Merle Goldman brings the book up to date and provides an epilogue discussing the changes in contemporary China that will shape the nation in the years to come *Conflict, Community, and the State in Late Imperial Sichuan* Quinn Javers, 2019-03-04 Exploring local practices of dispute resolution and laying bare the routine role of violence in the late Qing dynasty *Conflict Community and the State in Late Imperial Sichuan* demonstrates the significance of everyday violence in ordering disciplining and building communities The book examines over 350 legal cases that comprise the cases of unnatural death archival file from 1890 to 1900 in Ba County Sichuan province The archive presents an untidy array of death including homicides suicides and found bodies An analysis of the muddled and often petty disputes found in these records reveals the existence of a local system of authority that disciplined and maintained daily life Often relying on violence this local justice system occasionally intersected with the state's justice system but was not dependent on it This study demonstrates the importance of informal local authority to our understanding of justice in the late Qing era Providing a non elite perspective on Qing power law justice and the role of the state this book will be of great interest to students and scholars of Chinese and Asian history as well as legal history and comparative studies of violence *The Rural Modern* Kate Merkel-Hess, 2016-08-17 *The Rural Modern* by historian Kate Merkel Hess is the first book to discuss the importance of rural China in the nation's efforts to define itself as modern in the twentieth century Discussions of modernization efforts in twentieth century China have usually focused on modernity's manifestations from ironworks to

banking to dancehalls in China's cities. As a result, the Communist peasant revolution appears to be a historical break. But Merkel Hess shows that the countryside was crucial for reformers in Republican China much before the peasant revolution of the communist period. Reformers hoped that once the rural masses were educated enough to realize how China had been taken advantage of by imperial powers, they would act to repel foreign intervention. The Rural Reconstruction Movement's agenda was not a partisan plan for revitalization but rather a fundamentally Chinese one: a reconfiguration of traditional ways of engaging the countryside. In international Shanghai, modernity usually signaled what was foreign and new, but as Merkel Hess argues, it was the rural modern that captured the Chinese people's desire for a modernity rooted in Chinese tradition and rural reform; thus, it became crucial to China's self-definition. The book sheds much needed light on the tensions between foreign and traditional Chinese urban and rural tradition and reconstruction that roiled the Chinese intellectual world in the early twentieth century: tensions that informed people's actions and social relations, government policies, and subsequent efforts to create a modern nation during the communist period.

Insurgency Warfare Jeremy Black, 2023-06-22 This timely book offers a world history of insurgencies and of counterinsurgency warfare. Working beyond traditional Western-centric narrative, arguing that it is crucial to ground experiences in Afghanistan and Iraq in a global framework. Unlike other studies that begin with the American and French revolutions, this book reaches back to antiquity to trace the pre-modern origins of war. Interweaving thematic and chronological narratives, Black probes the enduring linkages between beliefs, events, and people on the one hand, and changes over time on the other. He shows the extent to which politics, technologies, and ideologies have evolved, creating new parameters and paradigms that have framed both governmental and public views. Tracing insurgencies ranging from China to Africa to Latin America, Black highlights the widely differing military and political dimensions of each conflict. He weighs how and why lessons were learned or rather asserted in both insurgency and counterinsurgency warfare. At every stage, he considers lessons learned by contemporaries, the ways in which norms developed within militaries and societies, and their impact on doctrine and policy. His sweeping study of insurrectionary warfare and its counterinsurgency counterpart will be essential reading for students of military history.

The Chinese City Between Two Worlds Mark Elvin, George William Skinner, 1974 A Stanford University Press classic

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a wide variety of users, it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts. The book examines naval and air warfare as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing these publications with reference to their particular emphases, strengths, and limitations.

Clothing, Food, and Travel Liu Xiaoyi, 2023-09-15 This book explores the material and cultural history of the Ming Dynasty based on the Chinese magnum opus *Xingshi Yinyuan Zhuan*, literally *The Story of a*

Marital Fate to Awaken the World written under the pseudonym of the seventeenth century writer Xizhou Sheng The novel weaves into its narrative through the characters personalities and the events it illustrates important details of Ming material life Through the literary snapshot of the Ming material culture as reflected in Xingshi Yinyuan Zhuan this work investigates the practices and customs of clothing food and travel three of the four major concerns of the people s livelihoods known as yishizhuxing in Chinese While frequenting economic dimensions and probing the impact that Ming politics had on the ethos and social economy of the period it sheds significant light on folk customs legal and religious practices and the status of women among other issues This work aims to enrich the current Western scholarship done primarily by Timothy Brook Craig Clunas and Glen Dudbridge on Ming material culture The book will be of great value to students and scholars of East Asian Studies Chinese literature and those interested in the history of material culture in general
