Shamanic Healing Itzhak Beery, 2017-05-25 A story-based guide to the techniques of shamanic healing. Details indigenous medicine tools and soul healing techniques including diagnosis and energy cleansing with plants, stones, fire, flower essences, and sound. Offers protection and self-defense techniques for confronting negative energies such as spirit attachment and possession. Shares healing stories that each address a specific condition such as panic attacks, PTSD, depression, cancer, chronic pain, grief, and relationship problems. Shamanic healing is making an astonishing comeback all over the modern technology-driven and consumerist world. Millions of people have felt called to integrate both ancient and modern healing systems into a new model of healthcare. But what makes shamanic healing so powerful? Why have indigenous healers kept it alive for thousands of years? Revealing his personal journey and stories from his more than 20 years as a shamanic healer, Itzhak Beery explains who a shaman is and how he or she works, demystifying and destigmatizing the shamanic healing worldview. He shares shamanic wisdom from two of his teachers: a Yachak from Ecuador and a well-known Brazilian Pag. He details indigenous medicine tools and soul healing techniques that you can practice with your own clients or in your own personal healing, including diagnosis and energy cleansing with plants, stones, fire, rum, eggs, flower essences, and sound. He shares protection and self-defense techniques for confronting negative energies such as spirit attachment and possession. Sharing healing stories that each address a specific condition such as panic attacks, PTSD, depression, cancer, chronic pain, grief, and relationship problems, Beery explains how a shaman is not responsible for curing everyone and will consult with the patient's soul to determine its needs, which sometimes includes learning from the illness experience. By sharing these healing methods, Beery reveals the importance of shamanic practices in resolving our 21st-century emotional and physical problems and their importance to the future of humanity and the planet. **Shaman, Healer, Sage** Alberto Villoldo, Ph.D., 2000-12-19 A renowned medical anthropologist offers a practical and revolutionary program to alleviate the effects of disease, prevent illness, and revitalize relationships using traditional shamanic healing methods. At last, a deeply committed seeker, scholar, and teacher has brought the rich legacy of Native America forward to take its rightful place among the world's great spiritual traditions. Rudolph

Ballentine M D author of Radical Healing Alberto Villoldo has studied shamanic healing techniques among the descendants of the ancient Inkas for decades In Shaman Healer Sage he draws on his vast body of knowledge to create a program based on the ancient healing methods used by these shamans methods that have long been inaccessible to most of the world Villoldo explains the Luminous Energy Field the central concept to shamanic healing that is believed to surround our material bodies and teaches us how to see and influence the imprints that disease leaves on this field and thereby heal ourselves and others as well as ward off illness Villoldo masterfully weaves personal anecdotes throughout his teachings that showcase the power of the energy medicine of the Americas In one story he recounts when antibiotics failed to control his pneumonia after he contracted the infection in Peru His mentor the shaman Don Antonio used the process of Illumination to remove the toxins that had invaded Villoldo s body These same shamanic techniques later allowed Villoldo to remove stagnant energy from a young woman whose marriage was suffering due to her past experience with abandonment With the aid of shamanic work the woman regained her trust in others and her marriage was revitalized Rich with ancient wisdom and contemporary techniques Shaman Healer Sage is an invaluable resource to helping ourselves and others **Shaman Wisdom, Shaman Healing**
