Reinterpreting Rahner A Critical Study Of His Major Themes

Lei Shi

Reinterpreting Rahner A Critical Study Of His Major Themes:

Reinterpreting Rahner Patrick Burke, 2002 Probably no theologian has exercised so profound an influence on Catholic theology during the last half century as Karl Rahner Patrick Burke examines the structure of dialectical analogy as it appears in each of the major themes of Rahner's theology as an indispensable key to the correct interpretation of his thought He also exposes a tension within the system that needs to be addressed if the complex balance of Rahner's vision is to be fully understood *The Cambridge Companion to Karl Rahner* Declan Marmion, Mary E. Hines, 2005-06-16 Karl Rahner 1904-84 was one of the most significant theological voices of the twentieth century For many his theology has come to symbolise the Catholic Church's entry into modernity Part of his enduring appeal lies in his ability to reflect on a whole variety of issues in theology and spirituality and concentrate this plurality into a few basic convictions This Cambridge Companion provides an accessible introduction to the main themes of Rahner's work Written by an international array of experts it will be of interest to both students and scholars alike Each chapter serves as a guide to its topic and recommends further reading for additional study The contributors also assess Rahner's significance for contemporary theology by bringing his thought into dialogue with many current concerns including religious pluralism spirituality postmodernism ecumenism ethics and developments in political and feminist theologies **Karl Rahner's Theological Aesthetics** Peter Joseph Fritz, 2014 This innovative book discloses Karl Rahner's foremost achievement discovering and delineating an ethos of Catholicism a multi-faceted and comprehensive approach to life in Christ Karl Rahner's Theological Aesthetics does so by placing the German Jesuit and his teacher philosopher Martin Heidegger into a richly detailed dialogue on aesthetics The book treats classic Rahner topics such as anthropology and Christology But it breaks new ground by exploring themes such as angels Mary and the apocalypse juxtaposed with analogous philosophical topics in Heidegger **Juvenescence** Robert Pogue Harrison, 2014-11-21 A meditation on the human condition in an age when the old aspire to be young from the author of *Forests The Shadow of Civilization Children's Literature* How old are you The more thought you bring to bear on the question the harder it is to answer For we age simultaneously in different ways biologically psychologically socially And we age within the larger framework of a culture in the midst of a history that predates us and will outlast us Looked at through that lens many aspects of late modernity would suggest that we are older than ever but Robert Pogue Harrison argues that we are also getting startlingly younger in looks mentality and behavior We live he says in an age of juvenescence Like all of Robert Pogue Harrison's books *Juvenescence* ranges brilliantly across cultures and history tracing the ways that the spirits of youth and age have inflected each other from antiquity to the present Drawing on the scientific concept of neotony or the retention of juvenile characteristics through adulthood and extending it into the cultural realm Harrison argues that youth is essential for culture's innovative drive and flashes of genius At the same time however youth which Harrison sees as more protracted than ever is a luxury that requires the stability and wisdom of our elders and the institutions A heady deeply learned excursion

rich with ideas and insights Juvenescence could only have been written by Robert Pogue Harrison No reader who has wondered at our culture's obsession with youth should miss it Harrison explores our culture's understanding of age youth and aging his book will provide mature wisdom indeed Publishers Weekly

Baptism of Salvation and Christian Salvation Anthony R. Lusvardi, 2024-01-05 Belief in the necessity of baptism for salvation is rooted in the New Testament and was forcefully affirmed by the Church Fathers yet today this belief is treated with unease if not ignored altogether Over the course of centuries Catholic theology has wrestled with a doctrine baptism of desire that both preserves this fundamental principle and allows for salvation in hard cases such as catechumens dying unexpectedly Baptism of Desire and Christian Salvation traces this doctrine's varied history from its genesis in a fourth century funeral oration given by Ambrose of Milan to its uneasy position in the Anonymous Christianity of Karl Rahner More than a history however this book raises questions about the nature of religious ritual and the sacraments the mission of the Church and the essence of salvation Arguing that theologians of the past two centuries have tended to downplay the role of the sacraments when discussing salvation Lusvardi suggests that baptism should remain our theological starting point Engaging with the theological tradition and at times challenging the conventional wisdom Baptism of Desire and Christian Salvation shows how such a sacramental approach can offer credible and sometimes surprising responses to questions related to the salvation of non Christians the fate of unbaptized infants and the relevance of the Church's mission today

