Richard Winstedt, 2020-09-28 The Malay Magician R. O. Winstedt, 2024-03-01 First published in 1951 The Malay
Magician employs historical and comparative data to unravel the different elements pagan Hindu and Muslim in a complex
system of Malay magic as it exists in the Federation of Malay in general and more specifically as it exists in the Malay States
of Kelantan Perak Pahang Selangor and Negri Sembilan Tied up with the concept of magic is the Malay magician whose
many functions and roles in the society are discussed in detail This book will be of interest to students of anthropology
sociology history and cultural studies *Shaman, Saiva and Sufi a Study of the Evolution of Malay Magic*
Winstedt, 2012-04-26 This book is the outcome of a close study of the language and beliefs of the Malays during a period of
residence in the Malay Peninsula that has now reached twenty two years Its object is to unravel a complex system of magic in
the light of historical and comparative data By itself this system is a tangle every thread of which scholars working in Europe
are led to term Malay although even the native distinguishes this thread as Indian and that as Muslim Chapters i iv deal with
the Malay s evolution from animist to Muslim chapters v and vi with his animism chapters vii and viii with his shamanism
chapter ix with rites largely infected with Hindu magic and chapters x and xi with Muslim accretions Like all writers on this
subject I am indebted to the classical works of Tylor Frazer and Jevons and particularly to the articles by specialists on the
magic of different races and faith in Hastings Encyclopaedia of Religion and Ethics Working far away from an adequate
library I have found this Encyclopaedia of incalculable value Shaman Saiva and Sufi R. O. Winstedt, 2017-05-24 This work

social hierarchies The pontianak first appeared on screen in late colonial Singapore in a series of popular films that combine indigenous animism and transnational production with the cultural and political force of the horror genre In *Alluring Monsters* Rosalind Galt explores how and why the pontianak found new life in postcolonial Southeast Asian film and society She argues that the figure speaks to a series of intersecting anxieties about femininity and modernity globalization and indigeneity racial and national identities the relationship of Islam to animism and heritage and environmental destruction The pontianak offers abundant feminist potential but her disruptive gender politics also unsettle queer and feminist film theories by putting them in dialogue with Malay epistemologies Reading the pontianak as a precolonial figure of disturbance within postcolonial cultures Galt reveals the importance of cinema to histories and theories of decolonization From the horror films made by Cathay Keris and Shaw Studios in the 1950s and 1960s to contemporary film television art and fiction in Malaysia and Singapore the pontianak in all her media forms sheds light on how postcolonial identities are both developed and contested In tracing the entanglements of Malay feminist animisms with postcolonial visual cultures *Alluring Monsters* reveals how a pontianak theory can reshape understandings of anticolonial aesthetics and world cinema Scottish Geographical Magazine ,1924 **Shamanism** Margaret Stutley,2003 Shamanism is one of the earliest and farthest reaching magical and religious traditions vestiges of which still underlie the major religious faiths of the modern world The function of the shaman is to show his or her people the unseen powers behind the mere appearances of nature as experienced through intuition in trance states or during ecstatic mystical visions Shamans possess healing powers communicate with the dead and the world beyond and influence the weather and movements of hunting animals The psychological exaltation of shamanism trance states is similar to the ecstasies of Yogis Christian mystics and dervishes *Shamanism An Introduction* traces the development of shamanism in its many fascinating global manifestations Looking at shamanic practices from Siberia to China and beyond it provides an accessible guide to one of the world s most ancient notorious and frequently misrepresented spiritual traditions Placing special emphasis on the climate geographic and cultural pressures under which shanic customs arose and continue to be observed Margaret Stutley summarizes and clearly explains the logic of a faith whose fantastical elements hold a special place in popular imagination **Malay Political Leadership** Tony Shome,2004-08-02 This book demonstrates how particular values and notions of leadership which underpinned traditional Malay leadership have played a crucial role in the political evolution of the modern Malaysian nation The author discusses the nature of Malay notions of leadership and considers this throughout the Malay world at the local as well as at the national level and goes on to describe and analyse leadership from pre independence leadership in the colonial period through the rule of Malaysia s four prime ministers He draws on anthropology psychology and political and economic history to show how Malay leaders have kept within the established track of the Malay value system responding in particular to the expectation of their people to provide a sense of national identity and unity against the complex background of the Malaysian

mosaic while addressing the needs of the wider multi ethnic community Throughout the evolutionary development of Malay leadership symbolisms for the perpetuation of leadership veneration persisted in its institutions and in the sublime power of the sultans The Malay case offers one of the most remarkable studies of leadership in its attempt to maintain indigenous primacy in a large multi racial environment subscribing to western democracy for its governance while retaining conservative Islamic values This book is a significant contribution to the understanding of the evolution of leadership It begins with an explanation of the early Malay World belief system and progresses to the period of colonization and nationalism It then follows through the dynamics of modern politics encapsulating the biographical profiles of all Malaysia s Prime Ministers Tunku Razak Hussein and Mahathir in three aspects national unity the economy and foreign affairs The analysis of Mahathir s leadership extends into the new millennium This is the only book with biographical profiles of all of Malaysia s Prime Ministers This book will be of interest to students academics politicians foreign affairs specialists and any reader interested in leadership studies and about Malaysia s political and economic history
