SHAMAN

THE PAINTINGS OF
SUSAN SEDDON BOULET

During the 1980s, Susan Seddon Boulet (American, b. Brazil, 1943-1997) pursued her growing interest in the shamanic world, creating evocative works that fused the spirits of people and animals. The shaman, the oracle, the wise person, the healer—"the one who knows"—is in mythical communication with these spirits, controlling and manipulating nature through supernatural powers.

Inspired by her readings about shamanism and her personal shamanic journeys, Boulet used her spiritual visions to present, in exquisite detail, the creatures that inhabit the inner dimensions of the mind. Her artistic expression and understanding of shamanic practice may lead us to explore our own unconscious world. The twelve paintings within this calendar speak to the soul and the imagination. Each is accompanied by an excerpt from a Native American song, chant, poem, or narrative.

Shaman 2006 Calendar:

Dreams of the Reiki Shaman Jim PathFinder Ewing, 2011-10-01 Based on more than a decade of the author's successful workshops this resource expands and refines the unique combination of the hands on healing modality of Reiki with the life changing shamanic journey The resulting knowledge is presented clearly and concisely making it possible for those with no previous background in Reiki or shamanism to understand appreciate and enjoy the teachings while those more experienced can glean new insight for their own healing work Providing generous examples of shamanic journeying beyond ordinary reality and citing hundreds of case studies from the author's own private practice this reference also lists internet references for further research

The Assemblage of Korean Shamanism Joonseong Lee, 2022-10-14 The most unique aspect of Korean shamanism is its mysterious duality that continually reiterates the processes of deterritorialization and reterritorialization This book approaches that puzzle of mysterious duality using an interdisciplinary lens Korean shamanism has been under continuous oppression and marginalization for a long time and that circumstance has never dissipated Shaman culture can be found in every corner of people's lives in contemporary Korea but few acknowledge their indigenous beliefs with pride This mysterious duality has deepened as the mediatization process of Korean shamanism has developed Korean shamanism was revived as the dynamic of shamanic inheritance in the process but these dynamics have also become the object of mockery For this reason any true understanding of Korean shamanism rests in how to unravel the unique puzzles of this mysterious duality In this book the duality is mapped out by playing with the puzzles surrounding the contextualization of Korean shamanism and mediatization
