Shambhala The Sacred Path Of The Warrior:

Shambhala: The Sacred Path of the Warrior Chogyam Trungpa, 2015-06-16 The classic guide to enlightened living that first presented the Buddhist path of the warrior to Western readers with a new foreword and cover presentation There is a basic human wisdom that can help solve the world's problems It doesn't belong to any one culture or region or religious tradition though it can be found in many of them throughout history It's what Chogyam Trungpa called the sacred path of the warrior The sacred warrior conquers the world not through violence or aggression but through gentleness courage and self knowledge The warrior discovers the basic goodness of human life and radiates that goodness out into the world for the peace and sanity of others That's what the Shambhala teachings are all about and this is the book that has been presenting them to a wide and appreciative audience for more than thirty years

Shambhala Chögyam Trungpa, 2003 Since ancient times the path of the enlightened warrior has been a powerful and inspiring ideal showing us how we can master the challenges of life and draw power not from violence or aggression but through the cultivation of gentleness courage and self knowledge The Shambhala Book and Card Set offers a unique way to work with the teachings of warriorship to gain personal freedom and power overcome negative habitual patterns and find the sacred dimension of everyday life This box includes 53 cards each containing a Shambhala Warrior Slogan with commentary on the reverse side packaged with a fold out card stand an instruction booklet with guidance for applying the slogans to life throughout the day and a paperback edition of Shambhala The Sacred Path of the Warrior Chogyam Trungpa's classic work exploring the principles of warriorship

Shambhala Chögyam Trungpa, 1984 In this practical guide to enlightened living Chogyam Trungpa offers an inspiring vision for our time based on the figure of the sacred warrior In ancient times the warrior learned to master the challenges of life both on and off the battlefield He acquired a sense of personal freedom and power not through violence or aggression but through gentleness courage and self knowledge The Japanese samurai the warrior kings of Tibet the knights of medieval Europe and the warriors of the Native American tribes are a few examples of this universal tradition of wisdom With this book the warrior's path is opened to contemporary men and women in search of self mastery and greater fulfillment Interpreting the warrior's journey in modern terms Trungpa discusses such skills as synchronizing mind and body overcoming habitual behaviors relaxing within discipline facing the world with openness and fearlessness and finding the sacred dimension of everyday life Above all Trungpa shows that in discovering the basic goodness of human life the warrior learns to radiate that goodness out into the world for the peace and sanity of others The Shambhala teachings named for a legendary Himalayan kingdom where prosperity and happiness reign thus point to the potential for enlightened conduct that exists within every human being The basic wisdom of Shambhala Trungpa writes is that in this world as it is we can find a good and meaningful human life that will also serve others That is our true richness
