Red Danube:

Red Danube David Gluck,2020-06-15 Holocaust survivor Zoltan Zoli Gluck goes from a childhood in rural Hungary through the horrors of World War II to a New York City art dealer with a gallery in Provincetown Massachusetts He follows this unlikely career path to the 1987 ArtExpo at the Javits Center where he reunites with a painter who was in a concentration camp with him as a child Their rekindled friendship propels Zoli into an unintentional investigation of their shared past Through an odyssey that spans decades and crosses continents Zoli uncovers a betrayal that occurred on the day they were both liberated from the concentration camp Mauthausen and finds peace in the answers he didn't know he needed to hear in a place he never thought he'd see again

Red Danube Carl A. Posey,1988 At the Center for Analytic Studies American ocean chemist Dr Schaefer Braun is surrounded by consummate manipulators and discovers that his own past is connected with elements of a global conspiracy

The Screen Is Red Bernard F. Dick,2016-03-14 The Screen Is Red portrays Hollywood's ambivalence toward the former Soviet Union before during and after the Cold War In the 1930s communism combated its alter ego fascism yet both threatened to undermine the capitalist system the movie industry's foundational core value Hollywood portrayed fascism as the greater threat and communism as an aberration embraced by young idealists unaware of its dark side In *Ninotchka* all a female commissar needs is a trip to Paris to convert her to capitalism and the luxuries it can offer The scenario changed when Nazi Germany invaded the Soviet Union in 1941 making Russia a short lived ally The Soviets were quickly glorified in such films as *Song of Russia* *The North Star* *Mission to Moscow* *Days of Glory* and *Counter Attack* But once the Iron Curtain fell on Eastern Europe the scenario changed again America was now swarming with Soviet agents attempting to steal some crucial piece of microfilm On screen the atomic detonations in the Southwest produced mutations in ants locusts and spiders and revived long dead monsters from their watery tombs The movies did not blame the atom bomb specifically but showed what horrors might result in addition to the iconic mushroom cloud Through the lens of Hollywood a nuclear war might leave a handful of survivors *Five* *none* *On the Beach* *Dr Strangelove* or cities in ruins *Fail Safe* Today the threat is no longer the Soviet Union but international terrorism Author Bernard F Dick argues however that the Soviet Union has not lost its appeal as evident from the popular and critically acclaimed television series *The Americans* More than eighty years later the screen is still red

Screening Vienna: The City of Dreams in English-Language Cinema and Television Timothy K. Conley,2016-01-04 Vienna has been the locale for nearly one hundred and fifty films and television productions in English from 1920s through the first years of this century with imaginative representations of Freud Strauss Franz Josef Mozart Beethoven and Klimt mad scientists assassins spies refugees romantics and American professors historical dramas cartoons documentaries and Hitchcock's only musical comedy *The City of Dreams* has appeared as an imperial court a center of scientific and medical research a Jewish and Catholic homeland a locus of international espionage and domestic crime the destination for innocents abroad the birthplace of the

waltz a stage for performances and performers and the site for romantic rendezvous For many in English language audiences such productions have constituted the most significant representations of Vienna a city that historically has been the capital of one of Europe's largest empires one of the most important centers for classical music and opera both a victim and an accomplice of Nazi Germany and the home of international diplomacy Cultural historians and Austrian writers have provided significant commentary on the city but their influence has seldom reached such an extensive audience as the films and television productions screening Vienna for English language audiences Screening Vienna thus analyzes the representation of Vienna and the Viennese in English language film and television reviews the critical reception of these productions and measures the representations against the cultural and historical contexts and the writings of contemporary Austrian writers The book is unique in its scope over one hundred and fifty productions from the 1920s to 2013 and in its inclusion of leading reviews of many films references to cultural and historical studies of Vienna and references to modern and contemporary Austrian fiction Thus the analysis is more extensive in its coverage and more intensive in its analysis of each film than any previous study with a focus on scene language plot characterization and the reception of these films Scholars and students in American cultural studies film studies Austrian and Viennese history and popular culture will find the book informative and essential for studies of Vienna in the American and British imagination Given the extensive coverage and filmography many libraries should also view the book as a reference work in addition to its status in cultural and film studies The book will also be useful for film studies and American popular culture studies courses at advanced or graduate level

The Red True Story Book Andrew Lang,1895

Friend Or Foe? Michael J. Strada,Harold Martin Troper,Harold R. Troper,1997 During the nearly sixty years of filmmaking the always uneasy and often fractious Soviet American relationship has been mirrored in Hollywood's portrayal of Russians and the Soviet Union Friend or Foe examines the portrayal of the Soviet Union in American film and shows how these films reflect the attitudes of Americans as well as how each portrayal changed with the often uneasy relations between the two countries The authors show how films as rich repositories of national consciousness can be analyzed to reveal time bound insights into popular fears and obsessions History lovers and film buffs will appreciate the tongue in cheek approach to many of the absurdist films Scholars in history film studies and political science will find the depth and breadth of research useful A filmography bibliography and photographs further complement the study

An Army of Phantoms J. Hoberman,2013-01-29 The film critic's sweeping analysis of American cinema in the Cold War era is both utterly compulsive reading and majestic in its breadth and rigor Film Comment An Army of Phantoms is a major work of film history and cultural criticism by leading film critic J Hoberman Tracing the dynamic interplay between politics and popular culture Hoberman offers the most detailed year by year look at Hollywood during the first decade of the Cold War ever published one that takes film analysis beyond the screen and sets it in its larger political context Los Angeles Review of
