Relics Poems:

Relics Elton Glaser, 1984-01-01 **Little Human Relics** Amanda Williams, 2016-04-27 The poems in *Little Human Relics* weave themselves through various notions of home a family farm the mythic backdrop of Bavaria a cityscape rife with urban noise and expectations and the quiet interiors of domestic life Whether overhearing a lament about marriage at a nail salon or standing vigil over the grave of a newly buried horse these poems invite readers to step over the page's threshold into a kitchen a gothic cathedral a lover's bed These poems celebrate the ways in which devotion elevates all things in one's life to a position of reverence a poem which marvels at the brutality of religious relics is placed alongside a poem depicting the mending of a child's nightgown and suddenly that small act of love inspires equal awe As the title suggests these poems are carefully captured moments in a person's life that may have easily flown past her but they all represent a constellation of objects events and characters who are undeniably worthy of praise Like relics they exist to both conjure memory as well as teach readers a little bit more about what it means to be human *Relics of Death in Victorian Literature and Culture* Deborah Lutz, 2015-01-15 This literary and cultural study explores the practice in nineteenth century Britain of treasuring objects that had belonged to the dead **Poems on Bishops by Gregory of Nazianzus and Ephrem the Syrian** Giovanni Colpani, 2025-06-16 Gregory of Nazianzus and Ephrem the Syrian are both regarded as foundational poets for their respective literary traditions They wrote in the same period the 4th Century and they both devoted a cycle of poems to a debated theme of the time bishops Aim of this work is enhancing the appreciation of these cycles Gregory's carmina II 1 10 12 13 17 and Ephrem's carmina nisibena 13 21 as works of literature embedded in the performance and reading practices of the time in theological debates on the episcopal office and in their respective communities The book compares performance and transmission methods of the two corpora the word choice and imagery describing the episcopal office and how portraits of real life bishops are influenced by theological expectations on what a bishop should be Two chapters are devoted to literary phenomena peculiar to each author This book the first extensive comparison of these two authors from a literary point of view will interest scholars of Late Antique poetry and literature Church history and Patristic theology A new English translation of both corpora constitutes the appendix The Uncollected Poems of Henry Timrod Henry Timrod, 2007-12-01 This edition of the uncollected poems of Timrod more than doubles the number of poems formerly collected Together this book and the Memorial Edition present in competent texts all of his known poetry The editor has included only poems signed with the poet's name or with his pseudonym unless special evidence was available Such evidence for testing authenticity is given in footnotes The Poem as Relic John Logan, 1989 **The Poems of Shelley: Volume Five** Carlene Adamson, Will Bowers, Jack Donovan, Kelvin Everest, Mathelinda Nabugodi, Michael Rossington, 2024-06-20 Percy Bysshe Shelley 1792 1822 was one of the major poets of the English Romantic period This is the fifth volume of a six volume edition of *The Poems of Shelley* which aims to present all of Shelley's poems in chronological order and with full annotation Date and circumstances

of composition are provided for each poem and all manuscript and printed sources relevant to establishing an authoritative text are freshly examined and assessed Headnotes and footnotes furnish the personal literary historical and scientific information necessary to an informed reading of Shelley's varied and allusive verse Most of the poems in the present volume were composed between late summer 1821 and late January 1822 They include *Hellas* a lyrical drama written in support of the Greek War of Independence composed in September November 1821 and published in February March 1822 his unfinished tragedy *Charles the First* which he had been planning for several years as well as important shorter poems such as *The Indian Girl's Song* *Autumn* a *Dirge* and his *Epitaph for John Keats* In addition to accompanying commentaries there are extensive bibliographies to the poems a chronological table of Shelley's life and publications and indexes to titles and first lines Now completed this is the most comprehensive edition of Shelley's poetry available to students and scholars

Little Human Relics Amanda Williams, 2018-08-14 The poems in *Little Human Relics* weave themselves through various notions of home a family farm the mythic backdrop of Bavaria a cityscape rife with urban noise and expectations and the quiet interiors of domestic life Whether overhearing a lament about marriage at a nail salon or standing vigil over the grave of a newly buried horse these poems invite readers to step over the page's threshold into a kitchen a gothic cathedral a lover's bed These poems celebrate the ways in which devotion elevates all things in one's life to a position of reverence a poem which marvels at the brutality of religious relics is placed alongside a poem depicting the mending of a child's nightgown and suddenly that small act of love inspires equal awe As the title suggests these poems are carefully captured moments in a person's life that may have easily flown past her but they all represent a constellation of objects events and characters who are undeniably worthy of praise Like relics they exist to both conjure memory as well as teach readers a little bit more about what it means to be human

