Hanssen**

Recht Und Moral:

Lehrbuch Der Alttestamentlichen Religionsgeschichte Rudolf Smend, 1899 , Karl Leonhard Reinhold and the Enlightenment George di Giovanni, 2010-07-24 Karl Leonhard Reinhold 1757 1823 is a complex figure of the late German Enlightenment Sometime Catholic priest and active Mason even when still a cleric in Vienna early disciple of Kant and the first to try to reform the Critique of Reason influential teacher and prolific author astute commentator on the immediate post Kantian scene and at all times convinced propagandist of the Enlightenment in all these roles Reinhold reflected his age but also tested the limits of the values that had inspired it This collection of essays originally presented at an international workshop held in Montreal in 2007 conveys this multifaceted figure of Reinhold in all its details In the four themes that run across the contributions the historicity of reason the primacy of moral praxis the personalism of religious belief and the transformation of classical metaphysics into phenomenology of mind Reinhold is presented as a catalyst of nineteenth century thought but also as one who remained bound to intellectual prejudices that were typical of the Enlightenment and for this reason as still the representative of a past age The volume contains the text of two hitherto unpublished Masonic speeches by Reinhold and a description of recently recovered transcripts of student lecture notes dating to Reinhold s early Jena period *Kant's Lectures / Kants Vorlesungen* Bernd Dörflinger, Claudio La Rocca, Robert Loudon, Ubirajara Rancan de Azevedo Marques, 2015-07-31 Although they were not written by Kant himself the transcripts of his lectures constitute an important source for philosophical research today Some of the contributions presented in this volume discuss the authenticity and significance of these transcripts for example the status of Kant s lectures on logic and anthropology while others shed light on the historical formation of specific writings for instance the texts on the philosophy of religion The contributions provide new insights into Kant s philosophy that if looking at Kant s published writings alone we would not be able to gain In a number of cases a critical analysis of Kant s lectures gives us a better understanding of his published works Thus his lectures on metaphysics shed new light on his Critique of Pure Reason while the lecture on natural law is a valuable source for the understanding of his published legal writings **DIE LEITENDEN SOZIAL UND**

WIRTSCHAFTSPHILOSOPHISCHEN IDEEN Judith Grunfeld-Rosenbaum, 1913 *Einführung in den Jugoslawischen Marxismus-Leninismus* L. Vrtacic, 2012-12-06 Die vorliegende Arbeit gehört zur Reihe der Untersuchungen über den Marxismus Leninismus in den nicht sowjetischen kommunistischen Ländern Europas welche im Auftrag des Osteuropa Instituts an der Universität Freiburg Schweiz in Angriff genommen sind Im Gegensatz zu den früher veröffentlichten Werken handelt es sich jedoch nicht um eine vollständige Monographie sondern um eine Vorarbeit Sie besteht im wesentlichen in einer Bibliographie des jugoslawischen philosophischen Schrifttums seit 1945 und in einer Übersicht sowohl des organisatorischen Rahmens als auch der Literatur Der Verfasser bereitet jetzt auf Grund der hier zusammengefaßten Ergebnisse eine umfassende Monographie der genannten Art vor Die Veröffentlichung erfolgt in der Hoffnung daß diese

meines Wissens erste und bisher einzige Einführung in den jugoslawischen Marxismus Leninismus auch den anderen Forschern auf diesem Gebiet sowohl in Jugoslawien als auch im Ausland nützlich sein dürfte Es ist für mich eine angenehme Pflicht jenen Personen und Institutionen zu danken ohne deren Hilfe dieses Buch nicht Mitte geschrieben werden konnte Ich danke dem Osteuropa Institut der Universität Freiburg Schweiz für den Auftrag der Rockefeller Foundation welche meine Arbeit großzügig unterstützt hat der Schweizerischen Landesbibliothek in Bern der Freiburger Universitätsbibliothek und der Bibliothek des Schweizerischen Osteuropa Instituts in Bern für die Hilfe die ich bei der Zusammenstellung der Bibliographie von ihnen erhalten habe Vor allem möchte ich meinem verehrten Lehrer Prof J M Bochenski meinen Dank aussprechen ich habe von ihm ebensoviel die Anregung wie zahlreiche Weisungen und ständige Hilfe bei meiner Arbeit erhalten

