This book recognizes the need to research and develop different approaches to rehabilitating high risk offenders. Each of the contributions takes a different approach with a different group of offenders in a different setting. Cumulatively the chapters provide encouragement for those working with high risk offenders along with a wide range of ideas about how to develop better services. This book was originally published as a special issue of Psychology Crime Law. The Psychotherapy of Personality Disorders Lisa J. Cohen, 2022-05-05. In The Psychotherapy of Personality Disorders Lisa J. Cohen introduces Emergent Systems Theory, an integrative model of the many different types of psychotherapy with an emphasis on personality pathology. This model proposes five general levels of the mind/brain, each of which dates back to a different point in human evolutionary history and has its own distinct psychological functions and psychopathology. This book argues that formulating patients' psychological difficulties in terms of the levels involved permits systematic selection of the most appropriate treatments and can also enhance communication across the mental health field.
