Recalling Past Lives:

Reincarnation Paul Roland, 2009-04-01 Do you ever feel a strange affinity to a particular time period or profession or recall flashes of another life that you can't explain Reincarnation the belief that we are all reborn many times lies at the heart of many of the oldest religions philosophies and faiths It is being recognized by more and more people today as the truth behind who we really are If you want evidence of reincarnation you'll find it within these pages Read about the children who identified long dead family members from photographs they had never seen before the sisters who could remember how they died and the man who was a Confederate colonel in the American Civil War and still has the scars to prove it This book also includes A self regression exercise to help you find out who you once were Instructions to identify the physical symptoms of past life trauma Out of body experiences near death experiences and how to heal the past Exclusive interviews with Carol Bowman one of America's foremost past life regression therapists and celebrity regression specialist Lee Everett who reveals some of the past lives of Elton John and Brian May Reincarnation Paul Roland, 2008 *Children's Past Lives* Carol Bowman, 2012-02-01 Has your child lived before In this fascinating controversial and groundbreaking book Carol Bowman reveals overwhelming evidence of past life memories in children Not only are such experiences real they are far more common than most people realize Bowman's extraordinary investigation was sparked when her young son Chase described his own past life death on a Civil War battlefield an account so accurate it was authenticated by an expert historian Even more astonishing Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory Inspired by Chase's dramatic healing Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives spontaneously and naturally In *Children's Past Lives* she tells how to distinguish between a true past life memory and a fantasy offers practical advice to parents on how to respond to a past life memory and shows how to foster the spiritual and healing benefits of these experiences Perhaps the most moving convincing and best documented evidence yet for life after death *Children's Past Lives* will stand alongside the classics of Betty J Eadie Raymond Moody and Brian Weiss in its power to comfort uplift and transform our thinking about life after death *Old Souls* Thomas Shroder, 2011-05-17 A riveting firsthand account of one man's mission to investigate and document some of the most astonishing phenomena of our time children who speak of past life memory and reincarnation All across the globe small children spontaneously speak of previous lives beg to be taken home pine for mothers and husbands and mistresses from another life and know things that there seems to be no normal way for them to know From the moment these children can talk they speak of people and events from the past not vague stories of centuries ago but details of specific identifiable individuals who may have died just months weeks or even hours before the birth of the child in question For thirty seven years Dr Ian Stevenson has traveled the world from Lebanon to suburban Virginia investigating and documenting more than two thousand of these past life memory cases Now his essentially unknown work is being brought to the mainstream by Tom

Shroder the first journalist to have the privilege of accompanying Dr Stevenson in his fieldwork Shroder follows Stevenson into the lives of children and families touched by this phenomenon changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story