Touched by Christ: The Sacramental Economy Lawrence Feingold, 2021-05-07 The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion binding the members together with God and one another Touched by Christ The Sacramental Economy is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church's sacraments constitute channels of grace nurture supernatural life and heal us from our sins Lawrence Feingold expertly describes the nature of the sacraments their purpose fittingness and relationship with Christ and the New Covenant their relationship with the Old Covenant rites that prefigured them the character and grace that they communicate and the nature of their causality Touched by Christ shows that the sacraments of the New Covenant should be understood as instruments of Christ's humanity that are used as words of power to communicate the sanctification that they signify infuse grace communicate the Holy Spirit and build up ecclesial communion in those who receive them with the right dispositions

Signs of the Holy One Uwe Michael Lang, 2015-08-11 Catholic liturgy is far more than its texts It is a synthesis that also includes several other elements gesture music art and architecture which are aspects of the non verbal language of the sacred and are what make the liturgy beautiful Father Lang's consideration of the beauty of the liturgy addresses the modern notion that beauty is in the eye of the beholder that the experience of beauty is entirely subjective This idea makes it difficult to articulate criteria for what is beautiful yet sacred liturgy does indeed have objective measures for evaluating its principal elements Reflecting upon these and quoting from authoritative Church documents Father Lang

discusses sacred music art and architecture and demonstrates how the beauty of these elements makes present the sacred Pope Benedict XVI said The greatness of the liturgy depends we shall have to repeat this frequently on its non spontaneity Continuous liturgical experimentation is unable to induce a sense of meaning or peace writes Father Lang because novelty does not satisfy the yearning for the Transcendent within the human psyche which is rarely far from the surface **Fullness Received and Returned** Seng-Kong Tan,2014-01-01 Seng Kong Tan argues that human participation in the divine a classical theological axiom most notably associated with the Eastern Orthodox tradition is a central theme in the theology of Jonathan Edwards This notion Tan contends is a defining motif for the entire systematic sweep of Edwards s theology and it serves to focus and determine the contours of Edwards s thought Fullness Received and Returned situates Edwards s theology within the folds of the classical theological tradition while arguing that Edwards s is a unique and creative form of Reformed theology **General Principles of Sacramental Theology** Roger W. Nutt,2017 General Principles of Sacramental Theology addresses a current lacuna in English language theological literature Bernard Leeming s highly respected book Principles of Sacramental Theology was published more than sixty years ago Since that time there has been a noted decrease especially in English language sacramental theology in treatments of the basic topics and principles such as the nature of the sacraments of signs sacramental grace sacramental character sacramental causality sacramental intention the necessity and number of the sacraments sacramental matter and form inter alia which apply to all of the sacraments This book will be of use in seminary graduate and undergraduate courses The sacraments play an irreplaceable role in pursuing a Universal Call to Holiness that is so central to Vatican II s teaching **The Mysticism of Ordinary Life** Andrew Prevot,2023 The Mysticism of Ordinary Life presents a new vision of Christian mystical theology offering critical interpretations of the theologians philosophers and intersectional feminists who draw on mystical traditions to affirm ordinary life arguing that everyday experiences of divine grace can be an empowering source of social transformation *A Creed for Tomorrow* Dorr, Donal,2020-12-02 **Living between Science and Belief** Charles Villa-Vicencio,2021-03-02 Most thoughtful people live in an interregnum between science and religion Traditional religious answers concerning the beginning purpose and end of life are questioned by the natural sciences with neuroscience conceivably constituting the last frontier where skeptics and believers explore common ground The question concerns the nature of reflective and creative moments in life Can these be reduced to the intersect between the nerve cells and molecules of the physical brain Does this account for the human sense of mystery or even spirituality Is there a nexus between the physical and unknown dimensions of existence The mutation in the history of theism suggest that progressive theology in the West may be set for a further change Francis A. Sullivan, S.J. and Ecclesiological Hermeneutics Michael M. Canaris,2016-09-27 In Francis A Sullivan S J and Ecclesiological Hermeneutics Canaris traces the significant contributions that Francis A Sullivan S J has made to Catholic ecclesiology paying particular attention to the method and application of his hermeneutical approach to the writings

of the magisterium Though highly esteemed by professional theologians in both Catholic and ecumenical circles Sullivan is less well known among general audiences than many of his peers The author addresses this lacuna by arguing that Sullivan s work when viewed through an interpretive lens can aid the faithful to engage seriously with magisterial texts of various genres and levels of authority find meaning within them and encourage an active reception process whereby contemporary understanding of the teaching and learning role of the entire church becomes possible

