Reception Of The Faith Reinterpreting The Gospel For Today:

Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts **The Reception of the Faith** Gillian Rosemary Evans, 1997 Employing her extensive knowledge church history and current ecumenical thinking Evans explores tensions in the church between individual and community old and new continuity and change *The Oxford Handbook of John Henry Newman* Frederick D. Aquino, Benjamin J. King, 2018-10-18 John Henry Newman 1801 1890 has always inspired devotion Newman has made disciples as leader of the Catholic revival in the Church of England an inspiration to fellow converts to Roman Catholicism a nationally admired preacher and prose writer and an internationally recognized saint of the Catholic Church Nevertheless he has also provoked criticism The church authorities both Anglican and Catholic were often troubled by his words and deeds and scholars have disputed his arguments and his honesty Written by a range of international experts The Oxford Handbook of John Henry Newman shows how Newman remains important to the fields of education history literature philosophy and theology Divided into four parts part one grounds Newman s works in the places cultures and networks of relationships in which he lived Part two looks at the thinkers who shaped his own thought while the third part engages critically and appreciatively with themes in his writings Part four examines how those themes have shaped conversations in the churches and the academy This Handbook will serve as an important resource to critical and appreciative exploration of the person writings controversies and legacy of Newman [John Henry Newman and the Crisis of Modernity](#) Brian W. Hughes, Danielle Nussberger, 2018-11-08 This book blends historical theological and philosophical inquiries into what modernity means with the aim of showing how Newman can analyze critique and explain fruitful ways forward within a diverse range of subjects First it surveys historical and theological topics such as how Newman

understood modernity the *sensus fidelium* the role of doubt and modern views of reason Newman's university ideal and a return to the saint for much needed anthropological insights Second the volume shows how Newman's thought can be insightfully applied to key issues within church and society the need to redefine American Catholicism the challenge of secularization the role of Christian joy revelation and religious diversity progress traps and the ecological crisis and overcoming post modern individualism Throughout each chapter contributors consistently bring Newman's original and penetrating thought to bear upon critical themes in theological anthropology ecclesiology comparative theology and spirituality The volume shows how Newman's thought can be extended and enriched by dialogue with contemporary thinkers such as Charles Taylor Pope Francis and Bruno Latour In brief the contributors demonstrate how Newman can help frame contemporary self understandings and various theological and social imaginaries in the light of faith

David Nelson, Charles Raith II, 2017-07-27 *Ecumenism: A Guide for the Perplexed* is a comprehensive introduction to the methods achievements and future prospects of the modern ecumenical movement The authors begin the volume by charting out a serviceable definition of ecumenism a term that has long been a source of confusion for students of theology and church history They review the chronology of the modern ecumenical movement and highlight the major events figures accomplishments and impasses This historical survey is followed by critical examinations of three significant challenges for contemporary ecumenical theology and practice Along the way the authors provide commentary upon the difficulties and prospects that the ecumenical movement might anticipate as it enters this new millennium

[Hermeneutics of Doctrine in a Learning Church](#) Gregory A. Ryan, 2020-08-10 In *Hermeneutics of Doctrine in a Learning Church* Gregory A Ryan offers an account of the dynamic multi dimensional task of interpreting Christian tradition He integrates doctrinal hermeneutics the pastorality of doctrine exemplified by Pope Francis and a systematic appraisal of Receptive Ecumenism to provide an original perspective on this task The book focuses on three contemporary Catholic theologians Francis Schüssler Fiorenza Ormond Rush and Paul D Murray highlighting how each recognises the dynamic interaction of multiple perspectives involved in authentic ecclesial interpretation Christian tradition whether passed on in teaching scripture practices or structures needs to be continually received and interpreted This book offers theologians ecumenists and church workers a fresh model for receptive ecclesial learning in which doctrinal hermeneutics and pastoral realities are dynamically integrated

Chinnici, 2021-04-27 Situating the church within the context of post World War II globalization and the Cold War American Catholicism Transformed draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large and Vatican Council II During this time the Catholic community entered a transitional stage in which those on the right and those on the left battled for control of the Church's vision This convergence of international and national forces of renewal and resistance to them will continue to shape the American Catholic community's global identity in the twenty first century Koinonia and the Quest for an Ecumenical Ecclesiology Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought Koinonia and the Quest for an Ecumenical Ecclesiology provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe **Ecclesial Recognition with Hegelian Philosophy, Social Psychology & Continental Political Theory** Timothy T.N. Lim, 2017-07-03 Ecclesial Recognition proffers a framework for churches to accept the legitimacy and authenticity of each other as the Church in the dialogical process towards fuller communion Typically recognition and its reception investigate the sufficiency of creeds as ecumenical statements of unity the agreeability of essential sacramentality of the church and the recognition of its ministries as the churches witness of the gospel This monograph conceives ecclesial recognition as an intersubjective dynamics of inclusion and exclusion amid identity formation and consensus development with insights from Hegelian philosophy group social psychology and the Frankfurt School Axel Honneth's political theory The viability of this interdisciplinary approach is demonstrated from the French Dominican Yves Congar's oeuvre with implications for intra Communion and inter Church relations Dr Lim examines philosophical recognition theory group social psychology and political recognition theory to analyse the non theological impasses confronting the whole ecumenical movement Rev Dr Trevor Hoggard Director English speaking Ministries Methodist Church of New Zealand Lim masterfully argues for the viability of an interdisciplinary approach to ecumenical recognition within communities among churches and in their common pastoral mission Fr and Professor Radu Bordeianu Duquesne University and Orthodox theologian Representative of the