Juristische Grundlehre Felix Soml?, 1927

The Court of Reason Beatrix Himmelmann, Camilla Serck-Hanssen, 2021-11-08 The Proceedings present the contributions to the 13th International Kant Congress which was held at the University of Oslo August 6-9 2019 The congress which hosted speakers from more than thirty countries and five continents was dedicated to the topic of the court of reason The idea that reason stands before itself as a tribunal characterizes the whole of Kant's critical project Without such a court reason falls into conflict with itself With such a court in place however it may succeed in establishing the possibility and limits of metaphysics ethics aesthetics law and science The idea of reason being its own judge is not only pivotal to a proper understanding of Kant's philosophy but can also shed light on the burgeoning fields of meta philosophy and philosophical methodology The 2019 Kant Congress put special emphasis on Kant's methodology his account of conceptual critique and the relevance of his ideas to current issues in especially political philosophy and the philosophy of law Additional sections discussed a wide range of topics in Kant's philosophy The Proceedings will provide anyone who is interested in exploring the variety of present day work on Kant and Kantian themes with a wealth of fruitful inspiration

Kant's "Tugendlehre" Andreas Trampota, Oliver Sensen, Jens Timmermann, 2013-01-30 Building on the results of the Groundwork and the Critique of Practical Reason Kant finally published his system of moral philosophy in two volumes in 1797 By then he had been planning to write a Metaphysics of Morals for three decades but only the title remained unchanged while the basic principles of his theoretical and practical philosophy changed dramatically While for many years academic moral philosophy focused mainly on Kant's earlier ethical treatises there has recently been much interest in this later and perhaps more mature work on moral philosophy particularly the ethical part of the Metaphysics of Morals the Metaphysical Principles of the Doctrine of Virtue or Tugendlehre The present volume responds to these demands Following a series of research workshops 18 scholars from Germany Italy Britain and the United States provide a seamless commentary on the Doctrine of Virtue discussing topics such as suicide truthfulness moral perfection beneficence gratitude sympathy respect and friendship as well as Kant's moral psychology philosophy of action and theory of moral education This book will be an invaluable resource for moral philosophers and Kant

scholars alike *Shaping the Moral Life* Klaus Demmer,2000-10-27 Although he is one of the most influential Catholic theologians in Europe very few of Klaus Demmer s writings are available in English This translation of his well known work on moral theology introduces Demmer s thought to English speaking audiences In an original synthesis of scholastic and continental philosophy Demmer brings the Catholic moral tradition into conversation with contemporary philosophical schools transcendental hermeneutical and analytical to fashion a moral theology in the spirit of the Second Vatican Council He shows the richness of the neoscholastic tradition in shaping and being shaped by our contemporary self understanding A complete bibliography of Demmer s works will assist readers in seeking out more of his writings Juristic Concept of the Validity of Statutory Law Andrzej Grabowski,2013-06-24 This book presents the theory of the validity of legal norms aimed at the practice of law in particular the jurisdiction of the constitutional courts The postpositivist concept of the validity of statutory law grounded on a critical analysis of the basic theories of legal validity elaborated up to now is introduced In the first part of the book a contemporary German nonpositivist conception of law developed by Ralf Dreier and Robert Alexy is analysed in order to answer the question whether the juristic concept of legal validity should include moral standards or criteria In the second part a postpositivist concept of legal validity and an innovative model of validity discourse based on the juristic presumption of the validity of legal norms are proposed The book is a work on analytical legal theory written from a postpositivist detached point of view **Artificial intelligence in application** Thomas Barton,Christian Müller,2024-07-10 The book shows application potentials of artificial intelligence in various industries and presents application scenarios on how a practical implementation can take place The starting point is the description of legal aspects which includes a European regulation for artificial intelligence and addresses the question of the permissibility of automated decisions The description of various application potentials mostly industry related and the presentation of some application scenarios form the focus of the topic volume The book is based on the question of how artificial intelligence can be used in entrepreneurial practice It offers important information that is just as relevant for practitioners as for students and teachers This book is a translation of an original German edition The translation was done with the help of artificial intelligence machine translation by the service DeepL com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation *Kant and Law* B.Sharon Byrd,2017-07-05 Immanuel Kant s legal philosophy and theory have played an enormous role in the development of law since the eighteenth century Although this influence can be seen primarily in German law and in the law of nations which have traditionally been oriented toward German legal development today Kant s philosophy has experienced a Renaissance in the Anglo American legal world This anthology collects what the editors believe to be the very best of articles on Kant s legal theory with an emphasis on his *Metaphysics of Morals* of 1797 In particular the articles relate to 1 the nature of law and justice 2 private law 3 public law 4 criminal law 5 international law and 6 cosmopolitan law The Right to Justification Rainer Forst,2012 Contemporary

