The Register of Thetford Priory David Percy Dymond,1995
Dymond,1996 The Register of Thetford Priory David Percy Dymond,1995 **The Register of Thetford Priory: Part 2: 1518-1540** David Dymond,1997-03-20 The annual expenditure accounts recorded in this Register provide a marvellously complete picture of a Cluniac monastery during its last 60 years Part 2 publishes the accounts for the years 1518 1540 and also contains biographical and other appendices and full indexes **The Use and Abuse of Sacred Places in Late Medieval Towns** Paul Trio,Marjan de Smet,2006 This book discusses how secular authorities made use of churches and monasteries in the Low Countries the German regions and the British Isles during the late medieval period *East Anglia's History* Christopher Harper-Bill,Carole Rawcliffe,Richard George Wilson,2002 East Anglia s political and economic importance in the middle ages is plain for all to see stemming initially from its crucial position on the eastern shores of the North Sea and its participation in the successive patterns of invasion and settlement of England Archaeological evidence abounds burial mounds castles great churches deriving from the wealth created by sheep yeoman farmhouses and market towns of eighteenth century elegance Behind these visible manifestations of the march of centuries lie particular histories and these seventeen studies from the region s best scholars reveal some of those jigsaw puzzles of time ranging from the Domesday herring industry by way of monasteries memorials wills Gainsborough and garden history to the growing passion for natural history and science in the mid nineteenth century They make a serious contribution to an understanding of the region and at the same time honour Norman Scarfe whose own studies have played a notable part in the interpretation of East Anglia s history Contributors JOHN BLATCHLY JAMES CAMPBELL CHRISTOPHER HARPER BILL CAROLE RAWCLIFFE DAVID DYMOND PETER NORTHEAST COLIN RICHMOND JUDITH MIDDLETON STEWART DIARMAID MacCULLOCH HASSELL SMITH TOM WILLIAMSON EDWARD MARTIN JONATHAN THEOBALD RICHARD WILSON HUGH BELSEY STEVEN PLUNKETT GEOFFREY MARTIN MICHAEL HOWARD Episcopal Registers Church of England. Diocese of Exeter,1886 **The Origins of the Consumer Revolution in England** Joanne Sear,Ken Sneath,2020-01-17 The Origins of the Consumer Revolution in England explores the rise of consumerism from the end of the medieval period through to the beginning of the nineteenth century The book takes a detailed look at when the consumer revolution began tracing its evolution from the years following the Black Death through to the nineteenth century In doing so it also considers which social classes were included and how different areas of the country were affected at different times examining the significant role that location played in the development of consumption This new study is based upon the largest database of English probate records yet assembled which has been used in conjunction with a range of other sources to offer a broad and detailed chronological approach Filling in the gaps within previous research it examines changing patterns in relation to food and drink clothing household furnishings and religion focussing on the goods themselves to illuminate items in common

ownership rather than those owned only by the elite Using a combination of qualitative and quantitative evidence to explore the development of consumption *The Origins of the Consumer Revolution in England* will be of great use to scholars and students of late medieval and early modern economic and social history with an interest in the development of consumerism in England **Norfolk Record Society** Norfolk Record Society,1996 Vols 4 6 8 16 include the society's Annual report 4th 1933

