**The Shape of Pneumatology** John McIntyre, 2004-07-01 Addresses one of the most difficult aspects of the doctrine the heterogeneity of the biblical and traditional material from which it is derived and points to the areas where church must act to recover the sense of the immediacy of the Holy Spirit *The Doctrine of the Holy Spirit in the Major Reformed Confessions and Catechisms of the Sixteenth and Seventeenth Centuries* Yuzo Adhinarta, 2012-06-14 With the rise of Pentecostalism in the early twentieth century and growth in the charismatic movement since a resurgence of interest in the Holy Spirit and Christian spirituality in both theology and the church's life has become evident Along with increased interest in the doctrine of the Holy Spirit there are criticisms of the treatment of the doctrine in church history for having neglected the Holy Spirit in both theology and the church's life Critical studies of the treatments of the doctrine of the Holy Spirit in church history have been laboriously conducted However there have not been many studies on the doctrine of the Holy Spirit in Reformed orthodoxy particularly in its confessional standards Recognizing the gap in the history of scholarship this work explores and provides a systematic account of the person and some aspects of the work of the Holy Spirit as presented in the major Reformed confessions and catechisms of the sixteenth and seventeenth centuries Attention is particularly given to those aspects of the work of the Holy Spirit that have not been greatly explored but are pertinent to contemporary discussions *Role of the Holy Spirit in Protestant Systematic Theology* Wilson Varkey, 2011-08-01 This volume is a meticulously researched text on pneumatology which puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action **The Holy Spirit** F. LeRon Shults, Andrea Hollingsworth, 2008-08-20 This introductory text by F LeRon Shults and Andrea Hollingsworth outlines the major movements and figures in the historical unfolding of the doctrine of the Holy Spirit with special attention on the role of philosophical interpretation and spiritual transformation showing how historical developments have shaped contemporary trends in pneumatology **The Holy Spirit as Person and Power** Rob Yule, 2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing The Holy Spirit as Person and

Power challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience. The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit. He has been a hands on leader in the renewal movement. Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God's Spirit. This is not the work of an enthusiast claiming a new revelation. Rather the author draws attention to many nuances in the Bible's description of the Spirit that have been overlooked in traditional pneumatology. By relating these insights to Orthodox Catholic Protestant and evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity. Pentecostals and the Doctrine of the Trinity Marius Nel, 2023-04-17. This book explores the complex ideas of the Trinity and God placing particular emphasis on the Pentecostal Church. If Jesus and the Spirit are divine to the same extent as the God of Israel, what is their relationship with the Father? Traditionally the Western Church responds that there are three persons in the one God. How did the early Church think about the Trinity? The Church assumed that Jesus died a gruesome death on the cross to atone for our sins. This implies that God required one part of the divine to die to appease another part of the divine. A further complication arises when we consider that Jesus taught believers to forgive; why then did God not forgive humans? This book challenges the reader to rethink and reconsider their conception of God and the Trinity given that God falls outside our frame of reference and outside of our universe which we can consider our final frame of reference. **Joseph Smale** Tim Welch, 2014-07-08. Joseph Smale was a catalytic figure in the church life of Los Angeles leading many towards the Promised Land of Pentecostal blessing in 1905-1906 although his subsequent experiences led him to retreat from the burgeoning Pentecostal movement. Joseph Smale 1867-1926 was one of the central figures involved in the chain of events leading to the 1906 Azusa Street revival in Los Angeles. This study presents the diverse influences which impacted Smale's formative years in Britain growing up in Cornwall and Somerset amid a rhythm of Wesleyan revival, reformed theological training under the tutelage of C. H. Spurgeon in London, migration to the United States plus hard experiences in the school of anxiety which were all precursors for Smale's influential role as champion of Pentecostal revival. Smale's leadership will resonate with every church leader who prays for revival and longs for more Holy Spirit power. Experimentally, furthermore, his story is also educative for those contending with some of the more problematic and untidy aspects of Pentecostal Charismatic experience involving painful power struggles, hurts, abuse of freedom, spiritual excesses and so on. Smale's Moses designation and biography still have relevance for the church in the present day. *The Glory of the Spirit in Gregory of Nyssa's Adversus Macedonianos* Piet Hein Hupsch, 2020-08-03. In his commentary on Gregory of Nyssa's *Adversus Macedonianos* Piet Hein Hupsch highlights the carefully composed structure of this work and the important connection between its theological, rhetorical and stylistic elements. In his capacity of *arbitrarius fidei* which was bestowed upon him by the Council of Constantinople in 381, Bishop Gregory wrote this circular letter in the form of a counteraccusation against the Pneumatomachi, developing his Trinitarian

