**Words & Music** ,2001 **Shania Twain** Robin Eggar,2010-06-15 The Incredible Rags to Riches Story of One of the Bestselling Female Artists of All Time Shania Twain has risen from humble beginnings in a dirt poor mining town in Northern Canada to amazing heights of superstardom At the age of eight her mother was taking her to sing in lumberjack bars now she shares a Swiss mansion and an estate in New Zealand with her record producer husband and is worth more than 100 million Hits such as Man I Feel Like a Woman and That Don t Impress Me Much ensured that her third album Come On Over became the bestselling album in country music history and her astounding crossover to mainstream music swiftly followed Her life however has remained the subject of speculation and controversy British music journalist Robin Eggar has talked to Shania s close friends family business associates and to Shania herself to build an insightful rounded portrait of a woman whose Cinderella tale has become a fable for our times *Limitless Possibilities* Kathleen Walsh,2009-09-24 Each of us has felt the energy shift as the planet transitions into the fifth dimension We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course Some of us have been rocked to our very core We are asking ourselves what is this and why is this happening We each have chosen to come to earth during this time of great transition We are all here sharing our lives with each other helping Mother Earth move into the Golden Age the spiritual Age of Aquarius This transition will complete on the date that the Mayan civilization predicted some 26 000 years ago December 21st 2012 There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet As our world resets itself so too must we reset ourselves What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living Why Many of us may be existing as a two or a three dimensional person The energies that sustain those dimensions no longer exist on this planet So the old ways of thinking or operating that produced success at one time no longer exist It is now necessary for us if we are to exist in harmony with our planet to transition as well If we choose not to transition then frustration and anger will become paramount in our lives The choice is up to us To live in the fifth dimension

is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that **PC Magazine**, 1999 [Transforming Venus](#) Paula Weisflock, 2017-05-18 In the middle of her life a woman starts to see the world in a different light For decades she's tried her best to play by the rules going to school raising a family getting a job and making sure the bills are paid Then one day she wakes up and realizes she wants more from her life Her kids have left home her relationship has shifted and her personal and professional interests are not what they were 20 years ago She sees the years passing and feels like it's now or never She knows she needs to change things soon but she can't quite put her finger on what she needs to do or how to get started In short she becomes a Stuck Goddess TRANSFORMING VENUS by Paula Weisflock is an enlightening and educational adventure designed to help you make the life changes you most deeply desire and deserve It is a book designed for women in mid life who are ready to shake off their life numbing inertia and reignite their hearts heads and souls with the passion and joy they have been missing for so long Bursting with inspiration practical tools and real life Goddess stories Transforming Venus will help even the most stuck Goddesses break free of their old habits so they can finally let their inner Goddess out to play Your life is precious and you deserve to love every minute of it You deserve to feel vibrant and that your life is full of meaning and purpose These feelings