philosophical pluralism recognizes the inevitability and legitimacy of multiple ethical perspectives and values making it difficult to isolate the higher order principles on which to base a theory of justice Rising up to meet this challenge Rainer Forst a leading member of the Frankfurt School s newest generation of philosophers conceives of an autonomous construction of justice founded on what he calls the basic moral right to justification Forst begins by identifying this right from the perspective of moral philosophy Then through an innovative detailed critical analysis he ties together the central components of social and political justice freedom democracy equality and toleration and joins them to the right to justification The resulting theory treats justificatory power as the central question of justice and by adopting this approach Forst argues we can discursively work out or construct principles of justice especially with respect to transnational justice and human rights issues As he builds his theory Forst engages with the work of Anglo American philosophers such as John Rawls Ronald Dworkin and Amartya Sen and critical theorists such as Jürgen Habermas Nancy Fraser and Axel Honneth Straddling multiple subjects from politics and law to social protest and philosophical conceptions of practical reason Forst brilliantly gathers contesting claims around a single elastic theory of justice

The Cambridge Handbook of Lawyering in the Digital Age Larry A. DiMatteo, André Janssen, Pietro Ortolani, Francisco de Elizalde, Michel Cannarsa, Mateja

Durovic, 2021-11-25 With increasing digitalization and the evolution of artificial intelligence the legal profession is on the verge of being transformed by technology legal tech This handbook examines these developments and the changing legal landscape by providing perspectives from multiple interested parties including practitioners academics and legal tech companies from different legal systems Scrutinizing the real implications posed by legal tech the book advocates for an unbiased cautious approach for the engagement of technology in legal practice It also carefully addresses the core question of how to balance fears of industry takeover by technology with the potential for using legal tech to expand services and create value for clients Together the chapters develop a framework for analyzing the costs and benefits of new technologies before they are implemented in legal practice This interdisciplinary collection features contributions from lawyers social scientists institutional officials technologists and current developers of e law platforms and services Monatschrift Fur

Hohere Schulen , 1902 **Law and Technology in a Global Digital Society** Georg Borges, Christoph Sorge, 2022-05-06

This book examines central aspects of the new technologies and the legal questions raised by them from both an international and an interdisciplinary perspective The technology revolution and the global networking of IT systems pose enormous challenges for the law Current areas of discussion relate to autonomous systems big data and issues surrounding legal tech Ensuring data protection and IT security as well as the creation of a legal framework for the new technology as a whole can only be achieved through international and interdisciplinary co operation The team of authors is made up of experienced internationally renowned experts as well as young researchers and professionals who give valuable insights from numerous different jurisdictions This book is written for jurists and those responsible for technology in public authorities and

companies as well as practising lawyers and researchers *Content and Competence* Jakob Weissinger, 2019-10-07 Jakob Weissinger unpacks a central problem in jurisprudence the concept of rights by examining other core concepts of normative practice and how they are interwoven The result is a stand alone theory which fundamentally questions established approaches A Manual of the History of Philosophy Wilhelm Gottlieb Tennemann, John Reynell Morell, 1852