Saints and Their Communities Simon Yarrow,2006-02-23 The author argues that miracle narratives were the product of and helped to foster lay notions of Christian practice and identity centred on the spiritual patronage of certain enshrined saints **BOOK JACKET** *Keynes and His Critics* G. C. Peden,2004-12-16 These documents published here for the first time present the Treasury's counter arguments during the period when Keynes was developing the ideas that led to the Keynesian revolution in economic policy Economists and historians have tended to assume that Keynes was right and the Treasury was wrong this volume shows that the Treasury anticipated the political problems that would be encountered in putting Keynes's ideas into practice The topics covered include the return to the gold standard unemployment inflation and the international economy This edition complements the Royal Economic Society's Collected Writings of John Maynard Keynes and sheds new light on a formative period in British history Thomas Cromwell Diarmaid MacCulloch,2019-10-29 The long awaited biography of the genius who masterminded Henry VIII's bloody revolution in the English government which reveals at last Cromwell's role in the downfall of Anne Boleyn This a book that and it's not often you can say this we have been awaiting for four hundred years Hilary Mantel author of *Wolf Hall* Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him guiding him enriching him and enduring the king's insatiable appetites and violent outbursts until Henry ordered his beheading in July 1540 After a decade of sleuthing in the royal archives Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry's mercurial chief minister the inscrutable and utterly compelling Thomas Cromwell History has not been kind to the son of a Putney brewer who became the architect of England's split with Rome Where past biographies portrayed him as a scheming operator with blood on his hands Hilary Mantel reimagined him as a far more sympathetic figure buffered by the whims of his master So which was he the villain of history or the victim of her creation MacCulloch sifted through letters and court records for answers and found Cromwell's fingerprints on some of the most transformative decisions of Henry's turbulent reign But he also found Cromwell the man an administrative genius rescuing him from myth and slander The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son Gregory He was also a man of faith and a quiet revolutionary In the end he could not appease or control the man whose humors were so violent and unpredictable But he made his mark on England setting her on the path to religious awakening and indelibly transforming the system of government of the English speaking world

Prophecy, Politics and the People in Early Modern England Tim Thornton,2006 Thornton also sheds light on areas where popular culture and politics were uneasily interlinked the powerful political influence of those outside elite groups the

variations in political culture across the country and the considerable continuing power of mystical supernatural and non rational ideas in British social and political life into the nineteenth century Jacket *Cambridge and Its Economic Region, 1450-1560* John S. Lee, 2005 Lee studies the population wealth trade and markets of Cambridge and its region and the changes that took place over a century of economic and social transition are detailed *The Episcopal Registers of the Diocese of Exeter* Francis Charles Hingeston-Randolph, 1886 **Calendar of Entries in the Papal Registers Relating to Great Britain and Ireland** Great Britain. Public Record Office, 1906 Early Music History: Volume 19 Iain Fenlon, 2001-04-19 Early Music History is devoted to the study of music from the early Middle Ages to the end of the seventeenth century The scope is exceptionally broad and includes manuscript studies textual criticism iconography studies of the relationship between words and music and the relationship between music and society Articles in volume 19 include Ritual and Ceremony in the Spanish Royal Chapel c 1559 c 1561 Urban Minstrels in Late Medieval Southern France Mapping the Soundscapes Church Music in English Towns 1450 1550 A New Look at Old Roman Chant *Calendar of Entries in the Papal Registers Relating to Great Britain and Ireland* Catholic Church. Pope, 1904 Contesting Orthodoxies in the History of Christianity Ellie Gebarowski Bagley, Ellie Gebarowski-Shafer, Ashley Null, Alec Ryrie, 2021 Examines the pursuit of orthodoxy and its consequences for the history of Christianity Christianity is a hugely diverse and quarrelsome family of faiths but most Christians have nevertheless set great store by orthodoxy literally right opinion even if they cannot agree what that orthodoxy should be The notion that there is a catholic or universal Christian faith that which according to the famous fifth century formula has been believed everywhere at all times and by all people is itself an act of faith to reconcile it with the historical fact of persistent division and plurality requires a constant effort It also requires a variety of strategies from confrontation and exclusion through deliberate choices as to what is forgotten or ignored to creative or even indulgent inclusion In this volume seventeen leading historians of Christianity ask how the ideal of unity has clashed negotiated reconciled or coexisted with the historical reality of diversity in a range of historical settings from the early Church through the Reformation era to the twentieth and twenty first centuries These essays hold the huge variety of the Christian experience together with the ideal of orthodoxy which Christians have never yet fully attained but for which they have always striven and they trace some of the consequences of the pursuit of that ideal for the history of Christianity **Calendar of Entries in the Papal Registers Relating to Great Britain and Ireland: 1396-1404** Catholic Church. Pope, 1904
