Receiving Woman Studies In The Psychology And Theology Of The Feminine:

Receiving Woman - Studies in the Psychology and Theology of the Feminine Ann Belford Ulanov, We live in a time of unparalleled opportunity for women and a time just because of that opportunity of great stress It is a time when every woman can find her own particular style to develop her skills to acknowledge her needs and failures and to claim both her satisfactions and dissatisfactions The old stereotypes are all but dead But another danger threatens of new stereotyped roles for women in the very range of choices and opportunities presented to the RECEIVING WOMAN grew out of a decade of reflections on women s experiences my own my patients and my students writes Professor Ulanov From all of them a common voice emerged speaking about each woman s struggle to receive all of herself Each was trying to find and put together different parts of herself into a whole that was personal alive and real to her and to others I know that women want to be all of themselves and want to be their own selves not examples of types They want to work out their own individual combinations of what have been called the masculine and feminine parts of themselves This book focuses on that possibility on women receiving themselves all of themselves wisely and gladly *Hospital Ministry* Lawrence E. Holst, 2006-07-01 The contributors include twelve staff chaplains of the Division of Pastoral Care Luthernan General Hospital Park Ridge Illinois in addition to a church historian an ethicist a research psychologists and an expert on substance abuse Book jacket

Archetype Revisited Anthony Stevens, 2015-06-05 Archetype A Natural History of the Self first published in 1982 was a ground breaking book the first to explore the connections between Jung s archetypes and evolutionary disciplines such as ethology and sociobiology and an excellent introduction to the archetypes in theory and practical application as well C G Jung s archetypes of the collective unconscious have traditionally remained the property of analytical psychology and have commonly been dismissed as mystical by scientists But Jung himself described them as biological entities which if they exist at all must be amenable to empirical study In the work of Bowlby and Lorenz and in studies of the bilateral brain Anthony Stevens has discovered the key to opening up this long ignored scientific approach to the archetypes originally envisaged by Jung At last in a creative leap made possible by the cross fertilisation of several specialist disciplines psychiatry can be integrated with psychology with ethology and biology The result is an immensely enriched science of human behaviour In Archetype Revisited Stevens considers the enormous cultural social and intellectual changes that have taken place since the publication of the original edition and includes An updated chapter on The Archetypal Masculine and Feminine reflecting recent research findings and developments in feminist thinking Commentary on the intrusion of neo Darwinian thinking into psychology and psychiatry Analysis of what has happened to the archetype in terms of our understanding of it and our responses to it This Classic Edition of the book includes a new introduction by the author *Evelyn Underhill* Dana Greene, 1988-08-04 Evelyn Underhill was a pioneer in revitalizing interest in mysticism and in the spiritual life as lived by ordinary people Here are some of her articles that demonstrate the variety and development of her thought over forty years

The themes of magic and mysticism prayer and pacifism are all considered with particular emphasis on Underhill's focus on personal religious experience its nurturance in prayer its protection by institutional religion and its implications for all aspects of life Together the pieces illuminate the author's move from Platonism to the incarnational spirituality lived out during the years between the world wars Greene's interpretive introduction to the life and work of this contemporary mystic is most helpful for those previously unfamiliar with Underhill The book contains the most complete bibliography available on works by and about this important woman

Cinderella and Her Sisters - The Envied and the Envy Ann Ulanov, Barry Ulanov, Seated in her nest of ashes Cinderella embodies human misery The essence of inner and outer nobility she is the envy of her cruel stepmother and her ugly sisters Using this familiar story Ann and Barry Ulanov explore the psychological and theological aspects of envy and goodness In their interpretation of the tale they move back and forth between internal and external issues from how feminine and masculine parts of persons fit or do not fit together to how individuals conduct their lives with

those of the same and opposite sexes how they conflict compete or join harmoniously The Cinderella tale so simple and so profound offers a direct road into and through the thickets of envying and being envied Envy between sisters between mothers and daughters between the sexes between nations between different parts of our own psyche even of God these are the multiple places of wounding we touch in this book The central role of envy in determining the very nature of our society its politics for example is we think crucial After considering this rarely discussed human emotion the authors focus on the nature of goodness as it surfaces in the envy experience They reflect on its abundance ability to unite disparate parts its abiding presence and its joy then conclude with a glossary of terms and a brief review of the psychological literature on envy

