## **Regulating Readers Gender And Literary Criticism In The Eighteenth Century Novel:**

**Regulating Readers** Ellen Gardiner, 1999 *Regulating Readers* adds to a growing body of scholarship by women which shows eighteenth century women writers in positions of agency and as envisioning for themselves authoritative critical positions and roles in the public sphere Bringing into dialogue novels and periodicals authored by men and women Gardiner uncovers the ways in which eighteenth century fiction helped to shape professional critical practices and to define the role and function of the professional critic in the eighteenth century BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Eighteenth-Century Manners of Reading* Eve Tavor Bannet, 2017-11-09 The market for print steadily expanded throughout the eighteenth century Atlantic world thanks to printers efforts to ensure that ordinary people knew how to read and use printed matter Reading is and was a collection of practices performed in diverse but always very specific ways These practices were spread down the social hierarchy through printed guides Eve Tavor Bannet explores guides to six manners or methods of reading each with its own social economic commercial intellectual and pedagogical functions and each promoting a variety of fragmentary and discontinuous reading practices The increasingly widespread production of periodicals pamphlets prefaces conduct books conversation pieces and fictions together with schoolbooks designed for adults and children disseminated all that people of all ages and ranks might need or wish to know about reading and prepared them for new jobs and roles both in Britain and America *Novel Definitions* Cheryl L. Nixon, 2008-12-30 *Novel Definitions* captures the lively critical debate surrounding the invention of the English novel showing how the rise of the novel is accompanied by a rise in popular literary criticism The over 135 pieces here many newly discovered include essays prefaces reviews and sermons written by authors ranging from Aphra Behn to Walter Scott *Novel Definitions* brings together authors commentary on their work debates concerning the novel s formal qualities and cultural position including who should read novels reviewers definitions of the qualities that make a novel successful and literary historians first attempts to write the history of the novel ***Fictions of Friendship in the Eighteenth-Century Novel*** Bryan Mangano, 2017-07-19 This book explores the reciprocal influence of friendship ideals and narrative forms in eighteenth century British fiction It examines how various novelists from Samuel Richardson to Mary Shelley drew upon classical and early modern conceptions of true amity as a model of collaborative pedagogy Analyzing authors their professional circumstances and their audiences the study shows how the rhetoric of friendship became a means of paying deference to the increasing power of readerships while it also served as a semi covert means to persuade resistant readers and confront aesthetic and moral debates head on The study contributes to an understanding of gender roles in the early history of the novel by disclosing the constant interplay between male and female models of amity It demonstrates that this gendered dialogue shaped the way novelists imagined character interiority reconciled with the commercial aspects of writing and engaged mixed sex audiences *Eighteenth-Century Poetry and the Rise of the Novel Reconsidered* Kate Parker, Courtney

Weiss Smith, 2013-12-24 Eighteenth Century Poetry and the Rise of the Novel Reconsidered begins with the brute fact that poetry jostled up alongside novels in the bookstalls of eighteenth century England. Indeed, by exploring unexpected collisions and collusions between poetry and novels, this volume of exciting new essays offers a reconsideration of the literary and cultural history of the period. The novel poached from and featured poetry and the modern subjects and objects privileged by rise of the novel scholarship are only one part of a world full of animate things and people with indistinct boundaries. Contributors: Margaret Doody, David Fairer, Sophie Gee, Heather Keenleyside, Shelley King, Christina Lupton, Kate Parker, Natalie Phillips, Aran Ruth, Wolfram Schmidgen, Joshua Swidzinski, and Courtney Weiss Smith. **A Companion to the**

Reading the Scottish Enlightenment Mark Towsey, 2010-09-24 It has become commonplace in recent decades for scholars to identify in the books of the Scottish Enlightenment the intellectual origins of the modern world, but little attention has yet been paid to its impact on contemporary readers. Drawing on a range of innovative methodologies associated with the burgeoning interdisciplinary field of the history of reading, this book explores the reception of books by David Hume, Adam Smith, William Robertson, and Thomas Reid, amongst many others, assessing their impact on the lives, beliefs, and habits of mind of readers across the social scale. In the process, the book offers a fascinating new perspective on the fundamental importance of personal reading experiences to the social history of the Enlightenment. **Encountering Ephemera**

**1500-1800** Joshua B. Fisher, Rebecca Steinberger, 2014-07-24 This volume addresses two key questions 1 How can ephemera be understood as a critical category of literary and historical inquiry and 2 How can ephemera serve pedagogical purposes in the classroom Each of the essays in *Encountering Ephemera 1550 1800 Scholarship Performance Classroom* addresses these questions by exploring a diverse range of materials as well as periods The essays collectively work to define ephemera as a complex and multi faceted critical category in terms of its literary cultural and historical significance Each contributor works to complicate the traditional binary opposition between the ephemeral transitory and the canonical enduring in part by recognizing how attending to the material processes of textual production transmission and dissemination highlights the potential instability and mutability of texts and textual relationships whether discussing broadside ballads or coterie poetry By shifting the focus to the processes by which texts are constructed and construed the prospect of recognizing any text regardless of its canonical status as a static and fixed entity becomes difficult and in turn the ephemeral qualities that define and constitute the text s materiality come more sharply into focus Along these lines the ephemeral spaces across and between discourses what might be called the ephemera of cultural poetics play a key role in shaping literary texts Thus early modern and eighteenth century ephemera constitute both the material texts not intended to last or designed for limited cultural life and the process fleeting and transitory aspects of cultural production Whether discussing the circulation of cheap print the performative traces of music and gesture in Shakespeare s plays or the diffuse cultural influences that both surround and pervade literary texts attending to ephemeral matters underscores the dynamic unfixedness of early modern and eighteenth century cultural practices *The Appearance of Print in Eighteenth-Century Fiction* Christopher Flint, 2011-09-08 Eighteenth century fiction holds an unusual place in the history of modern print culture The novel gained prominence largely because of advances in publishing but as a popular genre it also helped shape those very developments Authors in the period manipulated the appearance of the page and print technology more deliberately than has been supposed prompting new forms of reception among readers Christopher Flint s book explores works by both obscure scribblers and canonical figures such as Swift Haywood Defoe Richardson Sterne and Austen that interrogated the complex interactions between the book s material aspects and its producers and consumers Flint links historical shifts in how authors addressed their profession to how books were manufactured and how readers consumed texts He argues that writers exploited typographic media to augment other crucial developments in prose fiction from formal realism and free indirect discourse to accounts of how the novel defined itself as a genre *The Rise of the Novel* Nicholas Seager, 2017-09-16 Why have scholars located the emergence of the novel in eighteenth century England What historical forces and stylistic developments helped to turn a disreputable type of writing into an eminent literary form This Reader s Guide explores the key critical debates and theories about the rising novel from eighteenth century assessments through to present day concerns Nicholas Seager Surveys major criticism on authors such as Aphra Behn Daniel Defoe Samuel Richardson Henry

