

A movie poster for the film 'Shallow Grave'. The background is a dark, moody landscape with a large, rusted metal shovel stuck into the ground in the foreground. Three people are sitting on the ground behind the shovel: a woman on the left, a woman in the middle, and a man on the right. The lighting is dramatic, with a bright light source on the right side, creating a strong glow and long shadows. The overall tone is mysterious and suspenseful.

Classless Carl Neville, 2010-10-16 Why has mainstream British film been so unrepresentative of the changes in British society over the past twenty years *Classless* looks at the erasure of key issues of class and class struggle in recent British film as well as the flattening out of the rich variety of English social types into the bland middle mass of *Love Actually* By analysing a number of key films and emergent genres the ideological character of the Major years on into the false dawn of Blairism and Cool Britannia will be elaborated and it will be argued that even works that are ostensibly subversive such as Danny Boyle's *Trainspotting* serve to promote the underlying myths of neo liberalism The films under discussion will range from Steven Frear's *The Queen* to Jonathon Glazer's *Sexy Beast* The book will also consider popular genres such as the recent *Football Hooligan* films along with more recondite works by a handful of auteurs

**The New Scottish Cinema** Jonathan Murray, 2015-03-31 From a near standing start in the 1970s the emergence and expansion of an aesthetically and culturally distinctive Scottish cinema proved to be one of the most significant developments within late twentieth and early twenty first century British film culture Individual

Scottish films and filmmakers have attracted notable amounts of critical attention as a result. *The New Scottish Cinema* however is the first book to trace Scottish film culture's industrial, creative and critical evolution in comprehensive detail across a forty year period. On the one hand it invites readers to reconsider the known films such as *Shallow Grave*, *Ratcatcher*, *The Magdalene Sisters*, *Young Adam*, *Red Road* and *The Last King of Scotland*. On the other it uncovers the overlooked from the 1980s comedic film makers who followed in the footsteps of Bill Forsyth to the variety of present day Scottish film making a body of work that encompasses explorations of multiculturalism, exploitation of the macabre and much else in between. In addition to analysing an eclectic range of films and filmmakers *The New Scottish Cinema* also examines the diverse industrial, institutional and cultural contexts which have allowed Scottish film to evolve and grow since the 1970s and relates these to the images of Scotland which artists have put on screen. In so doing the book narrates a story of interest to any student of contemporary British film.