The Routledge Companion to Modern Christian Thought Chad Meister, James Beilby, 2013-10-28 This Companion provides an unrivalled view of the field of modern Christian thought from the Enlightenment to the twentieth century and beyond Written by an outstanding team of theologians and philosophers of religion it covers the following topics within Christian thought Key figures and influencers Central events and movements Major theological issues and key approaches to Christian Theology Recent topics and trends in Christian thought Each entry is clear and accessible making the book the ideal resource for students of Christian thought and history and philosophy of religion and a valuable reference for professional theologians and philosophers

Divine Freedom and the Doctrine of the Immanent Trinity Paul D. Molnar, 2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar s quest to place the doctrine of the immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar s original presentation of the divine freedom Molnar re visits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He sheds new light on Rahner s and Torrance s discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard J ngel s thinking

The Modern Theologians David F. Ford, 2013-09-23 This popular text has been updated to ensure that it continues to provide a current and comprehensive overview of the main Christian theologies of the twentieth and twenty first centuries Each chapter is written by a leading theologian and gives a clear picture of a particular movement topic or individual New and updated treatments of topics covered in earlier editions with over half the chapters new to this edition or revised by new authors New section singling out six classic theologians of the twentieth century Expanded treatment of the natural sciences gender Roman Catholic theology since Vatican II and African Asian and Evangelical theologies Completely new chapters on spirituality pastoral theology philosophical theology postcolonial biblical interpretation Pentecostal theology Islam and Christian theology Buddhism and Christian theology and theology and film As in previous editions the text opens with a full introduction to modern theology Epilogue discussing the present situation and prospects of Christian theology in the twenty first century

Metaphysics of Mystery Marijn de Jong, 2020-02-06 How can we theologically reflect on universality in a

world that increasingly focuses on particularities and differences Marijn de Jong argues that the question of universality calls for a reconceptualized form of metaphysical theology which he finds in the work of Karl Rahner and Edward Schillebeeckx Casting a new light on these theologians de Jong demonstrates that their methods contain a dialectical interrelation of hermeneutics and metaphysics an interrelation which seemingly has been lost in more recent hermeneutical theology Rahner and Schillebeeckx carefully balance particularity and universality without falling prey to relativist or absolutist ways of reasoning By analyzing fundamental themes such as experience and interpretation nature and grace faith and reason and intelligibility and mystery de Jong reveals the modest theological metaphysics that lies at the heart of their methods This critical retrieval demonstrates the enduring relevance of these thinkers and opens up new avenues of thought for theologians that do not want to shy away from the difficult question of the universality of God

The Cambridge Companion to the Trinity Peter C. Phan, 2011-06-30 This Companion explores how the Christian doctrine of the Trinity has been understood and articulated in the last two thousand years The Trinitarian theologies of key theologians are carefully examined and the doctrine of the Trinity is brought into dialogue with different religions as well as with other Christian beliefs

Waiting and Being Joshua B. Davis, 2013-10-01 The problem of creation and grace has a long history of contention within Protestant and Catholic theology involving not only internecine conflict within the traditions but fueling as well ecumenical debates that have continued a dogmatic divide This volume traces out that conflict in modern Catholic and Protestant dogmatics and provides a historical genealogy that situates the origin of the problem within different emphases in the thought of St Augustine

To Sanctify the World George Weigel, 2022-10-04 A leading Catholic intellectual explains why the teachings of the Second Vatican Council are essential to the Church's future and the world's The Second Vatican Council 1962-1965 was the most important Catholic event in the past five hundred years Yet sixty years after its opening on October 11 1962 its meaning remains sharply contested and its promise unfulfilled In *To Sanctify the World* George Weigel explains the necessity of Vatican II and explores the continuing relevance of its teaching in a world seeking a deeper experience of freedom than personal willfulness The Council's texts are also a critical resource for the Catholic Church as it lives out its original Christ-centered evangelical purpose Written with insight and verve *To Sanctify the World* recovers the true meaning of Vatican II as the template for a Catholicism that can propose a path toward genuine human dignity and social solidarity

Thank you entirely much for downloading **Reinterpreting Rahner A Critical Study Of His Major Themes**. Maybe you have knowledge that, people have look numerous times for their favorite books in imitation of this Reinterpreting Rahner A Critical Study Of His Major Themes, but stop in the works in harmful downloads.

Rather than enjoying a good ebook past a mug of coffee in the afternoon, otherwise they juggled later some harmful virus inside their computer. **Reinterpreting Rahner A Critical Study Of His Major Themes** is affable in our digital library an online access to it is set as public therefore you can download it instantly. Our digital library saves in merged countries, allowing you to get the most less latency epoch to download any of our books when this one. Merely said, the Reinterpreting Rahner A Critical Study Of His Major Themes is universally compatible taking into account any devices to read.
