*Forgotten Disney* Kathy Merlock Jackson,Carl H. Sederholm,Mark I. West,2023-06-28 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re-establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays

by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory

**Goodbye Christ?** Peter Kerry Powers, 2024-01-12 Despite the proliferation of criticism on the cultural work of the Harlem Renaissance over the course of the past two decades surprisingly few critics have focused on the ways in which religious contexts shaped the works of New Negro writers and artists during that time In *Goodbye Christ* Christianity Masculinity and the New Negro Renaissance Peter Kerry Powers fills this scholarly void exploring how the intersection of race religion and gender during the Harlem Renaissance impacted the rhetoric and imagination of prominent African American writers of the early twentieth century In order to best understand the secular academic thought that arose during the Harlem Renaissance period Powers argues readers must first understand the religious contexts from which it grew By illustrating how religion informed the New Negro movement and through his analysis of a range of texts Powers delineates the ways in which New Negro writers of the early twentieth century sought to loosen the grip of Christianity on the racial imagination thereby clearing a space for their own cultural work and for the development of a secular African American intelligentsia generally In addition to his examination of well known authors including W E B Du Bois Langston Hughes and Zora Neale Hurston Powers also offers an illuminating perspective on lesser known figures including Reverdy Ransom and Frederick Cullen In his exploration of the role of race and religion at the time Powers employs an intersectional approach to religion and gender and especially masculinity that sets the discussion on fertile new ground *Goodbye Christ* answers the call for a body of work that considers religion as a relevant precursor to the secular intelligentsia that grew during the Harlem Renaissance in the early 1900s By offering a complete look at the tensions that arose between churches and Harlem Renaissance writers and artists readers can gain a better understanding of the work that Harlem Renaissance writers undertook during the early decades of the twentieth century Peter Kerry Powers is dean of the School of Humanities at Messiah College in Pennsylvania He is the author of *Recalling Religions Resistance Memory and Cultural Revision in Ethnic Women's Literature*

**American Cultural Studies** Catherine A. Warren, Mary Douglas Vavrus, 2002 *American Cultural Studies* is a conversation among scholars about the sometimes contentious issue of what a specifically American cultural studies might look like Assembling some of the field's most eloquent commentators this volume stresses the importance of a historically informed cultural studies and delves into the discipline's roots in pragmatism social activism and radical politics It also considers the moral and social responsibilities of citizen intellectuals in the United States Throughout these spirited discussions the emphasis is on moving from theory to practice from text based to experience based research from spectator to conversation based models of narrative production from a historical to historically informed analysis and from political detachment to political engagement Speaking from a variety of perspectives contributors advocate ways to integrate private scholarship with public participation by incorporating the lessons of feminist methodologies grounded in dialogue and

ethnographic fieldwork by recentering cultural studies on issues of economic opportunity and job equity or by physically returning as a participant to one's home community. Offering fresh perspectives from within and outside the field, American Cultural Studies calls for intellectuals to engage in the cultures they study. By doing so, practitioners of cultural studies may succeed in affecting rather than merely describing the tensions and forces at work in the United States, its policies, its media structures, and its disintegrating democracy. The Cambridge Companion to American Protestantism Jason E.

Vickers, Jennifer Woodruff Tait, 2022-05-26 American Protestantism has been the dominant form of Christianity in the United States since the colonial era and has had a profound impact on American society. Understanding this religious tradition is thus crucial to understanding American culture. This Companion offers a comprehensive overview of American Protestantism. It considers all its major streams: Anglican, Reformed, Lutheran, Anabaptist, Baptist, Stone, Campbell, Methodist, Holiness, and Pentecostal. Written from various disciplinary perspectives including history, theology, liturgics, and religious studies, it explores the beliefs and practices around which American Protestant life has revolved. The volume also provides a chronological overview of the tradition's entire history, addresses its prominent theological and sociological features, and explores its numerous intersections with American culture. Aimed at undergraduate and graduate students as well as an interested general audience, this Companion will be useful both for insiders and outsiders to the American Protestant tradition. **British Immigration to the United States, 1776-1914, Volume 1** William E. van Vugt, 2017-09-29 This four-volume reset edition collects immigrants' letters, immigration guides, newspaper articles, county history biographies, and promotional and advisory pamphlets published by immigrants and travellers, land and railroad companies.

**Religion and Cultural Studies** Susan L. Mizruchi, 2001-04 Americans have never been more religious than they are now at the dawn of the twenty-first century. By all reports, attendance rates at traditional places of worship are high and rising; the influx of new immigrant religions has revitalized standard faiths and drawn in those who had strayed from them. Popular television shows like *The Simpsons* feature characters who go to church every Sunday and speak to God; special events like the 1998 outdoor mass in Worcester, Massachusetts, for a comatose girl believed to have miraculous powers attract thousands of people. This collection is both part of this ferment and an intellectual reflection upon it. *Religion and Cultural Studies* features essays by major scholars from the fields of anthropology, history, literary criticism, and religion in order to enrich critical discourse about religion and culture. Despite the variety of disciplines represented by this group of scholars and the variety of cultures explored in their essays, from fifteenth-century Flemish asceticism and nineteenth-century African American spiritualism to Russian blood libel trials and Alien Abduction Reports in the twentieth century, their common ground is the question of religion's place in current American academic analysis and more broadly in American life today. The volume's range of vocabulary and subject matter is aimed at vitalizing scholarly interest in the field of religion and cultural studies and deepening intellectual inquiry in the contemporary academy. The contributors are Eytan Bercovitch, Karen McCarthy Brown,

Gillian Feeley Harnik Richard Wightman Fox Jenny Franchot Giles Gunn Geoffrey Galt Harpham Bruce B Lawrence Jack Miles Susan L Mizruchi and Jonathan Z Smith      **The Oxford Encyclopedia of American Cultural and Intellectual History** Joan Shelley Rubin, Scott E.
