

The background of the cover is a dark, moody illustration. It depicts a man and a woman in a close embrace. The man, on the right, has long, dark hair and is wearing a black leather jacket. A sword is visible, tucked into a scabbard on his back. The woman, on the left, has long, dark hair that is blowing in the wind, creating a sense of movement. She is wearing a dark, possibly black, dress. The background is a dark, hazy sky with a warm, orange glow from a low sun or moon, and some small, golden particles floating in the air. The overall tone is romantic yet mysterious and dramatic.

**Rejected Lovers** Melissa W. Hart, 2024-03-28 Atticus and Olivia have a past and share the same fate But as they re trying to move on from the cruel cards they ve been dealt with in life a presence with evil intentions looms over them like a bad omen When they re finally given a chance at happiness will fate smile down on them or are they doomed forever You ve got chocolate on your lip He chuckles as I try to wipe it Come here I lean in and he wipes the corner of my lip but the whole time his eyes are on mine The intensity of them makes me hold my breath which escapes when he leans forward His eyes flicker between mine and my lips hesitantly yet I can t find words because I m freaking out inside And just as we re a breath away he stops I make a noise of frustration before grabbing his collar and pulling him to me He smiles breathtakingly before finally pressing his lips to mine It feels like I got shocked at first and then the lightest flurry of tingles shoots through my body deliciously I wind my arms around his neck and push myself closer craving more of him His lips are soft as he kisses me sweetly and eventually coaxes my lips to open I let him in and our tongues become engaged in an enticing dance before we pull away I m slightly out of breath as we stare at each other Atticus grins boyishly before leaning in as if not being able to resist and pecking my lips a few times I missed the feel of your lips on mine And just like that I feel myself burst with happiness Well I don t mind making up for lost time Come here then He chuckles before his lips come crashing down on mine once more

**The Rejected Lovers** William Steig, 1973      **Why We Love** Helen Fisher, 2005-01-02 A groundbreaking exploration of our most complex and mysterious emotion Elation mood swings sleeplessness and obsession these are the tell tale signs of someone in the throes of romantic passion In this revealing new book renowned anthropologist Helen Fisher explains why this experience which cuts across time geography and gender is a force as powerful as the need for food or sleep Why We Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love She proves at last what researchers had only suspected when you fall in love primordial areas of the brain light up with increased blood flow creating romantic passion Fisher uses this new research to show exactly what you experience when you fall in love why you choose one person rather than another and how romantic love affects your sex drive and your feelings of attachment to a partner She argues that all animals feel romantic attraction that love at first sight comes out of nature and that human romance evolved for crucial reasons of survival Lastly she offers concrete suggestions on how to control this ancient passion and she optimistically explores the future of romantic love in our chaotic modern world Provocative enlightening and persuasive Why We Love offers radical new answers to the age old question of what love is and thus provides invaluable new insights into keeping love alive

**Dreams of Love and Fateful Encounters** Ethel S. Person, 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis romantic passionate love Ethel Person views romantic love as a powerful agent of change arguing that it is as central to human culture as it is to human existence This new edition of Dreams of Love and Fateful

Encounters emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love related issues from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts Employing a philosophical perspective in order to understand the existential dilemmas posed by love and a cultural perspective in order to understand its cultural variability Dr Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love She acknowledges love's vital importance and power proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love Among the issues she discusses are romantic love's sources in our early lives its relationship to imagination and creativity and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love love across generations and love triangles focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature film and real life Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life An uplifting resource for people experiencing failing or unorthodox romances *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers to professionals who encounter patients for whom key conflicts revolve around romantic love and to anyone who has struggled to understand the importance of romantic love in his or her own life     *Interpersonal Rejection*
