**Paul Delaroche** Patricia Smyth, 2022-06-15 Paul Delaroche Painting and Popular Spectacle explores the connections between painting and an emergent popular visual culture in the early nineteenth century which included new forms of optical entertainment such as Panoramas and Dioramas and innovation in fields such as illustration art reproduction and stage decor Delaroche s paintings caused a sensation at the Paris Salon with critics comparing the emotional response they elicited to that of popular melodrama Yet his appeal to a certain type of spectator lay behind the increasingly hostile criticism to which his works were subjected and has in our own time led to his uncertain status in the art historical canon This book focuses on Delaroche s popularity with a newly expanded audience Lacking in specialist knowledge but nevertheless keen to engage with and deeply affected by art the behaviour of this new public prompted lively discussions about who has the right to judge art and on what

grounds Working across disciplinary boundaries this book proposes a new reading both of Delaroche and of the connections between the arts in this period The artist emerges as a figure at the cutting edge of an emergent trans medial popular visual culture in which we see the formation of modern spectatorship

### **Hamlet after Deconstruction**

Aneta Mancewicz,2022-10-29 Post war European adaptations of Hamlet are defined by ambiguities and inconsistencies Such features are at odds with the traditional model of adaptation which focuses on expanding and explaining the source Inspired by Derrida's deconstruction this book introduces a new interpretative paradigm Central to this paradigm is the idea that an act of adaptation consists in foregrounding gaps and incoherencies in the source it is about questioning rather than clarifying The book explores this paradigm through seven representative European adaptations of Hamlet produced between the 1960s and the 2010s dramatic texts live theatre productions and a mixed reality performance They systematically challenge the post Romantic idea of Hamlet as a tragedy of great passions and heroic deeds What does this say about Hamlet's impact on post war theatre and culture The deconstructive analyses offered in this book show how adaptations of Hamlet capture crucial anxieties and concerns of post war Europe such as political disillusionment postmodern scepticism and feminist resistance revealing exciting connections between European traditions

### Shakespeare and Social Theory

Bradd Shore,2021-08-23 This book provides a bridge between Shakespeare studies and classical social theory opening up readings of Shakespeare to a new audience outside of literary studies and the humanities Shakespeare has long been known as a great thinker and this book reads his plays through the lens of an anthropologist revealing new connections between Shakespeare's plays and the lives we now lead Close readings of a selection of frequently studied plays Hamlet The Winter's Tale Romeo and Juliet A Midsummer Night's Dream Julius Caesar and King Lear engage with the texts in detail while connecting them with some of the biggest questions we all ask ourselves about love friendship ritual language human interactions and the world around us The plays are examined through various social theories including performance theory cognitive theory semiotics exchange theory and structuralism The book concludes with a consideration of how the new astronomy of his day and developments in optics changed the very idea of perspective and shaped Shakespeare's approach to embedding social theory in his dramatic texts This accessible and engaging book will appeal to those approaching Shakespeare from outside literary studies but will also be valuable to literature students approaching Shakespeare for the first time or looking for a new angle on the plays

Attention is focused on the singularly French perception of Ophelia's active provocative role as presented by Belleforest and Shakespeare and subsequently by Prevost Voltaire Laplace Ducis Diderot Stael Stendhal Guizot Hugo Sand Musset Gautier Delacroix Dumas Baudelaire and others.
