Rebels In The Name Of Tsar:

Rebels in the Name of the Tsar Daniel Field,1976 *Pretenders and Popular Monarchism in Early Modern Russia* Maureen Perrie,2002-04-11 The first western account of the role of pretenders and impostors in early seventeenth century Russia **Renegades, Rebels and Rogues Under the Tsars** Peter Julicher,2003-08-25 In the Russia of the tsars people who criticized or questioned the autocratic prerogatives of the sovereign were brutally suppressed and sometimes actively persecuted So imbedded was this official hostility to anyone hoping to change or even influence government policy that even the most high minded reformers came to understand that the only way they could succeed was to overthrow the regime The author describes the activities of the most important dissidents and agitators from the reign of Ivan the Terrible to Nicholas II and the Communist Revolution in 1917 Many of these fascinating individuals were serious activists endeavoring to improve society others were opportunistic scoundrels and adventurers The author explores the causes that provoked them and the consequences they faced and explains how time and time again the tsars were goaded into mistakes and over reaction