theology of adoration in which the Spirit occupies a central role In a systematic theological synthesis of this work Hupsch shows how the Spirit draws baptised human beings and human language into the relation of the three divine persons the dynamic circle of divine glory of which the Spirit is the personification Engaging the Doctrine of the Holy Spirit Matthew Levering, 2016-07-19 A Distinguished Theologian on the Doctrine of the Holy Spirit Distinguished theologian Matthew Levering offers a historical examination of the doctrine of the Holy Spirit defending an Augustinian model against various contemporary theological views A companion piece to Levering's *Engaging the Doctrine of Revelation* this work critically engages contemporary and classical doctrines of the Holy Spirit in dialogue with Orthodox and Reformed interlocutors Levering makes a strong dogmatic case for conceiving of the Holy Spirit as love between Father and Son given to the people of God as a gift **The Spirit in Public Theology** Vincent E. Bacote, 2010-11-01 In *The Spirit in Public Theology* Bacote shows how Dutch politician and church leader Abraham Kuyper lived a thoroughly Christian life and explains why Christians need to follow Kuyper by taking their faith into the public sphere Identifying the characteristics of a true Christian worldview Bacote demonstrates the need for a public theology that stresses engagement between the church and the world *The Spirit in Public Theology* should be required reading for pastors students and all Christians who want to take their faith beyond the four walls of the Church *The Oxford Dictionary of the Christian Church* Frank Leslie Cross, Elizabeth A. Livingstone, 2005 Uniquely authoritative and wide ranging in its scope *The Oxford Dictionary of the Christian Church* is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader Reformation Letters Michael Parsons, 2018-05-29 *Reformation Letters* is a detailed look at John Calvin's letters which were mostly of a pastoral nature These were letters that define the Reformation and demonstrate Calvin's concerns his strengths and his weaknesses against the background of his own time and contemporaries Here we find Calvin on his own calling and exile from Geneva Calvin on marriage his own and others Calvin's prefatory letter to Francis I of France Calvin's letter to Sadoleto on the nature of the Reformation Calvin on Servetus and the reasons for his trial and execution for heresy and Calvin's letters to those facing death and persecution Trinitarian Pneumatological Personhood

and the Theology of John Zizioulas Ronald L. Adkins, 2023-02-28 In a growing secular society what distinguishes a Christian from a non Christian Is a Christian identified by certain religious and ceremonial activity social action principles or do their relationships identify them as Christian This book suggests that a Christian person is in a continual relationship with the Triune God through the Holy Spirit Furthermore this living relationship reflects the eternal relationship of the Father Son and Holy Spirit because people have been created in the image and likeness of the Triune God This book uses historical theological philosophical and biblical approaches to understand the Christian person Throughout this book the reader will be engaged with the modern Greek theologian John Zizioulas However this book is a study on the person of the Holy Spirit though never separated from the trinitarian relationship who makes a human person a Christian **The Cosmic Breath**

Amos Yong, 2012-05-10 Recent thinking in the interfaith dialogue and in the theology science dialogue have taken a pneumatological turn The Cosmic Breath explores this pneumatological theology as unfolded in the Christian Buddhist dialogue alongside critical interaction with the theology and science conversation As an attempt in comparative and constructive Christian philosophical theology its central thesis is that a pneumatological approach to Buddhist traditions in further dialogue with modern science generates new philosophical resources that invigorate Christian thinking about the natural world and humanity's place in it The result is a transformation of the Buddhist Christian dialogue from insights generated in the theology and science interface and a contribution to the religion and science dialogue from a comparative theological and philosophical perspective A Historical Theology of Worship Elaine Sarah Colechin, 2024-10-29 Why does the church worship as it does Worship is central to the life and vocation of the church Yet the church's understanding of worship is more often connected to practicalities and a congregation's likes or dislikes This book seeks to take the reader beyond the practical to explore where God is in worship and the impact worship should have on the life of the church Through a historical narrative of the evolution of worship in a British Free Church the United Reformed Church and its antecedents the Congregational Church in England and Wales and the Presbyterian Church of England freedom order and participation are identified as the key elements of worship Investigation into their interrelationship develops a theology of worship that is applicable not only to churches of the Free Church tradition in Britain but potentially to the universal church

**The Good Work of Non-Christians, Empowerment, and the New Creation** Stuart C. Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non Christians Have you ever theologically considered the work of non Christians at all Is it possible that God would ever give credence to let alone honor the work of non Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded

theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous

**The Church in a World of Religions** Tom Greggs,2021-12-16 In this collection of essays Tom Greggs explores the nature of the church in a world of many religions Greggs writings on the Church and on other religions emphasize the importance of attentiveness to Christ and the Holy Spirit and both are simultaneously generous and particularist The first part of the book addresses the Church as it is brought into being by the Spirit in glorifying God celebrates the sacraments respects the authority of the creeds is generously Catholic and critiques its own religion The second part looks at the church in a pluralist context as it engages in inter faith dialogue expresses both particularism and universalism speaks of Christ with many names and reads scripture and understands the many covenants found there Greggs offers a programmatic conclusion setting an agenda for theologies of the church and of other religions and their simultaneous relationality

*The Holy Spirit and the Reformation Legacy* Mark J. Cartledge,Mark A. Jumper,2020-09-16 This collection of essays explores the legacy of the Reformation with regard to the person and work of the Holy Spirit Following the five hundredth anniversary of Luther s posting of his ninety five theses these essays consider this legacy with particular reference to the work of Martin Luther and John Calvin as well as broader Reformation themes as they

are related to pneumatology and the life of the church today The contribution of this collection is to tease out and reflect on pneumatology historically but also to relate these findings to contemporary discussions especially among scholars of pentecostal and charismatic Christianity Together these essays invite readers to appreciate the contribution that the Protestant Reformation makes to life in the Holy Spirit today as well as offering critical and constructive reflection on this theme It is a timely and significant contribution to the discussions of the person and work of the Holy Spirit and the church
