Reinventing a Continent Andre BRINK,1996      Pre and Post-publication Itineraries of the Contemporary Novel in English François Gallix,2007      A Comparative Analysis of the South African and German Reception of Nadine Gordimer's, Andre Brink's and J.M. Coetzee's Works Eva-Marie Herlitzius,2005      **Modernism and the New Spain** Gayle Rogers,2012-10-03 How and why did a country seen as remote backwards and barely European become a pivotal site for reinventing the continent after the Great War Modernism and the New Spain argues that the Spanish problem the nation s historically troubled relationship with Europe provided an animating impulse for interwar literary modernism and for new conceptions of cosmopolitanism Drawing on works in a variety of genres Gayle Rogers reconstructs an archive of cross cultural exchanges to reveal the mutual constitution of two modernist movements one in Britain the other in Spain and stretching at key moments in between to Ireland and the Americas Several sites of transnational collaboration form the core of Rogers s innovative literary history The relationship between T S Eliot s Criterion and Jos Ortega y Gasset s Revista de Occidente shows how the two journals joined to promote a cosmopolitan agenda A similar case of kindred spirits appears with the 1922 publication of Joyce s Ulysses The novel s forward thinking sentiments on race and nation resonated powerfully within Spain where a generation of writers searched for non statist forms through which they might express a new European Hispanicity These cultural ties between the Anglo Irish and Spanish speaking worlds increased with the outbreak of civil war in 1936 Rogers explores the connections between fighting Spanish fascism and dismantling the English patriarchal system in Virginia Woolf s Three Guineas along with the international anti fascist poetic community formed by Stephen Spender Manuel Altolaguirre and others as they sought to establish Federico Garc a Lorca as an apolitical Spanish European poet Mining a rich array of sources that includes novels periodicals biographies translations and poetry in English and in Spanish Modernism and the New Spain adds a vital new international perspective to modernist studies revealing how writers created alliances that unified local and international reforms to reinvent Europe not in the London Paris Berlin nexus but in Madrid

**Democracy at Home in South Africa** Kerry Bystrom,2016-01-26 Focusing on aesthetic figuration diverse home spaces modes of domestic life and family histories this book argues that depicting democracy as it unfolds literally at home presents a compelling portrait of the intimate and everyday aspects of change that can be overlooked by a focus on structural concerns in South Africa      Rhetorics of Resistance Bryan Trabold,2018-10-24 The period of apartheid was a perilous time in South Africa s history This book examines the tactics of resistance developed by those working for the Weekly Mail and New Nation two opposition newspapers published in South Africa in the mid and late 1980s The government in an attempt to crack down on the massive political resistance sweeping the country had imposed martial law and imposed even greater restrictions on the press Bryan Trabold examines the writing legal and political strategies developed by those working for these newspapers to challenge the censorship restrictions as much as possible without getting banned Despite the many

steps taken by the government to silence them including detaining the editor of New Nation for two years and temporarily closing both newspapers the Weekly Mail and New Nation not only continued to publish but actually increased their circulations and obtained strong domestic and international support New Nation ceased publication in 1994 after South Africa made the transition to democracy but the Weekly Mail now the Mail Guardian continues to publish and remains one of South Africa's most respected newspapers

**Colonizer and Colonized** ,2021-11-08 Over the last two decades the experiences of colonization and decolonization once safely relegated to the margins of what occupied students of history and literature have shifted into the latter's center of attention in the West as elsewhere This attention does not restrict itself to the historical dimension of colonization and decolonization but also focuses upon their impact upon the present for both colonizers and colonized The nearly fifty essays here gathered examine how literature now and in the past keeps and has kept alive the experiences both individual and collective of colonization and decolonization The contributors to this volume hail from the four corners of the earth East and West North and South The authors discussed range from international luminaries past and present such as Aphra Behn Racine Blaise Cendrars Salman Rushdie Graham Greene Derek Walcott Guimar es Rosa J M Coetzee Andr Brink and Assia Djebar to less known but certainly not lesser authors like Gioconda Belli Ren Depestre Amadou Kon Elisa Chimenti Sapho Arthur Nortje Es kia Mphahlele Mark Behr Viktor Paskov Evelyn Wilwert and Le la Houari Issues addressed include the role of travel writing in forging images of foreign lands for domestic consumption the reception and translation of Western classics in the East the impact of contemporary Chinese cinema upon both native and Western audiences and the use of Western generic novel conventions in modern Egyptian literature

**Reinventing Africa** Annie E.

Coombes,1994-01-01 Between 1890 and 1918 British colonial expansion in Africa led to the removal of many African artifacts that were subsequently brought to Britain and displayed Annie Coombes argues that this activity had profound repercussions for the construction of a national identity within Britain itself the effects of which are still with us today Through a series of detailed case studies Coombes analyzes the popular and scientific knowledge of Africa which shaped a diverse public's perception of that continent the looting and display of the Benin bronzes from Nigeria ethnographic museums the mass spectacle of large scale international and missionary exhibitions and colonial exhibitions such as the Stanley and African of 1890 together with the critical reaction to such events in British national newspapers the radical and humanitarian press and the West African press Coombes argues that although endlessly reiterated racial stereotypes were disseminated through popular images of all things African this was no simple reproduction of imperial ideology There were a number of different and sometimes conflicting representations of Africa and of what it was to be African representations that varied according to political institutional and disciplinary pressures The professionalization of anthropology over this period played a crucial role in the popularization of contradictory ideas about African culture to a mass public Pioneering in its research this book offers valuable insights for art and design historians historians of imperialism and anthropology anthropologists and museologists

