## **Regional Development The Ussr And After:**

Regional Development Oksana Dmitrieva,1996 **Regional Development** Oksana Dmitrieva,1996 A volume in the Changing Eastern Europe series this account of the long term functioning of an extreme regional policy framework is informed by economic and sociological field studies and statistical analysis by a leading Russian scholar **Regional Development in Russia** Hans Westlund,Aleksandr Grigor'evich Granberg,Folke Snickars,2000 Ten years ago the former Soviet Union was pictured in the West as a monolithic unit governed from Moscow with a firm hand Today the geographical area which once constituted the USSR no longer exists and the disparities between regions are increasing all the time This is the first book to provide an overview of Russia s regional development during the entire Soviet period as well as presenting a penetrating analysis of the array of regional problems facing Russia as we move into the twenty first century It analyses factors contributing to cohesion and disintegration in Russia today stressing the importance of ethnicity religion and Russian nationalism In examining regional developments and spatial policy during the Soviet period the authors reveal a remarkable paradox that the development of heavy industry actually reduced regional inequalities but as the economy diversified disparities widened The book is also a document from the people who were there that is those trying in the circumstances then prevailing to develop regional science which never achieved practical application under central planning The authors conclude that the development of Russia is increasingly becoming an issue of the development of its regions This book will be useful for academics working in the areas of transitional economics economic geography particularly those interested in long term regional divergence and convergence and economic history The Soviet Regional Dilemma Jan Ake Dellenbrant,2017-07-05 Incorporating an oral history approach this history of radio covers the impact of the arrival of television the rise of transistor radios the popularity of rock n roll FM stereo stations underground radio of the sixties talk radio public radio and how technology will affect its future **Tech, Smart Cities, and Regional Development in Contemporary Russia** Bruno S. Sergi,2019-07-28 With chapters on FinTech the cost of technological growth and innovation risk management Tech Smart Cities and Regional Development in Contemporary Russia grapples with ideas about technology and the intertwined issues that Russia faces in the 21st Century **OECD Regional Development Studies Promoting Growth in All Regions** OECD,2012-12-06 This book examines the main sources responsible for bringing growth in some OECD lagging regions Renewable Resources for Regional Development Moonis Raza,1989 **Geography And Development** Arthur Morris,2005-08-15 First published in 1998 Written in a highly accessible style this book examines economic development processes across the world The old certainties of what constitutes development and whether it is the same for all peoples no longer exist Goals once imposed by agencies like the World Bank are increasingly questioned and the spatial development planning characteristics of the 1960s and 70s is increasingly seen as an intrusion into free and competitive markets Indeed a question now being asked is should development be promoted at all This book examines these

fundamental issues and presents and evaluates the different theoretical approaches to development Each country has its own tale to tell and by using valuable case study material the author shows how different policies have impacted on the geography of regions Processes of development in the newly industrialised countries NICS of South Korea and Singapore are examined as well as the flexible specialisation model characteristic of many Mediterranean countries and the post industrial service economies based on high technology The book argues convincingly that the fundamental spatial and temporal patterns of development in modern times are no longer the importance of physical resources but the complex human resources and the determination to work Anchored firmly in the needs of students this book will be widely welcomed by undergraduates taking courses in human geography and development studies

### **Re-Constructing the Post-Soviet**

**Industrial Region** Adam Swain, 2007-04-11 This book examines the political economy of attempts to restructure the Donbass one of the Soviet Union's most important old economy rustbelt industrial regions It shows how local interest groups have successfully frustrated the central government's and the World Bank's proposed market oriented restructuring and how a manufacturing based regional economy is surviving partially with restructuring postponed

### **Federalism and Local**

**Politics in Russia** Cameron Ross, Adrian Campbell, 2008-10-27 This book examines federalism and regional and local politics in Russia Many commentators have alluded to the unique nature of Russia's dual transition and its difficult task of simultaneously reforming its economy and polity But there is in fact a third transition under way in Russia that is of no less importance the need to reconfigure central local relations and to create a stable and viable form of federalism Federal states are much more difficult to set up than unitary ones and forging a new federal system at the same time as privatising the economy and trying to radically overhaul the political system has clearly made Russia's transition triply difficult The book discusses how Vladimir Putin has reasserted the power of the centre in Russia and tightened the federal government's control of the regions It shows how contrary to his rhetoric about developing Russia as a free and democratic state authoritarianism has been extended through his reorganisation of the Federation Council his usurpation of powers to dismiss regional assemblies and chief executives and his creation of seven unelected super governors The book explores a wide range of issues related to these developments including a comparative study of Russian federalism and local politics ethnic federalism the merging of federal units regional governors electoral and party reforms and regional and local politics It also includes case studies of local and regional politics in specific regions

