Everyone who is born is someday going to die Some of us will die peacefully in our sleep some will die in accidents and some as the result of diseases cancer or AIDS Because we do not usually know when we are going to die most of us are frightened of death We do not want to talk about it do not want to face it and we run from it as long as we can And some of us die a lonely death in a hospital surrounded by strangers and white sheets while family and loved ones are kept out of the room at the final moment Anya Foos Graber believes that death like birth should be a shining light filled conscious moment Death is not a disease It is the most natural passage we will make since birth Looking at death before the time comes is like learning about natural childbirth before having a baby Just as women are choosing to be conscious participants in the birth process Foos Graber feels that all of us should be conscious as well of our eventual death that we should prepare for it the way the Tibetan Buddhists and American Indians used to do The author calls this process of conscious preparation and practice deathing The book presents two teaching stories illustrating both a conscious death and an unconscious one The second half of the book is a step by step manual containing complete

instruction and simple exercises such as breathing visualization and the all important 6th technique or your chosen Name and form of God to which you direct your attention in life and the death transition You can use the formless LIGHT itself as referent an absence of any belief structure A support person rather like the father s presence in natural childbirth can assist in the event of coma or accident death Other books have been written about grief about wills about taking care of your affairs This is a book about taking care of yourself and how to be helpful to someone you care for Deathing has two aims to make sure that the dying are comfortable and comforted as they die and to help all of us prepare for the greatest adventure we will face since birth Awakening to Spirit Lee Irwin,1999-07-16 Explores the concept of Spirit in the postmodern age
