The Shanghai Emerald Elisabeth McNeill, 1992-01-01 **China International Business** ,2005 Mercantile Navy List and Maritime Directory ,1919 **The Mercantile Navy List and Maritime Directory** Great Britain. General Register and Record Office of Shipping and Seamen, 1925 King Michael Sandusky, 2021-04-19 The Red Leopard of the Maurya has been following Michelangelo Barrier's friend Rajmund Singh for over two millennia. Now as the two men near the end of their ten-year odyssey with only the Himalayas to cross into India, the secret society makes its long-awaited move to bring Chandragupta Maurya back as King of India during British independence in 1948. The two best friends have survived jungle plane crashes and a Japanese prison camp. However, can a woman who looks like Vale be killed in a plane crash? Stop Mike's return home or Raj finding his destiny on that mountain peak *Silencing Shanghai* Fang Xu, 2021-06-24 *Silencing Shanghai* investigates the paradoxical and counterintuitive contrast between Shanghai's emergence as a global city and the marginalization of its native population captured through the rapid decline of the distinctive Shanghai dialect. From this unique vantage point, Fang Xu tells a story of power relations in a cosmopolitan metropolis closely monitored and shaped by an authoritarian state through policies affecting urban redevelopment, internal migration, and language. These state policies favor the rich, the resourceful, and the highly educated while alienate the poorer and less educated Shanghainese geographically and linguistically. When the state vigorously promotes Mandarin Chinese through legal and administrative means, Shanghainese made the conscious yet reluctant choice of shifting from the dialect to the national language. At the same time, millions of migrants have little incentive to adopt the vernacular given that their relation to the state has already firmly established their legal, financial, and social standing in the city. The recent shift in the urban linguistic scene that silences the Shanghai dialect is ultimately part of the state-led global city building process. Through the association of the use of national language with realizing the China Dream, the state further eliminates the unique vernacular characters of Shanghai **Where the Locals Go** ,2014 Examines the places and activities around the world that captivate their residents from regional festivals, undiscovered local restaurants, and lesser-known art galleries to quiet places to sit and watch another world stroll by *The Directory and Chronicle for China, Japan, Corea, Indo-China, Straits Settlements, Malay States, Siam, Netherlands India, Borneo, the Philippines, and Etc* ,1920 Deciphering Chinese School Leadership Allan Walker, Haiyan Qian, 2017-10-23 With existing educational leadership models and theories being predominantly western-influenced, this book aims to provide more insight into school leadership in China. It pioneers building research and practice-informed knowledge and unravels the complexities that characterize the scholarship context and practices of school leadership. School leadership in China is presented through four sub-purposes: investigating how Chinese school leadership is conceptualized in the international and Chinese literature; exploring the shifting context within which Chinese school leaders enact their leadership; and examining key policies that have shaped the practice of leader development, extending the understandings about the

complexities of work lives of Chinese school leaders and further locating indigenous understandings of Chinese school leadership in the political and socio cultural context of contemporary China and the theoretical and conceptual context of international school leadership This text will be particularly useful to international education researchers with focus on educational leadership comparative education education policy and education in China **Shanghai Mundane** Lei Ping,2025-09-18 This book offers a new critical intervention into the studies of the paradox of Chinese socialism Centering on the unremovable Shanghai bourgeoisie and middle class the book brilliantly discovers Chinese society s persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology from the Mao era to the Xi era Shanghai Mundane offers a new critical intervention into the studies of the paradox of Chinese socialism Through the lens of contested state society relations the book challenges conventional China Studies by repositioning Shanghai as the key to decode the protracted ideological warfare between socialism and capitalism Based on significant archival ethnographic and theoretical evidence unearthed from the distinct cases of Shanghai bourgeoisie and middle class Lei Ping discovers the city s persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology throughout the entire history of the People s Republic of China Ping argues that despite the socialist remolding of capitalist industry and commerce the post 1949 Chinese state failed to eradicate bourgeois heritage in the domain of everyday life in the Mao era which ironically contributed to its controversial policy reversals in the post Mao era from Deng to Xi What lies at the heart of the major intellectual conundrum namely the survival and revival of bourgeois sentiments is what Ping calls the unremovable Shanghai mundane This captivating and provocative account sheds new light on understanding the larger questions as to the crisis ridden practices of Chinese socialism and the raison d tre of the Chinese Communist Party in the twenty first century **Chinese Management** ShouQuing Wang,2005 **Parliamentary Papers** Great Britain.
