

Rebellious Laughter

PEOPLE'S
HUMOR IN
AMERICAN
CULTURE

"The fortunate reader will find fresh and original insights bubbling up in almost every paragraph."

—Steve Allen

Joseph
Boskin

Rebellious Laughter

Sara A. Potter

Rebellious Laughter:

Rebellious Laughter Joseph Boskin, 1997-11-01 Rebellious Laughter changes the way we think about the ordinary joke. Claiming that humor in America is a primary cultural weapon, Boskin surveys the multitude of joke cycles that have swept the country during the last fifty years: Dumb Blonde jokes, Elephant jokes, Jewish American Princess jokes, Lightbulb jokes. Readers will enjoy humor from many diverse sources: whites, blacks, women, and Hispanics; conservatives and liberals; public workers and university students; the powerless and power brokers. Boskin argues that jokes provide a cultural barometer of concerns and anxieties frequently appearing in our day-to-day language long before these issues become grist for stand-up comics.

Laughter and Ridicule Michael Billig, 2005-10-03 From Thomas Hobbes' fear of the power of laughter to the compulsory packaged fun of the contemporary mass media, Billig takes the reader on a stimulating tour of the strange world of humour. Both a significant work of scholarship and a novel contribution to the understanding of the humorous, this is a seriously engaging book. David Inglis, University of Aberdeen. This delightful book tackles the prevailing assumption that laughter and humour are inherently good. In developing a critique of humour, the author proposes a social theory that places humour in the form of ridicule as central to social life. Billig argues that all cultures use ridicule as a disciplinary means to uphold norms of conduct and conventions of meaning. Historically, theories of humour reflect wider visions of politics, morality, and aesthetics. For example, Bergson argued that humour contains an element of cruelty, while Freud suggested that we deceive ourselves about the true nature of our laughter. Billig discusses these and other theories while using the topic of humour to throw light on the perennial social problems of regulation, control, and emancipation. *Discontented Discourses* Marleen S.

Barr, Richard Feldstein, 1989 **A History of English Laughter**, 2021-11-01 Is there a history of laughter? Or isn't laughter an anthropological constant rather than beyond history, a human feature that has defined humanity as *homo ridens* from cave man and cave woman to us? The contributors to this collection of essays believe that laughter does have a history and try to identify continuities and turning points of this history by studying a series of English texts, both canonical and non-canonical, from Anglo-Saxon to contemporary. As this is not another book on the history of the comic or of comedy, it does not restrict itself to comic genres; some of the essays actually go out of their way to discover laughter at the margins of texts where one would not have expected it, all in *Beowulf* or *Paradise Lost* or the Gothic Novel. Laughter at the margins of texts, which often coincides with laughter from the margins of society and its orthodoxies, is one of the special concerns of this book. This goes together with an interest in impure forms of laughter, in laughter that is not the serene and intellectually or emotionally distanced response to a comic stimulus which is at the heart of many philosophical theories of the comic, but emotionally disturbed and troubled, aggressive and transgressive, satanic and sardonic laughter. We do not ask then what is comic, but who laughs at and with whom, where, when, why, and how. **Cheeky Fictions** Susanne Reichl, Mark Stein, 2005 Examining postcolonial transcultural practice from a range of disciplinary and methodological perspectives, this study seeks

to analyse laughter and the postcolonial in their complexity It gathers a group of international specialists in postcolonial transcultural studies to analyse the functions of humour in a wide range of cultural texts *Humor, Laughter and Human Flourishing* Mordechai Gordon, 2013-08-13 This book is a philosophical investigation of the significance of humor and laughter examining its relation to other human phenomena including truth nihilism dreams friendship intimacy aesthetic experience self transcendence and education The author addresses the relative neglect of humor and laughter among philosophers of education with this volume where the focus is on the significance of humor and laughter for human flourishing Central questions are threaded through this work What does the study of humor and laughter bring to philosophy and specifically to philosophy of education How is humorist thinking different from other modes of human knowing What might happen if we were to respond to the absurdity of human existence with humor and laughter What insights can be learned from a philosophical investigation of humor in relationship to other human phenomena such as dreams friendship intimacy aesthetic experience and self transcendence And finally how can humor and laughter enhance human existence and flourishing The author presents groundbreaking insights into what can be gained from a study of humor and laughter about human existence in general and flourishing in particular This work will be of interest to philosophers especially philosophers of education as well as to teachers and educators Its unique blend of philosophical investigation and humorous discourse is both a rigorous and accessible analysis of humor *Aspects of Dostoevskii*, 2012-01-01 Perhaps more than any other nineteenth century Russian writer Dostoevskii s continuing popularity rests on his contemporary relevance The prophetic streak in his creativity gives him the same lasting appeal as dystopian novelists such as Zamiatin and Orwell whom he influenced and whose ethical concerns he anticipated Religious themes are prominent in his work too and though he was a believer his interest seems to lie in the tension between faith and unbelief which was felt as keenly in the Russia of his time as in our own The nature of Dostoevskii s art also continues to be debated The older tendency to disparage his literary method has given way to a recognition of the originality of his techniques without which his ideological concerns would not have emerged with such thought provoking clarity The chapters which comprise this volume address these issues in a range of Dostoevskii s works from shorter classics such as *House of the Dead* and *Notes from Underground* to great novels such as *Crime and Punishment* and *The Brothers Karamazov* This work will be of use to scholars and students of Dostoevskii at all levels as well as to those with an interest in nineteenth century literature more generally *Technified Muses* Sara A. Potter, 2024-10-08 In this volume Sara Potter uses the idea of the muse from Greek mythology and the cyborg from posthuman theory to consider the portrayal of female characters and their bodies in Mexican art and literature from the 1920s to the present examining genres including science fiction cyberpunk and popular fiction *Make 'em Laugh!* Zeke Jarvis, 2015-04-07 This lighthearted and eye opening book explores the role of comedy in cultural and political critiques of American society from the past century This unprecedented look at the history of satire in America showcases the means by

which our society is informed by humor from the way we examine the news to how we communicate with each other to what we seek out for entertainment From biographical information to critical reception of material and personalities the book features humorists from both literary and popular culture settings spanning the past 100 years Through its 180 entries this comprehensive volume covers a range of artists individuals such as Joan Rivers Hunter S Thompson and Chris Rock and topics including vaudeville cartoons and live performances The content is organized by media and genre to showcase connections between writers and performers Chapters include an alphabetical listing of humorists grouped by television and film stars stand up and performance comics literary humorists and humorists in popular print

Laughing Histories Joy Wiltenburg, 2022-06-07 Laughing Histories breaks new ground by exploring moments of laughter in early modern Europe showing how laughter was inflected by gender and social power I dearly love a laugh declared Jane Austen's heroine Elizabeth Bennet and her wit won the heart of the aristocratic Mr Darcy Yet the widely read Earl of Chesterfield asserted that only the mob would laugh out loud the gentleman should merely smile This literary contrast raises important historical questions how did social rules constrain laughter Did the highest elites really laugh less than others How did laughter play out in relations between the sexes Through fascinating case studies of individuals such as the Renaissance artist Benvenuto Cellini the French aristocrat Madame de Sevigné and the rising civil servant and diarist Samuel Pepys Laughing Histories reveals the multiple meanings of laughter from the court to the tavern and street in a complex history that paved the way for modern laughter With its study of laughter in relation to power aggression gender sex class and social bonding Laughing Histories is perfect for readers interested in the history of emotions cultural history gender history and literature

The Enigmatic Realm of **Rebellious Laughter**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