The Relics of the Deep Johanán Andrés Sojo Sánchez, 2022-09-26 *The Relics of the Deep* is a collection of poems dedicated to redeeming the human condition Each relic focuses on the vitality of every being to be prioritized in its desire to free itself In fact each poem deals with various values of life such as Freedom Perdition Death and the factor of time and how the Self would come to become the backbone of this path to self discovery From that lamentable state in which we sometimes find ourselves a double purpose is hidden to accept the opportunity of our own salvation or to let ourselves be lost in lament

Poetical Remains Samantha Matthews, 2004-06-17 What happens to poets' genius when they die The peculiar affinity which was felt to exist between their physical and literary remains their bodies and books is the subject of this original cultural study which concentrates on poets and poetry from the Romantic to late Victorian period *Poetical Remains* deals with issues such as the place of burial the kind

of monument deemed appropriate the poet's last words and last poems the creation of memorial volumes and the commercial boost given to a poet's reputation by celebrity death focussing in each case on the powerful complex often unstated but ever present connections between the poet's body and their poetic corpus As well as the works of the poets themselves Matthews draws on contemporary biography and memoirs family correspondence newspaper reports and tribute verse among other texts and places the literature of poetic death in its social material and affective context the conflict between the idealized country churchyard and the secular urban cemetery the ideal of private familial burial as against the pressure for public ceremony the recuperation of death in exile as an extension of national pride transactions between spiritual and material poetic and pragmatic in a secularizing age Some of the most poignant and darkly comic moments in nineteenth century literary history arose around the deathbeds of poets and the events which followed their deaths What happened to Shelley's heart and to Thomas Hood's monument the different fates which dictated that the first Poet Laureate appointed by Queen Victoria Wordsworth was buried in his family plot in Grasmere while her second Tennyson was wrested from his family's grasp and interred in Westminster Abbey these are some of the stories which Matthews tells and which are bound up in a sustained and powerful argument about the way in which our culture deals with artists and their work on the boundary between life and death

The Apostles in Early Christian Art and Poetry Roald Dijkstra, 2016-01-12 The Apostles in Early Christian Art and Poetry presents the first in depth analysis of the origins of the representation of the apostles the twelve disciples and Paul in verse and image in the late antique Greco Roman world 250 400 Especially in the West the apostles are omnipresent in particular on sarcophagi and in Biblical and martyr poetry They primarily function as witnesses of Christ's stay on earth but Peter and Paul are also popular saints of their own Occasionally the other apostles come to the fore as individual figures Direct influence from art on poetry or vice versa appears to be difficult to trace but principal developments of late antique society are reflected in the representation of the apostles in both media *Poetry and the Cult of the Martyrs* Michael Roberts, 1993 A beautifully detailed literary study of Prudentius's eulogies of the Christian martyrs

The Corporeal Imagination Patricia Cox Miller, 2012-02-28 With few exceptions the scholarship on religion in late antiquity has emphasized its tendencies toward transcendence abstraction and spirit at the expense of matter In *The Corporeal Imagination* Patricia Cox Miller argues instead that ancient Christianity took a material turn between the fourth and seventh centuries During this period Miller contends there occurred a major shift in the ways in which the human being was oriented in relation to the divine a shift that reconfigured the relationship between materiality and meaning in a positive direction *The Corporeal Imagination* is a groundbreaking investigation into the theological poetics of material substance in late ancient Christian texts From hagiographies to literary descriptions of sacred paintings to treatises on relics and theurgy Miller examines a wide variety of ancient texts to reveal how Christian writers increasingly described the matter of the world as invested with divine power By appealing to the reader's sensory imagination Christian texts endowed phenomena like

relics saints bodies in hagiography and saints presence in icons with a visual and tactile presence The book draws on a variety of contemporary theoretical models to elucidate the significance of all these materials in ancient religious life and imagination *Concordance to the Works of Alfred Tennyson, Poet Laureate* Alfred Tennyson Baron Tennyson,1870

Strabone,2018-10-26 This book offers a radical new theory of the role of poetry in the rise of cultural nationalism With equal attention to England Scotland and Wales the book takes an Archipelagic approach to the study of poetics print media and medievalism in the rise of British Romanticism It tells the story of how poets and antiquarian editors in the British nations rediscovered forgotten archaic poetic texts and repurposed them as the foundation of a new concept of the nation now imagined as a primarily cultural formation It also draws on legal and ecclesiastical history in drawing a sharp contrast between early modern and Romantic antiquarianisms Equally a work of literary criticism and history the book offers provocative new theorizations of nationalism and Romanticism and new readings of major British poets including Allan Ramsay Thomas Gray and Samuel Taylor Coleridge *Christianities in the Early Modern Celtic World* T. O' Hannrachain,R. Armstrong,Tadhg Ó hAnnracháin,2014-07-30 Ranging from devotional poetry to confessional history across the span of competing religious traditions this volume addresses the lived faith of diverse communities during the turmoil of the sixteenth and seventeenth centuries Together they provide a textured understanding of the complexities in religious belief practice and organization
