from an exclusively Olukumi perspective and written by an Olukumi indigene

Reincarnation in America Lee Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

Clairvoyant Wordsworth Robert B. Zimmer, 2002-04 It is almost universally accepted that William Wordsworth never took seriously the idea of pre existence or life before birth In this study Robert Zimmer shows that this is an unjustifiable presumption Evidence from Wordsworth s Ode Intimations of Immortality from Recollections of Early Childhood from The Prelude and from the Essay Upon Epitaphs shows that Wordsworth firmly believed in pre existence Nor was this an idea he adopted out of curiosity or for its poetic utility Wordsworth like Henry Vaughan and Thomas Traherne remembered life before birth and retained a kind of clairvoyance in his infancy As Zimmer shows it is only because of the religious and philosophical prejudices of critics since Coleridge that Wordsworth s recollections have seldom been properly recognized for what they are

A New Order of the Ages Collin Robert Bowling, 2011 For millennia the human race has been controlled and manipulated by forces beyond our own dimension or awareness A carefully managed human extra dimensional breeding program has produced a hybrid slave race that isn t aware of its true origins or fate Few know that these shadow puppeteers are actually in control or that they even exist They are not human but then again neither are we As the epic battle of consciousness expands into the outer dimensions we know that one thing is for certain When the Liberty Bell rings once again their empire will be reduced to a heap of ashes There will be an army of forces backed by the

highest of forces in the heavens which will conduct this re awakening of the masses This story recounts the takeover of planet Earth by the Snake of Zion and shares everything you need to know to be truly free The battleground is within each of us and our captors are but a reflection of humanity Unless we change ourselves how will the reflection be changed Hopefully after this enduring encounter deep into the rabbit hole you will realize how this reality has been manipulated by forces in the fourth dimension In order to succeed we must propel ourselves through the heart chakra and into the fifth dimension where the beloved Terra will find the peace and dignity that she deserves The fate of the world hangs in the balance All we have to do now is make a choice

A Western Approach to Reincarnation and Karma Rudolf Steiner,1997-10 I came forth from the mouth of the Most High and covered the earth like a mist I encamped in the heights and my throne was in a pillar of cloud Alone I compassed the vault of heaven and traversed the depths of the abyss Over waves of the sea over all the earth and over every people and nation I have held sway Before the ages in the beginning he created me and for all ages I shall not cease to be Eccl 24 3 6 9 Sophia the world soul fell from her place in the heavens to the chaos below Sophia is among the most haunting and mysterious figures in Western spirituality She is also one of the great symbols of the divine feminine in world civilization The personification of divine Wisdom Sophia is praised in the biblical book of Proverbs as co creator of the universe with God In the secret teachings of early Christianity known as Gnosticism she represents our shared consciousness trapped in the material world as a result of the Fall One of the most sublime Gnostic texts is the Pistis Sophia or Faith Wisdom a great allegory in which the resurrected Christ explains how he freed the divine Sophia from her imprisonment by the forces of spiritual wickedness Christ goes on to show his disciples how they will share in this cosmic act of redemption In this profound yet accessible work Egyptologist Violet MacDermot gives us a fresh translation of the Pistis Sophia from the Coptic and discusses it in its historical setting She also shows us how Sophia s story of is our story It is a tale of our separation and isolation as a result of ego consciousness but it is one in which we too can share spiritual liberation Her engaging discussion relates this work not only to ancient teachings but to the thought of C G Jung Emanuel Swedenborg and the Kabbalah

The search to uncover the hidden origins of Christianity and discover its true message has become a current topic of fascination for many readers People are eager to know the truths behind the biblical legends and the mysteries that created Christian rites ceremonies and codes of behavior Kuhn argues that the sacred scriptures of Judaism and Christianity do not portray historical truths but symbolic and mystical metaphors The spiritual truth encoded in scripture says Kuhn is far more important than its literal narrative Kuhn s research provides a clear understanding of the allegorical interpretations of the scriptures and their significance to a deeper more profound Christianity He traces the historical and philosophical origins of Christian thought to illustrate that Jesus was one of many incarnations of an enduring archetype that has surfaced in many religions In fact those who wrote the scriptures may have never even intended the focus to be on Jesus the man Moreover Kuhn investigates the problems psychological spiritual and otherwise that result from a purely historical interpretation of Jesus In doing so Kuhn reclaims the mystical power at the core of Christianity s message which has to do with the birth of the inner Christ and the emergence of divine consciousness in humanity *Wisdom of Thoth* Pantheon of Aeternam,2019-02-21
