Shall We Gather At The River Poems:

Shall We Gather at the River James Arlington Wright, 1969 Women's Spirituality, Women's Lives Ellen Cole, Judith Ochshorn, 2014-05-12 This enlightening book examines how the feminist spirituality movement contributes to the establishment of new paradigms of mental health for women Women's Spirituality, Women's Lives examines possible psychotherapeutic implications for women engaged in feminist spirituality and stimulates much needed conversation between feminist therapists and feminist theologians ritualists Feminist spirituality is part of the current broad challenge to accepted ways of knowing and being This book argues that as women tell their own stories they create rituals that enable them to feel a sense of control over the future and to move toward a kind of authority agency and autonomy associated with mental health and psychological well being Women from many cultural backgrounds and religious perspectives have embraced alternative forms of spiritual expression based on profound theoretical challenges to mainstream religious beliefs ranging from calls for the radical reclamation and reconstruction of religious traditions to personal involvement in goddess worship and Wicca Women's Spirituality, Women's Lives presents theoretical conceptual and experiential chapters that analyze the extent to which these proliferating women's groups represent the beginnings of new norms of mental health for women Women's Spirituality, Women's Lives presents a variety of voices including Native American Christian Jewish and Wiccan Chapters are divided into three sections Laying the Groundwork Theoretical Challenges and Living It Out and explore a diverse array of topics such as the shouting church and Black women's mental health a traditionalist Native American challenge to New Age cooptation a feminist group and Jewish women's self identity lesbian altar making and mental health feminist Wicca in the U S and Germany the martial arts and women's mental health the use of feminist rituals in therapy and as therapy Feminist therapists and theologians as well as other individuals interested in feminist spirituality or alternative spirituality will find this book a fascinating exploration of the various aspects of the spirituality of women Women's Spirituality, Women's Lives is also an excellent reader to expand the thinking of students in classes in women's studies and religious studies The Poetry of James Wright Andrew Elkins, 1991 In The Poetry of James Wright the author traces Wright's formal evolution and concentrates on his consistent themes the artist's role in society the artist's search for poetic and personal identities the power of poetry as fortification against the onslaughts of time and the definition of a good and humane action Charting the poet's evolution from his first book The Green Wall to the last collections This Journey Elkins discusses one major book in each chapter explicating the more important poems in detail and explaining how each volume is part of a progression from youthful imitator to mature innovator Wright's individual struggle taking place as it did in the last half of the 20th century in America dramatizes the central problems of the creative individual in a late industrial society who is trying to turn a life into art Wright worked in the great tradition of the adamant individualists in our literary heritage and like all of his formidable ancestors he refused to trust the socialized self he found attached to his soul refused to be

diminished or circumscribed by any society's definition of himself. The effect of reading and studying his complete work is the recognition that Wright is a major 20th century American poet whose apparent simplicity and occasional sentimentality can obscure the complexity and maturity of his courageous confrontation with the problems of living and writhing in contemporary America.

James Wright Frank Graziano, Peter Stitt, 1990-12-21 Features poems, an essay and previously unpublished letters by James Wright plus excerpts from interviews, memoirs and elegies.

The Broadview Anthology of Poetry - Second Edition Amanda Goldrick-Jones, Herbert Rosengarten, 2008-09-30 Among the poets new to this edition are such leading names as Americans Robert Pinsky, Louise Erdrich and Louise Glück; Britons James Fenton and Carol Ann Duffy; and Canadians Anne Carson, Robert Brinkhurst and Christian Bok. A number of names who may be new to many readers of poetry are also included among them: Ohioan Debra Allberry, Vancouverite Elise Partridge and the Cree poet Connie Fife. As with the first edition, the editors have endeavored to include much that is fresh as well as much that is familiar. There are many additions to the selections from poets who appeared in the first edition, including selections from the recent work of Leonard Cohen, Les Murray and Margaret Atwood. As before, the anthology includes work from English language poets throughout the world from India, Africa and the Caribbean as well as from Britain, North America and Australia. Although the selections from the work of poets of earlier eras are largely unchanged from the first edition, there have been some changes among poems added for this edition: Milton's *L'Allegro* and *Il Penseroso*, Bradstreet's *Employment*, Dickinson's *I cannot live without You*, Frost's *Once by the Pacific* and Auden's *Funeral Blues*. As before, the text emphasizes work of the past century; poems from 1900 or later take up more than half of the anthology's pages. In its first edition, *The Broadview Anthology of Poetry* included biographical information about the poets at the back of the anthology; for the new edition, biographical material appears in a headnote to each poet. Two other features are also new to this edition: the date of first publication is appended after each poem, and line numbering is used throughout. The numbers have been kept unobtrusive; however, as with the first edition, the designers have endeavored to give a clean look to the pages of the anthology. A substantial section on prosody, figures of speech and so on is included as an appendix.

[A Wild Perfection](#) James Wright, 2005-08-17 The life and work of a major American poet described in his own words. There is something about the very form and occasion of a letter: the possibility it offers, the chance to be as open and tentative and uncertain as one likes, and also the chance to formulate certain ideas very precisely if one is lucky in one's thoughts, wrote James Wright, one of the great lyric poets of the last century, in a letter to a friend. *A Wild Perfection* is a compelling collection that captures the exhilarating and moving correspondence between Wright and his many friends. In letters to fellow poets Donald Hall, Theodore Roethke, Galway Kinnell, James Dickey, Mary Oliver and Robert Bly, Wright explored subjects from his creative process to his struggles with depression and illness. A bright thread of wit, gallantry and passion for describing his travels and his beloved natural world runs through these letters, which begin in 1946 in Martin's Ferry, Ohio, the hometown he would memorialize in verse.

and end in New York City where he lived for the last fourteen years of his life *Selected Letters* is no less than an epistolary chronicle of a significant part of the midcentury American poetry renaissance as well as the clearest biographical picture now available of a major American poet