### ***Soviet Natural Resources in the World Economy***

Robert G. Jensen, Theodore Shabad, Arthur W. Wright, 1983-08 Russia is a huge storehouse of natural resources including oil gas and other energy sources which she can trade with the rest of the world for advanced technology and wheat In this book leading experts evaluate the Soviet potential in major energy and industrial raw materials giving special attention to implications for the world economy to the end of the twentieth century The authors examine the mineral and forest resources that the Soviet Union has developed and may yet develop to provide exports during the 1980s They discuss the regional

dimension of these resources especially in Siberia and the Soviet Far East individual mineral raw materials such as petroleum natural gas timber iron ore manganese and gold and finally the role of raw materials in Soviet foreign trade The authors representing the United States Canada and Great Britain are primarily geographers but they include economists political scientists and a geologist Their work is based on primary sources for most of these reports current information is no longer being released to researchers and on interviews with Soviet officials     The Political Economy of Reform in Central Asia Martin C. Spechler,2008-04-23 This book examines the economic reforms and material progress of the Central Asian republics after becoming independent from the Soviet Union focusing especially although not exclusively on the largest of these new states Uzbekistan It considers the region's abundant energy resources and prospects for future development

*Kazakhstan* Sally N. Cummings,2002-10-01 Kazakhstan is the largest state in Central Asia Rich in oil gas and other natural resources and sandwiched between China and Russia it occupies a key geopolitical position the importance of which was further heightened following the attacks of 9 11 and subsequent wars in the wider Middle East But Kazakhstan was born by default gaining independence only reluctantly as the Soviet Union collapsed Its political elite facing complex tasks of state building also lacked a monoethnic base on which to build its legitimacy Based on original material and extensive interviews in the capital and three of the country's regions the book places the elite in the country's broader institutional and historical context analysing their identity behaviour and how they gained and secured power in the early independence years Kazakhstan Power and the Elite is essential reading for all those interested in the history politics and international relations of this fascinating country     Authoritarian Regionalism in the World of International Organizations Anastassia V.

Obydenkova,Alexander Libman,2019 This volume examines the subject of authoritarian regionalism and is the first to systematically investigate the functioning and the impact of authoritarian regionalism as a new phenomenon as well as its implications for democratization world wide     Russia And Eastern Europe After Communism Michael Kraus,Ron Liebowitz,2019-06-04 The conference on Russia and East Europe in Transition held at Middlebury College in May 1994 under the auspices of the Center for Russian and East European Studies provided the impetus for this volume The two day gathering was made possible by a Title VI grant from the U S Department of Education and the Jessica Swift Endowed Lecture Fund of Middlebury College for which we are most grateful Apart from the contributors to this volume the conference participants included George Bellerose Raymond E Benson Valery Chalidze Michael Claudon David Colander Guntram H Herb Lars Lib Tamar Mayer Noah M J Pickus Sunder Ramaswamy David A Rosenberg and Mitchell Smith Acting as discussants panel chairs or interested participants their efforts individually and collectively have made this a better book and their contribution to this project is gratefully acknowledged     **USITC Publication** ,1992     *Modeling Economic Growth in Contemporary Belarus* Bruno S. Sergi,2019-11-08 Since 1991 the eyes of the world have been on the economic growth and development of the states that formerly made up the Soviet Union Looking at Belarus's industrial structure

economic growth and economic prospects this edited collection analyses why Belarus is considered ahead of many of its neighbour states in terms of human development

### **Regional Development The Ussr And After Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Regional Development The Ussr And After has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Regional Development The Ussr And After has opened up a world of possibilities. Downloading Regional Development The Ussr And After provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Regional Development The Ussr And After has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Regional Development The Ussr And After. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Regional Development The Ussr And After. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Regional Development The Ussr And After, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit

vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Regional Development The Ussr And After has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
