## **Religion And Morality A Collection Of Essays:**

Religion and Morality: a Collection of Essays Gene H. Outka, John P. Reeder, 1973      **Essays in Religion and Morality** William James, 1982 Essays in Religion and Morality brings together a dozen papers of varying length to these two themes so crucial to the life and thought of William James Reflections on the two subjects permeate first James's presentation of his father's Literary Remains second his writings on human immortality and the relation between reason and faith third his two memorial pieces one on Robert Gould Shaw and the other on Emerson fourth his consideration of the energies and powers of human life and last his writings on the possibilities of peace especially as found in his famous essay The Moral Equivalent of War These speeches and essays were written over a period of twenty four years The fact that James did not collect and publish them himself in a single volume does not reflect on their intrinsic worth or on their importance in James's philosophical work since they include some of the best known and most influential of his writings All the essays throughout their varied subject matter are consistently and characteristically Jamesian in the freshness of their attack on the problems and failings of humankind and in their steady faith in human powers      *Catalog of Copyright Entries. Nash, Mary N. MacDonald, Fred Glennon, 2013 This introductory text helps students think through the basic questions that arise in the study of religion What is the nature of religious experience How does religion shape the actions of individuals and communities How does religion promote or inhibit human development and well being This 2nd edition has been updated throughout including new examples new themes such as religious fundamentalism and violence and a new emphasis on environmental issues      Journal of Philosophical Studies, 1928 Includes section New books      **Three Essays on Religion** John Stuart Mill, 1874      Faith, Morality, and Civil Society Dale McConkey, Peter Augustine Lawler, 2003-01-01 In this rich collection of essays editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society Though the level of religious expression has remained high in the United States the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment collective or personal should contribute to the vibrancy of a civil democratic society Challenging those who believe that the private realm is the only appropriate locus of religious belief the contributors to this volume believe that religion can inform

and invigorate the secular institutions of society such as education economics and politics Drawn from a wide variety of religious and moral traditions these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society      **Christian Ethics and Commonsense Morality** Kevin Jung,2014-11-27

Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge      **Reason, Morality, and Law** John Keown,Robert P. George,2013-03-21

John Finnis is a pre eminent legal moral and political philosopher This volume contains over 25 essays by leading international scholars of philosophy and law who critically engage with issues at the heart of Finnis s work      More Steve Allen on the Bible, Religion and Morality Steve Allen,2010-12 The popularity of Book One led Allen to take another good look at the Scriptures to interest the average reader in reasonable analysis of the most influential document in Western civilization Includes direct quotes from Catholic Protestant and Judaic biblical scholars      **Catalogue of a Curious Collection of Books in General History and Literature, Particularly Rich in Early English and Scottish History and Poetry ... which Will be Sold by Auction, by Mr. Sotheby ... on Tuesday the 16th of January, 1827 ... ,1827      Catalogue of Books** Perth (W.A.). Public Library,1905      *Essays First Series on Some of the Peculiarities of the Christian Religion* Richard Whately,1850      **The Blackwell Guide to Mill's Utilitarianism** Henry West,2008-04-15 The Blackwell Guide to Mill s Utilitarianism volume isan ideal commentary for students on Mill s classic essay Contains the complete text of Utilitarianism and twelve relatedessays Essays cover the background to Mill s classic essay analyses of the arguments and contemporary debates within theutilitarian tradition Also includes a case study demonstrating the application ofutilitarian theory to military or non violent responses toterrorism Each contribution is an original essay written by a specialistat the cutting edge of philosophical scholarship      **Collected Works of Charles Kingsley: Sanitary and social lectures and essays** Charles Kingsley,1892      **Catalogue of Books in the Public Library of Western Australia, (Queen Victoria Jubilee Memorial)** Public Library of Western Australia,Western Australia. Public Library, Perth,1905      *The Collected*

*Essays of Francis Ellingwood Abbot (1836-1903), American Philosopher and Free Religionist* Francis Ellingwood Abbot, 1996  
This is the last of four volumes presenting all of Francis Ellingwood Abbot's major published articles. Any scholar or library interested in American philosophy, religious thought, and social and intellectual history should find this edition of his essays a useful addition to the collection. Francis E. Abbot was a noted American philosopher and champion of Free Religion. He was a member of C. S. Peirce's Metaphysical Club, the first American philosopher to support Charles Darwin, the founding editor of *The Index*, a founder of the Free Religious Association, and the founding President of the National Liberal League of America. In addition to over six hundred articles, he was the author of *Scientific Theism* (1885), *The Way Out of Agnosticism Or The Philosophy of Free Religion* (1890), and *The Syllogistic Philosophy or Prolegomena to Science* (1906).  
*Encyclopaedia of Religion and Ethics* James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928  
*The Politics and Philosophy of Michael Oakeshott* Stuart Isaacs, 2006-09-27  
This book offers a clearly written and accessible critical analysis; it presents complex theories and concepts in a way that will introduce new readers to Oakeshott's work and at the same time offers a fresh approach for those already familiar with his philosophy.