**A.U.M.L.A. ,2004** **Revenge Versus Legality** Katherine Maynard,Jarod Kearney,James Guimond,2010-04-09 In the wake of Guantanamo Bay extraordinary renditions and secret torture centres in Eastern Europe and elsewhere *Revenge versus Legality* addresses the relationship between law and wild or vigilante justice between the power to enforce retribution

and the desire to seek revenge Taking up a variety of narratives from the eras of Romanticism Realism Modernism and the Contemporary period and including new theories to explain the interactions that occur between legalistic courtroom justice and the vigilante variety *Revenge versus Legality* analyzes some of the main obstacles to justice ranging from judicial corruption to racism and imperialism The book culminates in a consideration of that form of crime or lawlessness that poses the most serious threat to the rule of law vigilante justice masquerading as legality With its mixture of politics literature law and film this lively and accessible book offers a timely reflection on the enduring phenomenon of revenge *The Past Coming to Roost in the Present* Adrian Knapp, 2006-10-07 Since the final demise of apartheid in 1994 South Africa has undergone dramatic changes in the political social and economic sphere It is not surprising that these changes have also resulted in contentious reassessments of recent history Many contemporary South African writers have taken up the challenge and created works offering new ways of critically re imagining the country's violent past While Andr P Brink's *Imaginations of Sand* and Zakes Mda's *Ways of Dying* constitute renegotiations of the past during the period of transition J M Coetzee's *Disgrace* and Phaswane Mpe's *Welcome to our Hillbrow* represent deliberations of a past that has been hampered in its change by a flawed transition Just as history can never be taken at face value and never constitutes a finite all inclusive narration of the past the historical accounts provided in these texts often present a one sided picture of history when considered only on their representational level On the metafictional level however these texts often put such misreadings into perspective and in doing so open up an otherwise monochrome reflection of South Africa's rainbow Reinventing Government David Osborne, Ted Gaebler, 1993-02-01 A landmark in the debate on the future of public policy The Washington Post *Reinventing Anglicanism* Bruce Norman Kaye, 2004 Anglicanism world wide faces huge problems in the post Empire era Churches that were originally founded as colonial and missionary outposts by Great Britain and the United States have now become autonomous Anglican provinces and what used to be a predominantly white Anglo Saxon group of churches in the northern hemisphere has become a truly global community most of whose members live in Africa Asia Latin America and the Pacific Using the experience of the Anglican Church in Australia Bruce Kaye tracks the modern story of Australian Anglicanism and reconsiders key elements of the New Testament the English Reformation and the ongoing theological tradition that relate to this story **Reinventing Liberalism** Ola Innset, 2020-01-29 In April 1947 a group of right leaning intellectuals met in the Swiss Alps for a ten day conference with the aim of establishing a permanent organization Named an army of fighters for freedom by Friedrich Hayek they would at times use neoliberalism as a description of the philosophy they were developing Later many of them would opt for classical liberalism or other monikers Was their liberalism classical or was it new All new creeds build on previous ones but the intellectuals in question were involved in an explicit attempt to change liberalism and move beyond both past laissez faire ideals and the social liberalism popular at the time This book provides a contextual historical understanding of the development of neoliberal ideas by studying its evolution from the first socialist

calculation debates in Red Vienna to the founding meeting of the Mont Pelerin Society in 1947 The author examines key neoliberal conceptions of totalitarianism market mechanisms and states and presents a detailed study of the discussions during the first meeting of the Mont Pelerin Society Offering a new perspective on the ideas that have influenced economics and politics since the 1970s this study appeals to scholars interested in modern and political history political theory and the history of economic thought What is neoliberalism In search of an answer Innset s innovative intellectual history takes us to a grand hotel overlooking Lake Geneva and inside the first meeting of the Mont Pelerin Society Our journey leaves us with a deeper understanding of the new form of liberalism that is the legacy of this closed society Edward Nik Khah Professor of Economics Roanoke College Reinventing Liberalism will put an end to endless debates around whether neoliberalism exists or not Ola Morris Innset clearly shows that it does and presents a definitive argument for what neoliberalism is This book is a must read for all those who want to have a solid understanding of the ideology that is framing and increasingly visibly endangering our world Marie Laure Salles Djelic Sciences Po Paris What Is Ailing Africa? — Practical Philosophy in Reinventing Africa Stephen Onyango Ouma, 2024-06-11 Not only does this book detail the colonial experiences in Africa through what the author refers to as a social construct it also vehemently criticises modern African governments for their current corruption and maintenance of the continent s situation This book presents a two pronged analysis of Africa s predicament by looking at the duality of ethics and identity It tries to trace the problematic aspects of westernization and modernization within the contexts of neo colonialism and continued exploitation of Africa by external forces as well as the complicity of Africans themselves **Reinventing Richard Nixon** Daniel E. Frick, 2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements BOOK JACKET