Shamanic Dimensions of Psychotherapy Robin van Löben Sels, 2019-11-13 In Shamanic Dimensions of Psychotherapy Healing through the Symbolic Process Robin van L ben Sels uniquely and honestly recounts her personal journey toward a shamanic understanding of psychotherapy Exploring the disruptive breakthrough of visions and dreams that occurred during her analysis personal life and psychoanalytic training van L ben Sels illustrates how the phenomenology of ancient shamanism is still alive and how it is a paradigm for the emergence and maturation of the psyche in people today This original book delves into van L ben Sels s personal experience of the shaman identifying such eruptions as a contemporary version of the archaic shaman s initiatory call to vocation The book is split into two parts It begins by outlining the shamanic personality in history recognizing this as an individual that has been called out of a collectively sanctioned identity into a creative life and the unconscious shaman complex they consequently face especially in psychotherapeutic relationships Practical as well as theoretical the second part outlines the shamanic attributes that underline psychotherapeutic relationships silence sound mask rhythm gesture movement and respiration and usefully describes how to use them as asanas for consciousness or vehicles toward psychological awareness With clinical examples and personal stories throughout this book s unique Jungian perspective addresses contemporary expressions of the shaman complex in our current world Shamanic Dimensions of Psychotherapy Healing through the Symbolic Process will be essential reading for Jungian analysts and psychotherapists in practice and in training as well as for academics and students of Jungian and post Jungian studies It

will be especially helpful and illuminating to those who have experienced an involuntary plunge into the depths and who seek ways to articulate their experience

Phenomenological Inquiry in Psychology Ron Valle, 2013-11-11 This fine new book the third in a series brings psychologists up to date on the advances of phenomenological research methods in illuminating the nature of human awareness and experiences In the more congenial and welcoming intellectual climate of the 1990s the phenomenological methods have moved to the forefront of discourse on research methods that support and advocate an expanding view of science In Valle and King 1978 phenomenological methods were presented as alternatives to behavioral methods In Valle and Halling 1989 phenomenological methods were advanced to perspectives in psychology This new volume is even less cautious indeed bolder in relation to conventional methods and epistemologies By now people knowledgeable about psychology and most psychologists have digested the criticisms directed against methods that operationalize quantify and often minimize human behavior In bringing us up to date on the growing power of the phenomenological methods this volume brings welcome coherence and integrity to an increasingly harried science attempting to reenchant itself with meaning and depth an endeavor artfully exemplified by phenomenological inquiries of the last several decades

Imprints of the Future George T. Czuczka, 1987 Few books address the political scene by focusing on its underlying psychodynamics which some of us see as a major need The author of this book does so with particularly apt attention to the future its perils and its possibilities from the foreword

Finding Space Ann Belford Ulanov, 2001-01-01 In Finding Space Ann Belford Ulanov argues that depth psychology in general and the work of D W Winnicott in particular offer vital new ways in which to apprehend religious life especially Christian religious life Her inspiration is rooted in Winnicott's influence on her work as an analyst and how his ideas have enriched her own Christian faith and religious understanding In addition Ulanov feels Winnicott's focus on the intensity of aliveness is an antidote to the plight of contemporary religion that it can be passionless or rote and thereby irrelevant to so many people She expands Winnicott's concept of transitional space between self and other to apply to the space between the human and divine She explores the importance of the illusionist element of God images in creative approaches to the divine Other topics include the paradox transitional reality holds with subjective and objective notions Christians have of God the inclusion of the body specifically sexuality and aggression and the struggle for integration within the self in the search for relationship with God and the importance of the feminine In an especially helpful appendix Ulanov includes Winnicott's thoughts on matters pertinent to religious life and thought

A Dream in the World Robin van Löben Sels, 2004-03 How can science and religion co exist in the modern discipline of psychotherapy A Dream in the World explores the interfaces between religious experience and dream analysis At the heart of this book is a selection of dreams presented by the author's patient during analysis which are compared with the dreams of Hadewijch a thirteenth century woman mystic The patient's dreams led the modern woman to an unanticipated breakthrough encounter with the divine her experience of soul The experience reoriented and energized her life and became her dream in the world Following

