Reception La Litierature:

The Court Reconvenes International Courtly Literature Society. Congress,2003 Table of contents Littérature africaine et sa critique Locha Mateso,1986-01-01 Reception and Renewal in Modern Spanish Theatre, 1939-1963 John London,1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre Literary Translation, Reception, and Transfer Norbert Bachleitner,2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature Receptions of Paul in Early Christianity Jens Schröter,Simon Buttica,Andreas Dettwiler,2018-10-22 The volume deals with interpretations of Paul his person and his letters in various early Christian writings Some of those written in the name of Paul became part of the New Testament others are included among Ancient Christian Apocrypha still others belong to the collection called The Apostolic Fathers Impacts of Paul are also discernible in early collections of his letters which became an important part of the New Testament canon This process resulting in the canonical Paul is also considered in this collection Communication Littéraire Et Réception International Comparative Literature Association. Congress,1980 **Exegesis and History of Reception** Régis Burnet,2021-01-26 Why should we take into account the history of reception in biblical methods It is because as exegetes we have no choice Recognizing our

dependence on interpretations of the past is not a new method but it is the very way we understand texts R gis Burnet shows how this allows us to put our current interpretations into perspective but also to dialogue with those of the past **Cultural Translation and Receptions of Paul in the First Four Centuries** František Ábel,2025-07-10 There are two overlapping themes which serve as the focus of Cultural Translation and Receptions of Paul in the First Four Centuries a reception of the apostle Paul in subsequent Christian traditions and b the hypothesis that while Paul himself continued to think as a Jew he was subsequently re interpreted by non Jews in non Jewish and anti Jewish ways the so called Paul within Judaism school The distinctive focus of this volume is on the dynamic of cultural translation meaning for example the translation from the cultural world of Diaspora Judaism and its Septuagint to Greek philosophical and Greek Christian categories The contributions to the book are diverse ranging from younger to more senior scholars from both North America and Europe