Fielding and Jane Austen Covers a range of critical approaches and topics including feminism historicism postcolonialism and print culture Demonstrates how critical work is interrelated allowing readers to discern trends in the critical conversation Approachable and stimulating this is an invaluable introduction for anyone studying the origins of the novel and the surrounding body of scholarship The Female Reader in the English Novel Joe Bray, 2008-09-25 In the second half of the eighteenth century the female reader was a frequent topic of cultural debate and moral concern This book examines the variety of ways in which women read the social world in the late eighteenth and early nineteenth century novel **Writing the Reader** Dorothee Birke, 2016-08-08 The history of the novel is also a history of shifting views of the value of novel reading This study investigates how novels themselves participate in this development by featuring reading as a multidimensional cultural practice English novels about obsessive reading written in times of medial transition serve as test cases for a model that brings together analyses of form and content **Sentimental Memorials** Melissa Sodeman, 2014-11-12 During the later eighteenth century changes in the meaning and status of literature left popular sentimental novels stranded on the margins of literary history While critics no longer dismiss or ignore these works recent reassessments have emphasized their interventions in various political and cultural debates rather than their literary significance Sentimental Memorials by contrast argues that sentimental novels gave the women who wrote them a means of clarifying protesting and finally memorializing the historical conditions under which they wrote As women writers successfully navigated the professional marketplace but struggled to position their works among more lasting literary monuments their novels reflect on what the elevation of literature would mean for women's literary reputations Drawing together the history of the novel women's literary history and book history Melissa Sodeman revisits the critical frameworks through which we have understood the history of literature Novels by Sophia Lee Ann Radcliffe Charlotte Smith and Mary Robinson she argues offer ways of rethinking some of the signal literary developments of this period from emerging notions of genius and originality to the rise of an English canon And in Sodeman's analysis novels long seen as insufficiently literary acquire formal and self historicizing importance Women's Tanci Fiction in Late Imperial and Early Twentieth-century China Li Guo, 2015 In Women's Tanci Fiction in Late Imperial and Early Modern China Li Guo presents the first book length study in English of women's tanci fiction the distinctive Chinese form of narrative written in rhymed lines during the late imperial to early modern period related to but different from the orally performed version also called tanci She explores the tradition through a comparative analysis of five seminal texts Guo argues that Chinese women writers of the period position the personal within the diegesis in order to reconfigure their moral commitments and personal desires By fashioning a feminine representation of subjectivity tanci writers found a habitable space of self expression in the male dominated literary tradition Through her discussion of the emergence evolution and impact of women's tanci Guo shows how historical forces acting on the formation of the genre serve as the background for an investigation of cross dressing self portraiture and

authorial self representation Further Guo approaches anew the concept of woman oriented perspective and argues that this perspective conceptualizes a narrative framework in which the heroine s are endowed with mobility to exercise their talent and power as social beings as men s equals Such a woman oriented perspective redefines normalized gender roles with an eye to exposing women s potentialities to transform historical and social customs in order to engender a world with better prospects for women This work will be a significant contribution to scholarship Chinese women s tanci novels in late imperial Qing and early twentieth century China are numerous in collections however their scholarly studies are still insufficient This book covers some understudied tanci texts and sheds new insights in the studied area It also brings in association study with other Chinese writing genres during the late Qing period as well as comparative perspective within the world culture when possible Qingyun Wu California State University Los Angeles

[Home in British Working-Class Fiction](#) Nicola Wilson, 2016-03-09 *Home in British Working Class Fiction* offers a fresh take on British working class writing that turns away from a masculinist work based understanding of class in favour of home gender domestic labour and the family kitchen As Nicola Wilson shows the history of the British working classes has often been written from the outside with observers looking into the world of the inhabitants Here Wilson engages with the long cultural history of this gaze and asks how home is represented in the writing of authors who come from a working class background Her book explores the depiction of home as a key emotional and material site in working class writing from the Edwardian period through to the early 1990s Wilson presents new readings of classic texts including *The Ragged Trousered Philanthropists* *Love on the Dole* and *Saturday Night and Sunday Morning* analyzing them alongside works by authors including James Hanley Walter Brierley Lewis Grassie Gibbon Buchi Emecheta Pat Barker James Kelman and the rediscovered ex mill girl novelist Ethel Carnie Holdsworth Wilson s broad understanding of working class writing allows her to incorporate figures typically ignored in this context as she demonstrates the importance of home s role in the making and expression of class feeling and identity