Jung's idea that the psyche has a religious instinct Robin van Loben Sels demonstrates that the healing process possible through psychotherapy can come from beyond the psyche and can not be explained by our usual theories of scientific psychology Written in flowing easily read language *A Dream in the World* details a classical Jungian analysis of a woman's dreams and searches the relationship between religious encounter psyche and soul **Anatomy of Gender** Dawn Currie, 1992-02-15 Throughout the ages the female body has been enshrined as an aesthetic object associated with nature sin and danger This collection of essays covers a range of topics related to the female body **The Tao of Women** Pamela K. Metz, Jacqueline L. Tobin, 1995-06 For centuries women have remained quiet suppressed by society Yet in their silence a singing can be heard celebrating their truths In *The Tao of Women* female voices speak out Finally the wisdom of Taoist philosophy is linked with the deep and mysterious wisdom of women *The Tao of Women* captures and presents the power and wisdom generated by centuries of women's lives with the hope that this wisdom will not be lost These brief and poignant meditations amplify the voices of our grandmothers and their mothers before them they illuminate the connections over time and space and culture allowing us to understand the women who came before and the daughters who will follow In 1950 a secret language was discovered near Hunan Province China It was not until 1982 that anyone collected and translated this secret women's script Known as Nu Shu this ancient language was developed and used by women to communicate with each other when their society would not allow them to learn to read and write For the first time in America 81 original Nu Shu illustrations and their translations can be seen in *The Tao of Women* *Jane Eyre's Sisters* Jody Gentian Bower, 2015 Ever since women in the West first started publishing works of fiction they have written about a heroine who must wander from one place to another as she searches for a way to live the life she wants to live a life through which she can express her true self creatively in the world Yet while many have written about the heroine's journey most of those authors base their models of this journey on Joseph Campbell's model of the Heroic Quest story or on old myths and tales written down by men not on the stories that women tell In *Jane Eyre's Sisters: How Women Live and Write the Heroine's Story* cultural mythologist Jody Gentian Bower looks at novels by women and some men as well as biographies of women that tell the story of the Aletis the wandering heroine She finds a similar pattern in works spanning the centuries from Lady Mary Wroth and William Shakespeare in the 1600s to Sue Monk Kidd Suzanne Collins and Philip Pullman in the current century including works by Jane Austen the Brontë sisters George Eliot Elizabeth Gaskell Charles Dickens Kate Chopin Virginia Woolf Doris Lessing J.R.R. Tolkien and Alice Walker to name just a few She also discusses myths and folk tales that follow the same pattern Dr Bower argues that the Aletis represents an archetypal character that has to date received surprisingly little scholarly recognition despite her central role in many of the greatest works of Western fiction Using an engaging down to earth writing style Dr Bower outlines the stages and cast of characters of the Aletis story with many examples from the literature She discusses how the Aletis story differs from the hero's quest how it has changed over the centuries as women gained more

independence and what heroines of novels and movies might be like in the future She gives examples from the lives of real women and scatters stories that illustrate many of her points throughout the book In the end she concludes authors of the Aletis story use their imagination to give us characters who serve as role models for how a woman can live a full and free life

Success and Betrayal Sarah Hardesty, Sarah Hardesty Bray, Nehama Jacobs, 1987-11-15 From Simon Schuster Success and Betrayal offers the groundbreaking insight into the myth of the unlimited potential the mystique of power and the elusive path to the top In their hard hitting book two successful corporate managers describe a classic series of landings that women must confront both to thrive in the corporate environment and to achieve a guiltless balance between career and personal life

The Wizards' Gate Ann Belford Ulanov, 1994 This book adapted from the distinguished Hale Lectures presents material from a woman wrestling with death showing how inextricably mixed are matters theological and psychological At a point when her life was blossoming in every way Nancy was struck down by a terminal brain tumor which soon robbed her of her speech She used paintings many of which are here reproduced to wrestle with this blow and to communicate what she was slowly discerning in the face of death something from the other side The author addresses a variety of related issues including the place of language in analysis and the role of the feminine mode of being especially in transference and counter transference

Cardinal Jean-Marie Lustiger on Christians and Jews Bruce Tallman, 2005 Written by an experienced practitioner this book offers spiritual directors a road map to becoming more fully conscious and proficient in their work helps directees learn to discern the good director from the not so good and teaches both director and directee how to cope in less than ideal spiritual direction situations The author describes the four heroic archetypes Sovereign Warrior Seer Lover and the antiheroic archetypes associated with each of them BOOK JACKET
