benefactor of Matthew's boarding school Crosby evokes the forbidding atmosphere of Normansfield the residential institution founded by the doctor who gave his name to Down syndrome the spaciousness of Mentmore the country estate where she often took Matthew to play and the touching camaraderie of the hospital ward in which Matthew died of heart failure at age twenty five In this remarkable memoir Crosby also explores Matthew's inner life telling of his mimicry and unexpected humor his outbursts of affection and occasional fits of misery his gallantry toward his first love and his disappointment over the loss of his first job Crosby's portrait gives us an image of Matthew that deepens our understanding of what it means to be human I knew and liked and respected Matthew I thought he merited a biography and I'm very glad that he now has one especially that it is such a very good one In this singular story Anne Crosby tells us of Matthew's outer and inner life his sad acceptances his capacity to love and fall in love his ambitions and their fulfillment and his idiosyncratic sense of humor Anne Crosby is able to tell us all this because as we learn again from this book love and knowledge are very much related Matthew was a mystery to many But because his mother empathized with him so keenly and has captured him so precisely with her sharp intelligence and brilliant powers as a writer Matthew comes to us in this gripping book as a whole and delightful and unforgettable person Galway Kinnell     Lives of the Queens of England Agnes Strickland, Elisabeth Strickland, 1852

**Lords of Things** Maurizio Peleggi, 2002-07-31 *Lords of Things* offers a fascinating interpretation of modernity in late nineteenth and early twentieth century Siam by focusing on the novel material possessions and social practices adopted by the royal elite to refashion its self and public image in the early stages of globalization It examines the westernized modes of consumption and self presentation the residential and representational architecture and the public spectacles appropriated by the Bangkok court not as byproducts of institutional reformation initiated by modernizing sovereigns but as practices and objects constitutive of the very identity of the royalty as a civilized and civilizing class Bringing a wealth of new source material into a theoretically informed discussion *Lords of Things* will be required reading for historians of Thailand and Southeast Asia scholars generally It represents a welcome change from previous studies of Siamese modernization that are almost exclusively concerned with the institutional and economic dimensions of the process or with foreign relations and will appeal greatly to those interested in transnational cultural flows the culture of colonialism the invention of tradition and the relationship between consumption and identity formation in the modern era     **Jack in the Box; Or, Harlequin, Little Tom Tucker and the Three Wise Men of Gotham** Edward L.
